Section 2. KRS 208.020 is amended to read as follows:

(1) The juvenile session of the county court of each county shall have exclusive jurisdiction in proceedings concerning any child living, or found within the county who has not reached his eighteenth birthday:

(a) Who has committed a public offense, except a moving motor vehicle offense, involving a child sixteen (16) years of age or older. The court shall not have jurisdiction in any prosecution of a moving motor vehicle offense involving a child sixteen (16) years of age or older. Juvenile offenders sixteen (16) years of age or older accused of moving motor vehicle offenses shall be treated as any adult offender; provided, however, that the term "moving motor vehicle offense" shall not be deemed to include the offense of stealing or converting a motor vehicle nor operating the same without the owner's consent, nor any offense which constitutes a felony; or

(b) Who does not subject himself to the reasonable control of his parents, teacher, guardian or custodian, by reason of being wayward or habitually disobedient; or

(c) Who is an habitual truant from home or from school; or

(d) Who is found by the court to be dependent, neglected, needy or abandoned.

(2) The court of each county wherein a public offense, as defined in paragraph (a) of subsection (1) of this section, is committed by a child who is a resident of another county of this state, shall have concurrent jurisdiction over such child with the court of the county wherein the child resides, or the court of the county where the child is found. Whichever court first acquires jurisdiction of such child may proceed to final disposition of his case, or, in its discretion may make an order transferring the case to the court of the county of his residence, or the county wherein the offense was committed, as the case may be.

(3) The court of each county shall have exclusive jurisdiction of persons charged with violations of KRS 530.060 and 530.070.

(4) The court shall have exclusive jurisdiction of persons who and no person shall wilfully and unnecessarily expose to the inclemency of the weather, or in any other manner wilfully injure in health or limb any child actually or apparently under the age of sixteen (16) years.

(5) The court shall have exclusive jurisdiction of persons who and no person shall for gain or reward employ or cause to be employed, or exhibit, use, or have in his custody for the purpose of exhibiting, or employing, any child actually or apparently under the age of sixteen (16) years, nor shall any person having the care, custody, or control of such child, in any way procure, or consent for gain or reward, to the employment or exhibition of such child, either:

(a) In begging or receiving alms, or in any mendicant occupation;
(b) If the child is a female, in peddling or in any wandering occupation;
(c) In any indecent or immoral occupation or practice;
(d) In the exhibition of any such child when insane, or idiotic; or
(e) In any practice or exhibition of unusual danger to life, limb, health or morals of the child.

(6) Nothing in this chapter shall deprive other courts of the jurisdiction to determine the custody or guardianship of children upon writs of habeas corpus, or to determine the custody or guardianship of children when such custody or guardianship is incidental to the determination of other causes pending in such other courts; nor shall anything in this chapter affect the jurisdiction of circuit courts over adoptions and proceedings for termination of parental rights. The juvenile court shall have no jurisdiction to make permanent awards of custody of a child, but if the court finds an emergency to exist affecting the welfare of a child, it may make temporary orders for its custody, pending the outcome of proceedings in circuit court to determine its permanent custody. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child, and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the circuit court, awarding custody of such child, all prior orders of the juvenile court in conflict therewith shall be deemed canceled.

*(7) Actions brought under KRS 208.020(1)(a) shall be considered to be delinquency actions.*

*(8) Actions brought under KRS 208.020 (1)(b) and (c) shall be considered to be status actions.*

*(9) Actions brought under KRS 208.020(1)(d) shall be considered to be dependency actions.*

Section 3. KRS 208.060 is amended to read as follows:

(1) All cases involving children brought before the court shall be granted a speedy hearing and shall be dealt with by the juvenile court at separate hearings and without a jury. The hearings may be conducted in an informal manner. The general public shall be excluded and only the immediate families *or guardians* of the parties before the court, witnesses necessary for the prosecution and defense of the case, the probation worker with direct interest in the case, those persons enumerated under KRS 208.040, such persons admitted as the judge shall find have a direct interest in the case or in the work of the court, and such other persons as agreed to by the child and his attorney may be admitted to the hearing. Witnesses shall be admitted to the hearing only for the duration of their testimony.

(2) Juvenile proceedings shall consist of two distinct hearings, an adjudication and a disposition, which may, upon motion of the child, be held on separate days.

(a) The adjudication shall determine the truth or falsity of the allegations in the petition and shall be made on the basis of an admission or confession of the child to the court or by the taking of evidence.

(b) Upon motion by any child brought before the court on a petition under KRS 208.020 (1) (a), (b), or (c), the Rules of Criminal Procedure shall apply to all matters involved in the adjudication of the case. All adjudications shall be supported by evidence beyond a reasonable doubt.

(c) After adjudication, *a determination by the court that detention pending disposition is necessary shall be based on a finding of the court by a preponderance of the evidence that the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community* [the court shall determine whether the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community and warrant his detention pending the disposition].

(d) The disposition shall determine the action to be taken by the court on behalf of, and in the best interest of, the child. Unless the provisions of subsections (3) and (4) are observed by the court, the disposition shall be limited to an informal adjustment of the matter between the parties and the court. The provisions of subsections (3) and (4) shall be conditions precedent to any commitment, court-ordered probation, restitution, or other disposition enforceable by the authority of the court. No public or private agency or body, or party before the court, shall [be required to] participate in any order of the court unless it receives from the court a verified statement, signed by the juvenile judge, that the rights enumerated in subsections (3) and (4) were granted to the child during the proceedings in juvenile court.

(3) Before commencing a hearing and proceeding to determine the truth or falsity of the allegations in a petition filed with the court under KRS 208.020 (1) (a), (b), or (c), the court shall decide, on the basis of a preliminary inquiry made by the court, whether or not the best interest of the child indicates that the petition should be dismissed and the child's case adjusted informally among the parties. An informal adjustment may be made at any time during the proceedings. All petitions brought under KRS 208.020 (1) (a), (b), or (c) shall receive this consideration by the court. No petition shall be brought against the child as a result of information given to the court by the child as part of an informal adjustment. If the court finds it necessary to extend the discussion, during an informal adjustment, beyond the immediate subject matter of the complaint before it, the child and his parents, relative, guardian, or custodian shall be advised of all the rights under this subsection. If the court determines that a formal proceeding is required to determine the truth or falsity of the allegations against the child, a petition, sworn to by the complainant, shall be required pursuant to KRS 208.070 (1) and (2), and the court shall, when the child is brought before the court:

(a) Explain to the child and his parents, relative, guardian, or custodian their respective rights to counsel and, if the child and his parents, relative, guardian, or custodian are unable to obtain counsel, shall appoint counsel for the child and may appoint counsel for the parents, relative, guardian, or custodian;

(b) Explain the privilege against self-incrimination by saying that the child, parents, relative, guardian, or custodian may remain silent concerning the charges against the child, and that anything said may be used against the child and result in his commitment to *the department or* an institution for juvenile delinquents;

(c) Explain the right to confront anyone who has accused the child and to cross-examine that person on the allegations made against the child;

(d) Advise the child and his parents, relative, guardian, or custodian of the right to appeal from a determination of the court;

(e) Advise the child that these rights belong to him and may not be waived by his parents, relative, guardian, or custodian.

(4) At the disposition of a child adjudicated on a petition brought pursuant to KRS 208.020 (1) (a), (b), or (c), all information helpful in making a proper disposition, including oral and written reports, may be received by the court *in compliance with KRS 208.060(2)(d)* and relied upon to the extent of their probative value, provided that the parties or their counsel shall be afforded an opportunity to examine and controvert the reports and cross-examine the individuals making the reports.

(5) In the case of any child brought before the court on a petition under KRS 208.020 (1) (d), the rules of evidence and procedure described in subsection (3) of this section shall apply.

Section 4. KRS 208.110 is amended to read as follows:

(1) The law relating to the persons by whom and the circumstances under which a person may be arrested for a public offense shall be applicable to children, but the taking of a child into custody under such law shall not be termed an arrest, and a child after having been so taken into custody shall be dealt with as provided in KRS 208.010 to 208.540. The law relating to bail shall not be applicable to children detained in accordance with KRS 208.010 to 208.540.

(2) When a child is taken into custody by a person other than a peace officer, on a charge of committing a public offense, such person shall as soon as possible place the child in the custody of a peace officer.

(3) When a peace officer has taken or received a child into custody on a charge of committing an offense, under the provisions of KRS 208.020 (1) (a), (b), or (c) the officer shall immediately notify the parent, or if the parent is not available, then a relative, guardian, or custodian of the child, that the child has been detained, give an account of specific charges against the child, including the specific statute alleged to have been violated, and the reasons for the detention, and state the time and place of the detention hearing. Unless the nature of the offense or other circumstances are such as to indicate the necessity of keeping the child in secure custody, the officer shall release the child to the custody of his parent or other responsible adult upon the written promise, signed by such person, to bring the child to the court at a stated time or at such time as the court may direct. The written promise, accompanied by a written report by the officer, shall be submitted to the court forthwith. If the person fails to produce the child as agreed or upon notice from the court, a petition, warrant, or both may be issued for the apprehension of the person or of the child, or both.

[(4) If the child is not released as provided in subsection (3) of this section, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. If taken to the detention facility, the officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention. When a child is detained in any way or for any reason, there shall be a hearing held within forty-eight hours, exclusive of Sunday, of the commencement of detention to determine whether or not there is reasonable cause to believe that an offense has been committed and that the detained child committed the offense. The Commonwealth shall bear the burden of proof, and if it shall fail to establish such reasonable cause, the child shall be released and the complaint dismissed. If such reasonable cause is established, the court shall then determine whether or not the circumstances surrounding the child are such as to endanger its safety or welfare or that of the community. The Commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence. Upon such showing of proof and order of the court, the child shall be detained until such time as the court may withdraw the order for detention or make a speedy disposition in the child's best interest. Unless such a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible person pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.]

[(5) Whether the child is released before or after a hearing, or is detained as the result of such a hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least forty-eight hours prior to the initial hearing on the case.]

Section 5. KRS 208.130 is amended to read as follows:

(1) The fiscal court of each county shall provide for a suitable facility or facilities for the *custody and care* [detention] of children held in custody pending disposition of their cases by the juvenile court, and may employ necessary personnel for the operation thereof.

(2) In counties containing a city of the first or second class, the fiscal court shall maintain a permanent detention home, either through arrangement with another public agency or with a private organization or agency, or by acquiring and operating the home as a county institution.

(3) In counties other than those containing a city of the first or second class, the fiscal court shall either maintain a detention home or arrange for the use of private or family homes.

(4) The department may assist the counties in the acquisition, development and furnishing of detention facilities, and may employ available funds for that purpose. The detention facilities may be subject to the supervision of the department, and shall conform to rules and regulations prescribed by the department.

(5) Each detention facility shall be conducted under the jurisdiction of the juvenile court for which it is maintained and each child detained in such facility shall be deemed to be under the jurisdiction of the court.

(6) The fiscal court of any county may arrange with the department for the use of its regional reception-diagnostic centers for those cases pending before the juvenile court of its county. The fiscal court is authorized to make such payments as agreed upon with the department for the use of the services and facilities. The use of the department's regional reception-diagnostic centers by the individual juvenile courts shall not give such juvenile courts jurisdiction over the department's regional reception-diagnostic centers.

Section 6. KRS 208.170 is amended to read as follows:

(1) If, *prior to an adjudicatory hearing* [during the course of any proceeding] in the juvenile court, it appears to the court that there is reasonable cause to believe that a child before the court has committed a felony, and at the time of commission of the offense the child was sixteen (16) years of age or older, or was less than sixteen (16) years of age but the offense was a class A felony or a capital offense, and the court is of the opinion that the [best interests of the child and of the public require that the] child be tried and disposed of under the regular law governing crimes, the court *shall conduct a separate hearing to determine if the case should be transferred* [in its discretion may make an order transferring the case] to the circuit court of the county in which the offense was committed. No child shall be considered a felon for any purpose until transferred to, tried and convicted of a felony by a circuit court.

*(2) The hearing held to consider the transfer of a juvenile to the circuit court shall determine if there is probable cause to believe that an offense was committed and that the child committed the offense.*

*(3) If the court determines that probable cause exists, it shall then determine if it is in the best interest of the child and the community to order such a transfer based upon the seriousness of the alleged offense; whether the offense was against person or property, with greater weight being give to offenses against persons; the maturity of the child as determined by his environment; the child's prior record; and the prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child by the use of procedures, services, and facilities currently available to the juvenile justice system.*

*(4) If, following completion of the transfer hearing, the court is of the opinion that the best interest of the child and of the public would be protected by such transfer, the order of transfer shall state the reason for such transfer.*

*(5)* [(2)] When the juvenile court so transfers a case to the circuit court:

(a) If a grand jury considers the case and is satisfied there is sufficient evidence to indict the child, *it shall be instructed that* it may either return an indictment or may return a written report to the circuit court recommending that the child be *transferred to the juvenile court* [committed to the department]. If the court believes that such *transfer* [commitment] would be proper, it may order the child *transferred* [committed] to the *juvenile court* [department].

(b) *If an indictment is returned, the court may in its discretion order the case transferred to the juvenile court.* [If, during any stage of the trial in the circuit court, the child or his parent or guardian so requests, the judge in his discretion may stop the trial and commit the child to the department.]

(c) If *an indictment is returned and the court does not transfer the case to juvenile court* [neither of the procedures specified in paragraphs (a) and (b) of this subsection are employed], the child shall be tried as any other defendant.

(d) While under the jurisdiction of the circuit court, the child shall be subject to bail the same as an adult.

[(e) Any commitment to the department under paragraph (a) or (b) of this subsection shall be for an indeterminate period not to exceed the age of twenty-one (21).]

Section 7. KRS 208.180 is amended to read as follows:

(1) If a child tried on a felony charge in the circuit court, under paragraph (c) of subsection *(5)* [(2)] of KRS 208.170 is convicted of a felony, and sentenced to imprisonment, he shall be committed to the *custody of the bureau of corrections* [penitentiary], except that in the case of a child who is under eighteen (18) years of age at the time of sentencing, the court in its discretion may commit the child to the department. In such case, if the period of the sentence imposed by the verdict would expire before the child reaches twenty-one (21) years of age, the commitment to the department shall be for an indeterminate period not to exceed the age of twenty-one (21). If the period of the sentence imposed by the verdict would extend beyond the age of twenty-one (21), the commitment shall be to the department until the age of twenty-one (21), and thereafter to the *custody of the bureau of corrections* [penitentiary]. In the latter case, if the child is out on parole at the time he becomes twenty-one (21), he may be transferred to supervision of adult parole officers. However, if the parole is revoked he shall be returned to the *custody of the bureau of corrections* [penitentiary] and shall thereafter be dealt with the same as an adult sentenced to the penitentiary.

(2) If a child tried on a felony charge in the circuit court, under paragraph (c) of subsection *(5)* [(2)] of KRS 208.170 is convicted of a misdemeanor, and sentenced to imprisonment, he shall be committed to the county jail, except that in the case of a child who is under eighteen (18) years of age at the time of sentencing, the court in its discretion may commit the child to the department, for an indeterminate period not to exceed the age of twenty-one (21) years.

Section 8. KRS 208.200 is amended to read as follows:

(1) If in its decree the juvenile court finds that the child comes within the purview of subsections (1) or (2) of KRS 208.020, the court may, by order:

(a) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. Probation or supervision shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. A child so placed on probation or supervision shall remain subject to the jurisdiction of the juvenile court until he becomes twenty-one (21) years of age, unless he is discharged prior thereto by the court.

(b) Commit the child to the custody or guardianship of a private or public institution or agency other than the department authorized to care for such children, or under the guardianship of a suitable person. Such commitment shall be until the age of twenty-one (21) subject to the power of the court to discharge the child prior thereto, or of the governing authorities of said agency or institution to do so upon notice to the court. In committing a child to a private institution or agency the court shall select one that is approved by the department for human resources and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

(c) Commit the child to the department. Such commitment shall be for an indeterminate period not to exceed the age of twenty-one (21).

(2) If, in its decree, the juvenile court finds that the child comes within the purview of subsection (1) or (2) of KRS 208.020, the court may dispose of the child as provided in subsection (1) of this section, except that if a child comes within the purview of paragraph (d) of subsection (1) of KRS 208.020, the court may not commit the child to the department unless the department has indicated to the court that it has facilities and funds available to care for the child and is willing to accept the commitment.

(3) In the event a child who has not reached his eighteenth birthday commits a new offense while a ward of the department, the court shall have exclusive, original jurisdiction of the new offense, and may modify all previous orders, including that committing the child to the department. Nothing in this section shall limit the jurisdiction of any other court in assuming jurisdiction of wards of the department between the ages of eighteen (18) and twenty-one (21) years who have committed another public offense after attaining the age of eighteen (18).

(4) If a child is disposed of as provided in paragraph (a) or (b) of subsection (1) of this section the court may modify or set aside its order at any time, and direct that the child be otherwise disposed of, in accordance with this chapter, except that after a child has been disposed of as provided in paragraph (a) or (b) of subsection (1) of this section he may not then be transferred to the circuit court as provided for in KRS 208.170.

*(5) If a child sixteen (16) years of age or older has been adjudicated delinquent in the commission of an offense classified as a misdemeanor or violation, the court in its discretion may order as follows:*

*(a) Participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. The program shall be appropriate to the age level and physical ability of the child and shall be combined with counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with educational, occupational, or religious obligations of the child. Assignment to a community services work program shall be made to a governmental or nonprofit community organization for a specified period of time, not to exceed one hundred and twenty (120) hours for a child adjudicated delinquent in the commission of a class A misdemeanor, not to exceed eighty (80) hours for a child adjudicated delinquent in the commission of a class B misdemeanor, and not to exceed forty (40) hours for a child adjudicated delinquent in the commission of an offense classified as a violation under the penal code. A child may be directed to participate in a community services work program as provided in this subsection for the purposes of restitution authorized by KRS 208.240.*

*(b) The court may impose a fine for a misdemeanor or violation offense. *(c) Fines shall be levied consistent with the schedule set forth below:*

*For a class A misdemeanor, not to exceed $150;*

*(6) When a child has been ordered to comply with the provisions in subsection (5) above and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require the child to show cause why he should not be held in detention for noncompliance with the court order. The court may issue an order of custody or a summons for his appearance.*

*(7) Following issuance of a show cause order pursuant to subsection (6) above, unless the child can show that noncompliance was not the result of an intentional refusal to comply with the court order or not the result of a failure to make a good faith effort to comply with the court order, the court may order the child detained as follows:*

*(a) For a period not to exceed five (5) days if the order is imposed for the commission of a Class A misdemeanor;*

*(b) For a period not to exceed three (3) days if the order is imposed for the commission of a Class B misdemeanor;*

*(8) When in the judgment of the court a disposition stated above in subsection (5) is inadequate to aid in the rehabilitation of a misdemeanor offender, the court in its discretion may order a child sixteen (16) years of age or older who has been adjudicated delinquent in the commission of an offense classifed as a misdemeanor to detention in an approved detention facility as provided in KRS 208.130 based upon the schedule set forth below:*

*Class A misdemeanor, 1 to 30 days*

Section 11. KRS 208.290 is amended to read as follows:

A case history for each child shall be prepared during his period of observation and study in the reception center. Upon the basis of study and observation in the reception center, the department shall make a recommendation as to the character of treatment or disposition which should initially be provided for the child.
(2) The regional reception-diagnostic centers established by the department may also be utilized as detention and evaluation facilities for children whose cases are pending final disposition of the juvenile court. This use of the facilities shall be made pursuant to agreement between the department and the individual fiscal courts.

Section 13. KRS 208.460 is amended to read as follows:
If it appears that a child committed to the department is mentally ill or defective, the department may use state mental hospital facilities or other resources for observation of mental conditions. *This period of observation shall not exceed thirty (30) days. After thirty (30) days, the child shall be removed or a mental inquest proceeding through circuit court shall be obtained pursuant to the appropriate provisions of KRS Chapter 202.* If it appears from such observations that the child requires treatment or hospitalization for mental illness or defect, the department shall cause proceedings to be instituted pursuant to the appropriate provisions of KRS chapter 202.

Section 14. KRS 208.510 is amended to read as follows:
Any child committed to the department who is placed on *supervised placement from a residential treatment facility* [parole] by the department and who violates the terms or conditions of *supervised placement* [parole] may be apprehended and returned to active custody of the department by any probation officer of the department or by any peace officer on direction of the department, *provided that an administrative hearing has been held by persons designated by the department to hear such matters at which time the child and parents shall be given an opportunity to be heard and be represented by counsel.*

Section 15. KRS 208.540 is amended to read as follows:
Any peace officer who conveys a child from the committing court or from the detention facility of the committing court to an institution or facility operated by the department shall be allowed *an amount prescribed by regulation adopted by the executive department for finance and administration* [ten cents (10¢) per mile,] calculated by the nearest traveled route, and shall be paid for all necessary expenses for feeding, lodging and transporting the child. The officer shall make out a full account of all expenses so incurred by him and give the distance traveled. The account shall be verified by the officer upon oath before the county court and certified by the county clerk to the department, for payment out of funds appropriated for the purpose.

SECTION 16. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:
(1) If child is not released as provided in subsection (3) of KRS 208.110, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. The officer shall as soon as

possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention.

(2) When a child is detained for the alleged commission of an offense as provided in KRS 208.020(1)(a), (b), and (c) and not released, a hearing shall be held as soon as practical, but not to exceed seventy-two (72) hours, exclusive of Sunday, and legal holidays, of the commencement of detention.

(3) The child shall be afforded all constitutionally guaranteed rights at every stage of the proceedings including, but not limited to notice of the charges, the privilege against self-incrimination, the right to confront and cross-examine witnesses and the right to counsel.

(4) The hearing shall address the following issues:

(a) If there is probable cause to believe that an offense has been committed and that the accused child committed that offense. The commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence, and if it should fail to establish such probable cause, the child shall be released and the complaint dismissed;

(b) Whether further detention is necessary to assure the safety of the child, protection of the community, and the appearance of the child in court;

(c) In determining detention for offenses provided in KRS 208.020, the court shall consider the seriousness of the alleged offense; the possibility that the child would commit and offense dangerous to himself or the community pending disposition of the original offense; the child's prior record, if any; and whether there are charges pending against the child in another jurisdiction;

(d) In determining detention for offenses provided in KRS 208.020(1)(b) and (c), the court shall consider the availability of a parent, guardian or responsible adult, court-appointed supervisory or probation personnel, or foster care or emergency shelter care facilities that would insure the control and safety of the child; and the availability of adequate and secure detention facilities which would provide segregated detention for the child. Secure detention for status offenders is to be used in only those cases when the court is of the opinion that other alternatives are either not available or cannot provide the degree of control and safety necessary to assure the safety and security of the child.

(5) If, after completion of the detention hearing the court is of the opinion that detention is necessary, the order shall state in writing the specific reasons for detention and the nature of the detention.

(6) Unless a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible persons pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.

(7) Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least seventy-two (72) hours prior to the initial hearing on the case.

*(d) Improvements to and on the land that relate to the production of income;*

*(e) Row crop capability including allotted crops;*

*(f) Accessibility to all-weather roads and markets; and*

*(g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.*

(10) "Deferred tax" means the difference in the tax based on agricultural or horticultural value and the tax based on fair cash value.

(11) "Homestead" means a single family dwelling with all land and improvements adjoining and contiguous thereto including, but not limited to lawns, drives, flower or vegetable gardens, outbuildings and all other land connected to the single family dwelling.

(12) "Single unit residence" means a residence which is private—herein an individual or family lives. This does not include an apartment or duplex but does include a condominium unit owned and occupied on an individual basis.

(13) "Special benefits" are those which are provided by public works not financed through the general tax levy but through special assessments against the benefited property.

Section 2. KRS 132.450 is amended to read as follows:

(1) Each property valuation administrator shall assess at its fair cash value all property which it is his duty to assess except as provided in paragraph (g) of subsection (2) of this section. In the case of securities which are regularly bought and sold through stock exchanges, the price at which such property closed on the last regular business day preceding the assessment day shall be prima facie evidence of the fair cash value of such property. The property of one (1) person shall not be assessed wilfully or intentionally at a lower or higher relative value than the same class of property of another, and any grossly discriminatory valuation shall be construed as an intentional discrimination. The property valuation administrator shall make every effort, through visits with the taxpayer, personal inspection of the property, from records, from his own knowledge, from information in property schedules, and from such other evidence as he may be able to obtain, to locate, identify, and assess property.

(2) (a) On or before April 1 of *any* [each] year the owner or owners of land devoted exclusively to agricultural or horticultural use [for at least five (5) successive years preceding the tax year and] on which the property valuation administrator has placed a value in excess of the agricultural or horticultural value may file application for valuation at the agricultural or horticultural value with the property valuation administrator of the county in which the land is located, on forms prescribed by the department. *This application shall be valid until the property is transferred or the land use is changed; however, the owner may elect to have the subject property assessed as other than agricultural or horticultural land for any year or years by filing a statement to that effect with the property valuation administrator prior to the close of the five (5) day period beginning on the first Monday in June.* In determining the total area of such land, there shall be included the area of all land under farm buildings, greenhouses and like structures, lakes, ponds, streams, irrigation ditches and similar facilities, and garden plots devoted to growth of products for on-farm personal consumption but there shall be excluded, land used in connection with dwelling houses including, but not limited to, lawns, drives, flower gardens, swimming pools or other areas devoted to family recreation. Where contiguous land in agricultural or horticultural use in one (1) ownership is located in more than one county or taxing district, compliance with the minimum requirements shall be determined on the basis of the total area and income of such land and not the area or income of land which is located in the particular county or taxing district.

(b) Land devoted to agricultural or horticultural use, where the owner or owners have petitioned for, and been granted, a zoning classification other than for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.

(c) Real property devoted to agricultural or horticultural use by any corporation other than one organized primarily for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.

(d) When the use of a part of a tract of land which is valued and taxed as agricultural or horticultural land is changed either by conveyance or other action of the owner, the right of the remaining land to be retained in the agricultural or horticultural classification for assessment and taxation shall not be impaired provided it meets the minimum requirements for such classification, except that land on which there has been established a systematic pattern of change of use over a period of two (2) years is excluded from the provisions of paragraph (g) of this subsection.

(e) The owner or owners of land shall not be liable for deferred taxes for any year in which the land was not assessed for agricultural or horticultural use under the provisions of paragraph (g) of this subsection.

(f) Where a change in land use occurs in any tax year the owner of such land shall be subject to the deferred tax provisions of subsection (1) of KRS 132.454 for each of the preceding two (2) tax years in which the land was valued and taxed for agricultural or horticultural purposes.

(g) When in the opinion of the property valuation administrator any land on which an application has been filed, has a value in excess of that for agricultural or horticultural use the property valuation administrator shall enter into the tax records the value of the property according to its fair cash value. When the property valuation administrator determines that the land meets the requirements for valuation as agricultural or horticultural land, the valuation for tax purposes shall be its agricultural or horticultural value.

(h) When an application for valuation of property as agricultural or horticultural is denied, the property valuation administrator shall cause written notice to be served on the property owner in the manner provided by subsection (4) of this section. The property owner may appeal such ruling to the county board of supervisors as provided in KRS 133.120 or in the case of a city or special district to the appropriate appeals body for the city or district.

(3) Notwithstanding any statutory provisions to the contrary, the provisions of this section and KRS 132.454 shall apply to the assessment and taxation of agricultural or horticultural land for state, county, city or special district purposes. Any city may by ordinance establish additional tax procedures which will enable it effectively to administer the provisions of this section and KRS 132.454.

(4) If the property valuation administrator assesses any property, except stocks and bonds at the market value listed in recognized publications, at a greater value than that listed by the taxpayer or assesses unlisted property, the property valuation administrator shall serve notice on the taxpayer of such action. The notice shall be given by first-class mail or as provided in the Kentucky Rules of Civil Procedure.

(5) Any taxpayer may designate on the property schedule any property which he does not consider to be subject to taxation, and it shall be the duty of the property valuation administrator to obtain and follow advice from the department relative to the taxability of such property.

Section 3. KRS 157A.100 is amended to read as follows:

(1) On or before January 1 of each year the department of revenue shall determine the fair cash value of all property subject to assessment for school purposes, including a separate listing of the part of such assessment represented by "net assessment growth" as defined in KRS 132.425, and shall determine the percentage the fair cash value in each district is of the total equalized value of all property in the commonwealth subject to taxation for school purposes and shall certify such information to the superintendent

of public instruction for use in determining the required local tax effort for each district for the fiscal year beginning on July 1, next after such certification. *The certification of the equalized value of agricultural and horticultural property shall be the same valuation as used for tax purposes under the provisions of KRS 132.450.*

(2) The superintendent of public instruction shall for the 1968-69 fiscal year use the aggregate required local tax effort and the required local tax effort for the respective school districts which were determined for use during the 1967-68 fiscal year. For each fiscal year subsequent to 1968-69, the aggregate required local tax effort for the commonwealth shall be the sum of the aggregate required local tax effort for the preceding year plus the amount obtained by multiplying the percentage of net assessment growth, as defined in KRS 132.425, by the aggregate local required tax effort for the preceding year; and the required local tax effort for each district shall be obtained by multiplying each district's percentage of the total equalized value of all property in the commonwealth subject to school taxation for school purposes by the aggregate required local tax effort of the commonwealth.

(3) Any district's levy under KRS 160.470 shall be at such rate as is necessary to provide the required local tax effort.

Section 4. KRS 157.380 is amended to read as follows:

(1) On or before January 1 of each year the department of revenue shall determine the fair cash value of all property subject to assessment for school purposes, including a separate listing of the part of such assessment represented by "net assessment growth" as defined in KRS 132.425, and shall determine the percentage the fair cash value in each district is of the total equalized value of all property in the commonwealth subject to taxation for school purposes and shall certify such information to the superintendent of public instruction for use in determining the required local tax effort for each district for the fiscal year beginning on July 1, next after such certification. *The certification of the equalized value of agricultural and horticultural property shall be the same valuation as used for tax purposes under the provisions of KRS 132.450.*

(2) The superintendent of public instruction shall for the 1968-69 fiscal year use the aggregate required local tax effort and the required local tax effort for the respective school districts which were determined for use during the 1967-68 fiscal year. For each fiscal year subsequent to 1968-69, the aggregate required local tax effort for the commonwealth shall be the sum of the aggregate required local tax effort for the preceding year plus the amount obtained by multiplying the percentage of net assessment growth, as defined in KRS 132.425, by the aggregate local required tax effort for the preceding year; and the required local tax effort for each district shall be obtained by multiplying each district's percentage of the total equalized value of all property in the commonwealth subject to school taxation for school purposes by the aggregate required local tax effort of the commonwealth.

(3) Any district's levy shall be at such rate as is necessary to provide the required local tax effort.

Section 5. This Act shall not be construed to prevent the assessment of sub-surface mineral rights separately from surface rights.

Section 6. If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

**SB 187,** AN ACT relating to the corporation license tax.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 136.070 is amended to read as follows:

(1) With respect to taxable years beginning after December 31, 1965, every corporation organized under the laws of this state, every corporation having its commercial domicile in this state, and every foreign corporation owning or leasing property located in this state or having one or more individuals receiving compensation in this state, except state and national banks and trust companies, savings and loan associations organized under the laws of this state and under the laws of the United States and making loans to members only, production credit associations, insurance companies, including farmers' or other mutual hail, cyclone, windstorm or fire insurance companies, insurers and reciprocal underwriters, public service companies subject to taxation under KRS 136.120, and religious, educational, charitable and like corporations not organized or conducted for pecuniary profit, shall pay to the state an annual license tax of seventy cents on each one thousand dollars of the capital employed in the business as computed under the provisions of subsections (2), [and] (3) *and (4)* of this section.

(2) The corporation shall determine its total capital, both within and without Kentucky. The term "capital" as used in this section includes, but is not limited to, capital stock, surplus, monies borrowed for purposes other than current operating expenses and used in lieu of or in addition to invested capital and earned surplus, advances by affiliated companies, intercompany accounts, or any other items representing additional capital used and employed in the business. The term "capital stock" as used in this section, shall be deemed to have such value as is reflected on the books of the corporation whether having par value or not.

(3) The total capital, as determined under subsection (2) *and (4)* of this section, shall be apportioned as follows:

(a) The total capital shall be multiplied by a fraction, the numerator of which is the property factor plus the payroll factor, plus the sales factor, and the denominator of which is three (3).

(b) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.850 shall be excluded from the property factor.

1. Property owned by the taxpayer is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero such property shall be valued by the department under regulations promulgated by the department. Property rented by the taxpayer is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals, provided that such rental and such subrentals are reasonable. If the department determines that the annual rental or subrental rate is unreasonable, or if nominal or zero rate is charged, the department may determine and apply such rental rate as will reasonably reflect the value of the property rented by the taxpayer.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the department may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

(c) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid or payable everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state; or

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(d) The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Sales of tangible personal property are in this state if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale; or

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government.

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

*(4) In the case of the parent or subsidiary member of a "parent-subsidiary controlled group" as defined by IRC Section 1563(a)(1), the parent and subsidiary corporations shall be considered as one corporation, for purposes of determining and apportioning total capital.*

*(5)* [(4)] If the apportionment provisions of this section do not fairly measure the taxpayer's capital in this state, the taxpayer may petition for or the department may require:

(a) The exclusion of any one or more of the factors;

(b) The inclusion of one or more additional factors which will fairly measure the taxpayer's capital in this state; or

(c) The employment of any other method to produce an equitable apportionment of the taxpayer's capital.

*(6)* [(5)] No corporation required to pay an annual license tax under this section shall pay less than ten dollars.

**SB 203,** AN ACT relating to revenue and taxation.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

## PART I

Section 1. KRS 141.020 is amended to read as follows:

(1) An annual tax shall be paid for each taxable year by every resident individual of this state upon his entire net income as defined in this chapter. The tax shall be determined by applying the rates in subsection (2) to net income and subtracting allowable tax credits provided in subsection (3).

(2) The following rates shall be applied to net income:

(a) Two percent of the amount of net income not exceeding three thousand dollars;

(b) Three percent of the amount of net income in excess of three thousand dollars but not in excess of four thousand dollars;

(c) Four percent of the amount of net income in excess of four thousand dollars but not in excess of five thousand dollars;

(d) Five percent of the amount of net income in excess of five thousand dollars but not in excess of eight thousand dollars;

(e) Six percent of the amount of net income in excess of eight thousand dollars.

(3) The following tax credits, when applicable, shall be deducted from the result obtained under subsection (2) to arrive at the annual tax;

(a) Twenty dollars for an unmarried individual;

(b) Twenty dollars for a married individual filing a separate return and an additional twenty dollars for the spouse of taxpayer if a separate return is made by the taxpayer and if the spouse, for the calendar year in which the taxable year of the taxpayer begins, had no Kentucky gross income and is not the dependent of another taxpayer; or forty dollars for married persons filing a joint return, provided neither spouse is the dependent of another taxpayer. The determination of marital status for the purpose of this section shall be made in the manner prescribed in section 153 of the Internal Revenue Code;

(c) Twenty dollars credit for each dependent. No credit shall be allowed for any dependent who has made a joint return with his spouse;

(d) An additional *forty* [twenty] dollars credit if the taxpayer has attained the age of sixty-five before the close of the taxable year;

(e) An additional *forty* [twenty] dollars credit for taxpayer's spouse if a separate return is made by the taxpayer and if the taxpayer's spouse has attained the age of sixty-five before the close of the taxable year, and, for the calendar year in which the taxable year of the taxpayer begins, has no Kentucky gross income and is not the dependent of another taxpayer;

(f) An additional *forty* [twenty] dollars credit if the taxpayer is blind at the close of the taxable year;

(g) An additional *forty* [twenty] dollars credit for taxpayer's spouse if a separate return is made by the taxpayer and if the taxpayer's spouse is blind, and, for the calendar year in which the taxable year of the taxpayer begins, has no Kentucky gross income and is not the dependent of another taxpayer;

(h) In the case of nonresidents, the tax credits allowable under this subsection shall be that proportion of those permitted therein that is represented by the ratio of the taxpayer's Kentucky adjusted gross income as determined by KRS 141.010 (10), without the adjustments contained in (a) and (b) of that subsection, to his adjusted gross income as defined in section 62 of the Internal Revenue Code. However, in the case of a married nonresident taxpayer with income from Kentucky sources, whose spouse has no income from Kentucky sources, the taxpayer shall determine allowable tax credit(s) by either:

1. the method contained above applied to his tax credit(s), excluding credits for a spouse and dependents, or

2. prorating his tax credit(s) plus the tax credits for his spouse and dependents by the ratio of his Kentucky adjusted gross income as determined by KRS 141.010 (10), without the adjustments contained in (a) and (b) of that subsection, to the total joint federal adjusted gross income of the taxpayer and his spouse;

(i) In the case of an individual who becomes a resident of Kentucky during the taxable year, the tax credits allowable under this subsection shall be that portion of those permitted therein that is represented by the ratio of the taxpayer's Kentucky adjusted gross income as determined by subsection (10) of KRS 141.010, without the adjustments contained in paragraphs (a) and (b) of that subsection, to his adjusted gross income as defined in section 62 of the Internal Revenue Code;

(j) In the case of a fiduciary, other than an estate, the allowable tax credit shall be two dollars;

(k) In the case of an estate, the allowable tax credit shall be twenty dollars;

(l) An additional twenty dollars credit if the taxpayer is a member of the Kentucky national guard at the close of the taxable year.

(4) An annual tax shall be paid for each taxable year as specified in this section upon the entire net income except as herein provided, from all tangible property located in this state, from all intangible property that has acquired a business situs in this state, and from business, trade, profession, occupation or other activities carried on in this state, by natural persons not residents of this state. A nonresident individual shall be taxable only upon the amount of income received by him from labor performed, business done or from other activities in this state, from tangible property located in this state, and from intangible property which has acquired a business situs in this state; provided, however, that the situs of intangible personal property shall be at the residence of the real or beneficial owner and not at the residence of a trustee having custody or possession thereof. The remainder of the income received by such nonresident shall be deemed nontaxable by this state.

(5) Subject to the provisions of KRS 141.081 [and KRS 141.082], any individual may elect to pay the annual tax imposed by *Section 2 of this Part* [KRS 141.025] in lieu of the tax levied under this section.

(6) An individual who becomes a resident of Kentucky during the taxable year is subject to taxation as prescribed in subsection (4) of this section prior to establishing such residence and as prescribed in subsection (1) of this section following the establishment of such residence.

(7) An individual who becomes a nonresident of Kentucky during the taxable year is subject to taxation, as prescribed in subsection (1) of this section, during that portion of the taxable year that he is a resident and, as prescribed in subsection (4) of this section, during that portion of the taxable year when he is a nonresident.

SECTION 2. A NEW SECTION OF KENTUCKY REVISED STATUTES IS CREATED TO READ AS FOLLOWS:

Any individual whose adjusted gross income for the taxable year for which the return is filed does not exceed eight thousand dollars ($8,000) may elect to compute his annual tax under this section. This annual tax shall be determined by deducting the tax credits authorized by KRS 141.020(3) from the amount indicated by the following table which gives effect to a standard deduction of six hundred and fifty dollars ($650).

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 136.120 is amended to read as follows:

(1) Every railway company, sleeping car company, chair car company, dining car company, gas company, water company, ferry company, bridge company, street railway company, interurban electric railroad company, express company, electric light company, electric power company, telephone company, telegraph company, bus line company, regular route common carrier trucking company, air transport company, pipeline company, common carrier water transportation company, and every other like company or business performing any public service shall annually pay a tax on its operating property to the state and to the extent such property is liable to taxation shall pay a local tax thereon to the county, incorporated city, and taxing district in which its operating property is located.

(2) The property of such taxpayers shall be classified as operating property, nonoperating tangible property, and nonoperating intangible property. Nonoperating intangible property within the taxing jurisdiction of the commonwealth shall be taxable for state purposes only at the same rate as the intangible property of other taxpayers not performing public services, and operating property and nonoperating tangible property shall be subject to state and local taxes at the same rate as the tangible property of other taxpayers not performing public services.

(3) The department of revenue shall have sole power to value and assess all of the property of every corporation, company, association, partnership, or person performing any public service, including those enumerated above and all others to whom this section may apply, whether or not such operating property, nonoperating tangible property, or nonoperating intangible property has heretofore been assessed by said department, and shall, except as provided in subsection (4) of this section, allocate such assessment as provided by KRS 136.170, and shall certify operating property liable to local taxation and nonoperating tangible property to the counties, cities, and taxing districts as provided in KRS 136.180. All of the property assessed by the department pursuant to this section shall be assessed as of December 31 each year for the following year's taxes, and the lien therefor shall attach as of such assessment date. Provided, however, That in the case of a taxpayer whose business is predominantly nonpublic service and the public service business in which he is engaged is merely incidental to his principal business, the department shall in the exercise of its judgment and discretion determine, from evidence which it may have or obtain, what portion of the operating property is devoted to the public service business subject to assessment by the department under this section and shall require the remainder of the property not so engaged to be assessed by the local taxing authorities.

(4) (a) The department of revenue shall likewise have sole power to value and assess all the property within the taxing jurisdiction of this commonwealth of every refrigerator car company, tank car company, coal car company, every like car company, and every irregular route common carrier truck company. *Any other statute to the contrary notwithstanding, the Department of Revenue shall, in determining the proportion of the value of the rolling stock of every irregular route common carrier truck company, apportion the value of such property within the taxing jurisdiction of Kentucky according to the truck mileage performed in Kentucky by such irregular route common carrier* [and may, in determining the proportion of the value of such property within the taxing jurisdiction of Kentucky, take into consideration the car or truck mileage made by the cars or trucks of such companies]. The department shall not certify the assessment of the rolling stock of such companies to any county, city, or taxing district, but shall apportion and certify the operating property, other than rolling stock, to the counties, cities, and taxing districts where such property is located. The rolling stock of such companies shall be taxable for state purposes only at the rate of one dollar ($1.00) upon each one hundred dollars ($100) of value, and shall not be subject to taxation by a county, city, or other taxing district.

(b) The property of taxpayers within the meaning of paragraph (a) of this subsection shall likewise be classified as operating property, nonoperating tangible property, and nonoperating intangible property. The nonoperating intangible property of the companies within the meaning of this subsection which are within the taxing jurisdiction of the commonwealth shall be taxable for state purposes at the same rate as the intangible property of nonpublic service taxpayers.

**SB 277,** AN ACT relating to school taxes.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 132.280 is amended to read as follows:

The assessment made for state purposes, when supervised as required by law, shall be the basis for the levy of the ad valorem tax for county, *school district and all special taxing district* purposes; *except that any special taxing district established within an incorporated city under existing statutory shall continue to use the assessment made for city purposes.*

Section 2. KRS 160.460 is amended to read as follows:

(1) All school taxes shall be levied by the fiscal court of each county. [except in independent school districts embraced by cities of the first four (4) classes. In such districts the tax shall be levied by the governing body of the city.] The tax-levying authority shall levy such ad valorem tax [and such poll tax] as specified by the district board of education within the limits prescribed in KRS *160.470* [160.475], which will obtain for the school district the amount of money needed as shown in such district's general school budget submitted under the provisions of KRS 160.470.

(2) The tax-levying authority shall make an annual school levy not later than July 1. The school levy shall not be made until the general school budget has been received by the tax-levying authority. The failure of the authority to make the levy by the date prescribed shall not invalidate any levy made thereafter.

(3) All school taxes shall be levied on all property subject to local taxation in the jurisdiction of the tax-levying authority. [If the school levy is to be made upon the city assessment as authorized in subsection (1), the clerk of such city shall furnish to the school district or districts which the city embraces, the assessed valuation of property subject to local taxation in the school district, as determined by its tax assessor. If the school levy is to be made upon the county assessment the] *The* county clerk shall furnish to the proper school district or districts the assessed valuation of property subject to local taxation in such district or districts, as certified by the *department of revenue* [Kentucky tax board of tax appeals].

**SB 279,** AN ACT relating to Education.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 160.470 is amended to read as follows:

(1) Each district board of education shall prepare a general school budget on forms prescribed and furnished by the state board of education, showing the amount of money needed for current expenses, debt service, capital outlay, and other necessary expenses of the schools during the succeeding fiscal year, the estimated total amount that will be received from the common school fund and other sources, the assessed valuation of property subject to local taxation in the school district furnished as provided in subsection (3) of KRS 160.460, an estimate made by the department of revenue of public service company assessments and assessments of other property in the school district not furnished under the provisions of subsection (3) of KRS 160.460, and the amount that will be needed to be raised by local taxation, including the rate of levy necessary to raise such an amount.

(2) Notwithstanding any statutory provisions to the contrary, no district board of education shall submit a budget which would require more revenue from local ad valorem taxes than would be produced by application of the *maximum rate that could have been levied in the* preceding year ['s rate] to the preceding year's assessment, exclusive of voted levies and net assessment growth as defined in KRS 132.425, except as provided in subsection (3) of KRS *157A.100* [157.380 and as provided in subsection (4) of this section]. In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) The superintendent of public instruction shall certify to each district board of education, by June 1 of each year, the maximum permissible local ad valorem tax revenue. This amount shall be computed as follows:

(a) The superintendent of public instruction shall determine the total amount of ad valorem tax revenue which would be produced by application of the *maximum tax rate that could have been levied in the* preceding year ['s rate] to the preceding year's assessment.

(b) The superintendent of public instruction shall determine the total amount of ad valorem tax revenue which would be produced by application of the *maximum tax rate that could have been levied the* preceding year ['s effective tax rate] to the net assessment growth in each school district. The net assessment growth as determined in accordance with KRS 132.425 shall be certified to the superintendent of public instruction by the department of revenue by May 20 of each year.

[(c) The superintendent of public instruction shall compile a list of those school districts in which the general fund ad valorem tax for the 1965-1966 school year was levied at a rate less than the $1.50 maximum then authorized by KRS 160.475. The superintendent of public instruction shall then calculate for each such district the revenue that would have been produced for the 1965-1966 school year if such tax had been levied at the $1.50 rate. He shall then re-calculate the maximum permissible local ad valorem tax revenue that would have been authorized for each such district for the 1966-1967, 1967-1968, 1968-1969 and 1969-1970 school years as though the 1965-1966 tax had been levied at the $1.50 rate, including in such re-calculation the revenue that would have been derived from taxation of net assessment growth under paragraph (b) of this subsection and the revenue that would have been derived from any percentage increases actually adopted by the district under subsection (4) of this section. The maximum permissible local ad valorem tax revenue so re-calculated for the 1969-1970 school year shall, for such districts, be deemed the total amount of ad valorem tax revenue to be determined by the superintendent for the 1970-1971 school year under paragraph (a) of this subsection.]

*(c)* [(d)] The sum of the amounts computed under paragraphs (a) and (b) of this subsection shall be the maximum permissible local ad valorem tax revenue for purposes of subsection (2) of this section, except as otherwise therein prescribed.

[(e) Any school district which is not contemplating capital construction and which is eligible for the increase allowed in paragraph (c) of this subsection may elect to take advantage of the increase in equal stages over a period of three years.]

[(4) Notwithstanding the limitations contained in subsection (2) of this section, any district board of education which in preparing its proposed budget deems that it will require an amount of revenue greater than that permitted in subsection (2) of this section may submit to the levying authority for the school years 1966-1967 and 1967-1968 a budget which could require an increase in such revenue of not more than 10 per cent after compliance with the following:

(a) The district board of education shall give notice of any proposed increase in revenue. Notwithstanding any statutory provisions to the contrary, notice shall be given by causing to be published, at least one (1) time in a newspaper of general circulation published in the county or by posting at the courthouse door if there be no such newspaper, the fact that said increase of not exceeding 10 per cent is being proposed. Said advertisement shall state that the district board of education will meet at a place and on a day fixed in the advertisement, not earlier than one (1) week and not later than two (2) weeks from the date of the advertisement, for the purpose of hearing comments and complaints regarding the proposed increase and explaining the reasons for such proposal.

(b) The district board of education shall conduct a public hearing at the place and on the date advertised for the purpose of hearing comments and complaints regarding the proposed increase and explaining the reasons for such proposal.]

*(4)* [(5)] Three (3) copies of the budget shall be filed with the clerk of the tax-levying authority of the district within three (3) days after the district board of education has received its assessment data. The clerk shall present the budget to the proper tax-levying authority when the authority convenes to fix its school levy. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

*(5)* [(6)] Within three (3) days after the tax-levying authority has fixed the tax rate, the district board of education shall forward two (2) copies of the budget to the state board of education for its approval or disapproval. The budget shall be disapproved if it is financially unsound or fails to provide for: (a) Payment of maturing principal of and interest on any outstanding voted school improvement bonds of the school district authorized and issued pursuant to KRS 162.080 and 162.090, with the written approval of the state board of education, or (b) Payment of rentals in connection with any outstanding school building revenue bonds issued for the benefit of the independent school district or county school district, as the case may be, by the appropriate city or county as authorized and provided under the provisions of KRS 162.120 to 162.300, with the written approval of the state board of education, or fails to comply with the law; and the state board of education shall state its reason, or reasons, for such disapproval. In such event the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval.

*(6)* [(7)] If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy in accordance therewith, so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective until approved by the state board of education.

*(7)* [(8)] Each district board of education shall, if required by the state board of education, prepare and submit to it not later than September 15, a close estimate or working budget which shall conform to the rules and regulations prescribed by the state board of education, and which shall be consistent in its major divisions with the general school budget previously prepared.

Section 2. The provisions of this Act shall become effective July 1, 1976.

(1) At or after the time he files his motion for writ of possession, the plaintiff may apply for a temporary restraining order by setting forth in the motion a statement of grounds justifying the issuance of such order.

(2) The judicial officer may issue a temporary restraining order if he determines that plaintiff's motion for writ of possession shows the probability that there is an immediate danger that the property claimed may become unavailable to levy by reason of being transferred, concealed, or removed or may become substantially impaired in value.

(3) If at the hearing on issuance of the writ of possession the judicial officer determines that the plaintiff is not entitled to a writ of possession, the judicial officer shall dissolve any temporary restraining order; otherwise, he may issue a preliminary injunction to remain in effect until the property claimed is seized pursuant to the writ of possession.

Section 14. KRS 425.071 is created to read as follows:

In the discretion of the judicial officer, the temporary restraining order may prohibit the defendant from doing any of the following:

(a) Transferring any interest in the property by sale, pledge, or grant of security interest, or otherwise disposing of or encumbering, the property. If the property is farm products held for sale or lease or is inventory, the order may not prohibit the defendant from transferring the property in the ordinary course of business, but the order may impose appropriate restrictions on the disposition of the proceeds from such transfer.

(b) Concealing or otherwise removing the property in such a manner as to make it less available to seizure by the levying officer.

(c) Impairing the value of the property either by acts of destruction or by failure to care for the property in a reasonable manner.

Section 15. KRS 425.076 is created to read as follows:

(1) A judicial officer, except as otherwise provided by statute, shall not issue an ex parte writ of possession unless it appears from facts shown by affidavit that great or irreparable injury would result to the plaintiff if issuance of the writ were delayed until the matter could be heard on notice.

(2) The requirement of subsection (1) is satisfied if any of the following are known:

(a) A danger that the property sought to be attached would be concealed or placed beyond the process of the court or substantially impaired in value if issuance of the order were delayed until the matter could be heard on notice.

(b) The defendant gained possession of the property by wrongfully taking the property from the plaintiff. This provision shall not apply when the defendant has fraudulently appropriated property entrusted to him or obtained possession by false pretense or by embezzlement.

(c) The property is a credit card.

(d) Any other circumstances showing that great or irreparable injury would result to the plaintiff if issuance of the writ were delayed until the matter could be heard on notice.

(3) The plaintiff's motion for the writ shall satisfy the requirements of Section 2 of this Act and in addition shall include a showing that the conditions required by this section exist. The judicial officer may issue a writ of possession if he finds that the conditions required by this section exist and the requirements of Section 7 of this Act are met. Where a writ of possession has been issued pursuant to this section, a copy of the summons and complaint, a copy of the motion for the writ of possession and any affidavit in support thereof shall be served upon persons required by Section 19 of this Act to be served with a writ of possession.

(2) Pending the hearing on the defendant's motion the judicial officer may order that delivery pursuant to Section 20 of this Act of any property previously levied upon be stayed. Section 17. KRS 425.086 is created to read as follows:

(1) In any case where the plaintiff has made a motion for a writ of possession under Section 15 of this Act the court may in its discretion deny the motion for the writ and issue instead a temporary restraining order under this chapter if it determines that the requirements of subsection (3) of Section 15 of this Act are satisfied but that the issuance of the temporary restraining order instead of the writ of possession would be in the interest of justice and equity to the parties, taking into account the effect on the defendant of issuing a writ of possession ex parte, the effect on the plaintiff of issuing the temporary restraining order instead of the writ and other factors that bear on equity and justice under the circumstances of the particular case.

(2) If the court issues a temporary restraining order under this section, the plaintiff's motion for a writ of possession shall be treated as a motion for a writ of possession under Section 2 of this Act and the plaintiff shall comply with the requirements of service provided in Section 4 of this Act.

Section 18. KRS 425.091 is created to read as follows:

In such case, the judicial officer shall make such orders as may be appropriate.

(2) Notwithstanding subsection (1), where not otherwise provided by contract, upon a showing that the property is perishable or will greatly deteriorate or depreciate in value or for some other reason that the interests of the parties will best be served thereby, the judicial officer may order that the property be sold and the proceeds deposited in the court to abide the judgment in the action.

Section 21. KRS 425.106 is created to read as follows:

(1) The levying officer shall return the writ of possession with his proceedings thereon, to the court in which the action is pending within 30 days after levy but in no event more than 60 days after the writ is issued.

The bond shall be executed by one or more sufficient sureties in an amount not less than twice the value of the property as determined by the judicial officer. This subsection may be satisfied by the posting of a cash bond.

(2) The damages referred to in subsection (1) are all damages sustained by the defendant which are proximately caused by operation of the temporary restraining order and preliminary injunction, if any, the levy of the writ of possession, and the loss of possession of the property pursuant to levy of the writ of possession or in compliance with an order issued under Section 7.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 95.710 is amended to read as follows:

To be eligible for appointment as a member of the police force or fire department of a city of the fourth or fifth class, except cities of the fourth class which have adopted KRS 95.761 to 95.784, a person must be [a citizen of the state], a resident of the county [for at least six (6) months], at least twenty-one (21) years of age, able to read and write the English language intelligibly, and sober, moral and sagacious. No person who has been convicted of a felony is eligible for appointment. After appointment no member shall interfere in any election. [If it is possible to secure such a person, the appointee shall have been a resident of the city for at least six (6) months in addition to the other required qualifications; but should the city legislative body determine a person meeting this added qualification cannot be secured, a residence of six (6) months in the county is sufficient.]

Section 2. KRS 95.762 is amended to read as follows:

(1) The commission shall require all applicants for appointments as members of the police or fire departments to be examined as to their qualifications to fill the office of policeman or fireman, and as to their knowledge of the English language, and as to the law and rules governing the duties of policemen and firemen. Every member of the police or fire department shall be a *resident of the county prior to his appointment* [qualified voter of the city in which appointed], and shall be able to read and write and understand the English language, and have such other general qualifications as may be prescribed.

(2) No person shall be appointed a member of the police or fire departments unless he is well known to be a person of sobriety and integrity, and has been and is an orderly, law-abiding citizen, nor shall any person be appointed as a member of said police or fire departments on account of any political, partisan service rendered by him or on account of political sentiments or affiliations, or who is under twenty-one (21) years of age or over forty (40), unless the applicant has had as much as five (5) years' experience as a regular policeman or fireman and is not over fifty-five (55) years of age. No member of the police or fire departments shall be removed or discharged or reduced in grade or pay for any political partisan opinion. The appointment and continuance upon the police and fire departments shall depend solely upon the ability and willingness of a person to comply with the rules of the said departments and to perform the duties of said departments. No appointment to or continuance as a member of a police or fire department shall be as a reward for political activity nor be obtained by political services or contributions to campaign funds, nor shall any member of said department pay or collect any assessments made by political organizations, or contribute to political campaign funds, or be unduly active in politics or work for the election of candidates for office.

(3) The examination and qualifications provided for in this section shall not apply to the members of the regular police and fire departments at this time, who have been continuously in the service for a period of three (3) years.

(4) Members of police and fire departments otherwise qualified under this law shall hold their positions during good behavior, provided, however, that the provisions of KRS 95.761 to 95.785 shall not prevent the said city legislative body from increasing or decreasing the number of policemen or firemen, as may be deemed proper from time to time, and provided further, that in the event the said city legislative body decreases the number of policemen or firemen, the youngest member in point of service shall be the first to be reduced and returned to the eligible list and to advance according to the rules and regulations of said department.

(5) The civil service commission may provide that appointments for initial permanent employment may be probationary appointments for a period of not more than six (6) months, after which probationary period regular appointments shall be given to all probationary employes who are deemed to be satisfactory by the respective appointing authority.

Section 3. Whereas, it is increasingly difficult to appoint sufficient numbers of police and fire personnel in cities of the fourth and fifth class due to restrictive residency requirements, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

The commission shall prescribe by rules and regulations the types and classes of charges which shall not be changed by any hospital and health facilities and health services except as provided under the provisions of Section 11 of this Act. The commission shall also obtain from all hospitals and health facilities and health services a current rate schedule as well as any subsequent amendments or modifications of that schedule as it may require.

(2) The commission may permit any nonprofit hospital and health facilities and health services subject to the provisions of this Act to charge reasonable rates which will permit any hospital and health facilities and health services to render effective and efficient service in the public interest on a solvent basis.

(3) The commission may permit any proprietary profit-making hospital and health facilities and health services subject to the provisions of this Act to charge reasonable rates which will permit the rendering of effective and efficient service in the public interest and which shall include, sufficient allowance for and provide a fair value of the hospital and health facilities and health services' property and investments directly related to such hospital and health facilities and health services.

(4) In the determination of reasonable rates under the provisions of this section, the commission shall take into account all of the costs of complying with the recommendations of appropriate areawide and state comprehensive planning agencies or their successors in order to comply with regulations adopted by the Kentucky health facilities and health services certificate of need and licensure board.

(5) In considering a request for change in or initiating a review of rate schedules and other charges, the commission may permit any hospital and health facilities and health services subject to the provisions of this Act to charge rates which will in the aggregate produce sufficient total revenue which will enable any hospital and health facilities and health services reasonably to meet all of the obligations and requirements specified under the provisions of this section.

(6) The commission shall apply any reasonable, relevent, or generally accepted accounting principles in determining reasonable rates for any hospital and health facilities and health services subject to the provisions of this Act.

SECTION 11. A NEW SECTION OF KRS CHAPTER 215A IS CREATED TO READ AS FOLLOWS:

(1) From and after July 1, 1977, no hospital subject to the provisions of this Act shall change or amend any schedule of rates and charges of the type and class which may not be changed without prior approval of the commission except in accordance with the following procedure:

(a) Any request for a change in rate schedules or other charges must be filed in writing with such supporting data as the hospital seeking the change deems appropriate. Unless the commission orders otherwise as provided for hereunder, a hospital may not establish such changes except after thirty (30) days prior written notice to the commission. Upon receipt of notice, the commission, if it deems necessary, may hold a public hearing on the proposed change. In this event, a hearing date and place shall be set no later than sixty-five (65) days after receipt of the notice and the commission may suspend the effective date of any proposed change until thirty (30) days after conclusion of the hearing. However, the review of the proposed change may not exceed an overall period of one hundred fifty (150) days from the date of filing. In any such case a formal written statement of the reasons for the suspension will be promptly submitted to the hospital. Unless suspended, any proposed change shall go into effect upon the date specified in the application.

(b) In any case where such action is deemed necessary, the commission shall promptly institute proceedings as to the reasonableness of the proposal. The suspension may extend for a period of not more than thirty (30) days beyond the date the change would otherwise go into effect; provided, however, that should it be necessary, the commission may extend the suspension for an additional thirty (30) days. After the expiration of ninety (90) days the new rate will go into effect, if the commission does not approve, disapprove or modify the request by that time.

(c) In the event the commission modifies the request of a hospital for a change in its rates so that the hospital obtains only a partial increase in its rate schedule, the hospital shall have the right to accept the benefits of the partial increase in rates and charge its patients accordingly without in any way adversely affecting or waiving its right to appeal that portion of the decision and order of the commission which denied the remainder of the requested rate increase.

(d) When any change affecting an increase in rates goes into effect before a final order is entered in the proceedings due to an appeal or other delay, where it deems it necessary and practicable, the commission may order the hospital to keep a detailed and accurate account of all amounts received by reason of the increase in rates and the persons from whom such amounts were received. At the conclusion of any appeal or other proceeding the commission may order the hospital to refund with interest to each such person any part of the increase in rates that may subsequently be held to be excessive or unreasonable. In the event a refund is not practicable, the hospital shall, under appropriate terms and conditions determined by the commission, charge over and amortize by means of a temporary decrease in rates whatever income it realized from that portion of the increase in rates which was subsequently held to be excessive or unreasonable.

(e) The hearing shall be conducted by the commission at which time evidence for and against the requested change may be introduced by any interested party and witnesses may be heard. The hearing may be conducted without compliance with formal rules of evidence.

(f) The commission may, in its discretion, permit any hospital to make a temporary change in rates which shall be effective immediately upon filing and in advance of any review procedure when it deems it in the public interest to do so. Notwithstanding such temporary change in rates, the review procedures set out herein shall be conducted by the commission as soon thereafter as is practicable.

(2) Every decision and order of the commission in any contested proceeding shall be in writing and shall state the grounds for the commission's conclusions. The effects of such orders shall be prospective in nature.

(3) The provisions of subsections 1 and 2 of this section shall apply to all health facilities and health services from and after July 1, 1978.

SECTION 12. A NEW SECTION OF KRS CHAPTER 215A IS CREATED TO READ AS FOLLOWS:

The appeal shall state the grounds whereby the appeal is taken and no new or additional evidence shall be introduced except as to fraud or misconduct on the part of persons connected with or affected by the commission's decision. All parties to the proceeding before the commission and the commission itself shall be made parties to the appeal. A court of competent jurisdiction shall determine if the decision of the commission was supported by findings of fact, if the decision was arbitrary and if the commission acted within its jurisdiction and in conformity with the law.

SECTION 14. A NEW SECTION OF KRS CHAPTER 215A IS CREATED TO READ AS FOLLOWS:

(1) Any hospital and health facilities and health services acting by or through its agents or employes which violates any of the provisions of this Act shall be fined not less than two hundred fifty dollars ($250) nor more than five hundred dollars ($500). Each violation shall constitute a separate offense.

(2) Any hospital and health facilities and health services acting by or through its agents or employes which charges a rate to any patient for services rendered which exceeds the reasonable rate as determined by the commission under the provisions of Section 10 of this Act shall rebate to such patient any such overcharge and be liable for the cost of insuring that the patient overcharged does in fact receive such rebate.

**HR 2,** A CONCURRENT RESOLUTION requesting and petitioning the President and United States Congress to recognize the right of the states to govern their inhabitants.

WHEREAS, this nation's heritage is based upon the fundamental and inalienable right of individual choice, self determination and the democratic process which is being denied to the American people by the federal government's preempting the power of the states; and

WHEREAS, historically the states of these United States have ably demonstrated their capabilities to govern their inhabitants and retain the right to do so today; and

WHEREAS, legislators, state agencies and private citizens find it increasingly burdensome to cope with ever increasing mounds of red tape, countless complex forms, duplicative inspections, conflicting standards, and insurmountable regulations reaching into every aspect of human activity; and

WHEREAS, the enactment and signing into law of legislation requiring the promulgation of countless regulations has resulted in an alarming growth in the federal and state bureaucracies;

NOW, THEREFORE,

*Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:*

Section 1. That the President and the United States Congress cease usurping the authority of the states by passing and signing into law legislation requiring inspections and establishing standards which are duplicative of existing state laws and regulations.

Section 2. That the federal government curtail the excessive promulgation of rules and regulations which necessitate the further growth of federal and state bureaucracies.

Section 3. That the President and the United States Congress respect the separate powers reserved by the states and the right to individual freedom of choice by every citizen.

Section 4. That the Clerk of the Senate transmit a copy of this Resolution to the President of the United States, the President of the Senate of the United States, the Speaker of the House of Representatives of the United States and each member of the Kentucky Congressional delegation.

This information should be given only by an order of the court in which the child was adopted. If no birth certificate is on file for a child born in Kentucky [or another state], the Department for Human Resources shall prepare a certificate of birth in accordance with *the information furnished the department by the clerk of the circuit court which issued the adoption order* [the regular procedure for issuing the birth certificate for a child whose original certificate is on file]. The Department for Human Resources shall furnish to the clerks of the circuit courts the necessary forms to carry out the provisions of this section. In the event the child was born in another state, the order of adoption shall be forwarded to the Department for Human Resources of the state concerned to be changed in accordance with the laws of such state. *In the event the child was born in a foreign country, the report of adoption shall be returned to the attorney or agency handling the adoption for submission to the appropriate federal agency.*

(4) Thereafter when any copy of the certificate of birth of any child is issued it shall be a copy of the new certificate of birth, except when an order of the court granting the judgment of adoption shall request the issuance of the copy of the original certificate of such child's birth.

(5) If any judgment of adoption is reversed, modified or vacated in any particular, the clerk of the circuit court shall notify the department and the Department for Human Resources of such reversal or modification and the effect of same, and thereupon such division shall make such changes, if any, in its records as may be necessary by such reversal or modification.

SECTION 10. A NEW SECTION OF TITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created within the department of insurance a state agency to be known as the Kentucky patients' compensation fund. The funds of the fund shall be maintained separate and apart from the general fund in a trust and agency account, and that portion thereof certified by the commissioner of insurance to the treasurer as being in excess of the immediate needs of the fund shall be invested and reinvested by the treasurer from time to time for the benefit of the fund. The management of the fund shall be vested with the commissioner, and the commissioner shall promulgate rules and regulations to implement the provisions of this section.

(2) Every physician licensed and practicing in Kentucky and every hospital located in Kentucky shall be members of the fund; and any other health care provider as defined in section 2 of this Act may be a member of the fund with the prior written approval of the commissioner. The commissioner may, upon application, grant an exception to participation in the fund by any physician who has a limited practice, or is in such special circumstances that he should not reasonably be required to participate in the fund.

(3) Each member of the fund shall acquire and maintain in force professional liability insurance of not less than one hundred thousand dollars ($100,000) per occurrence and three hundred thousand dollars ($300,000) in the aggregate for all claims occurring in any one (1) policy year, or , as an alternative, qualify as a self-insurer upon making proper application and being approved by the commissioner of insurance.

(4) Self-insurance subject to approval by the commissioner of insurance is effected by filing with the commissioner in satisfactory form:

(a) A continued undertaking by the health care provider or such other appropriate entity to pay any tort liabilities arising from malpractice claims to the first one hundred thousand dollars ($100,000) per incident and to three hundred thousand dollars ($300,000) in the aggregate for all claims occurring in any one year; and

(b) Evidence that appropriate provision exists for prompt and efficient administration of all claims; and

(c) Evidence that reliable financial arrangements, deposits or commitments exist providing coverage substantially equivalent to that afforded by a policy of insurance required in subsection (3) of this section for the payment of malpractice claims.

(5) Each member of the fund shall pay an annual assessment:

(a) The amount of assessment shall be set by the commissioner and shall not exceed per annum ten percent (10%)of the insurance premium required by subsection (3) of this section for health care providers other than hospitals, and for hospitals shall not exceed fifty dollars ($50) per bed.

(b) Every insurer affording coverage to member health care providers other than hospitals required by subsection (3) of this section shall on all policies written or renewed collect a surcharge of ten percent (10%) of the total premium or such lesser amount as determined by the commissioner, and pay the same over to the fund within thirty (30) days of collection. Such surcharge shall be exempt from premium taxes, surplus lines tax, city and county taxes, and from agents' commissions and all other administrative charges by the insurer.

(c) Prior to June 1, 1976, the commissioner of insurance shall assess each member health care provider for the pro rata part of his assessment from July 1, 1976, until the current policy in force expires. The commissioner shall determine by formula a premium that would have been charged to self-insurers and they purchased the insurance required in subsection (3) of this section and assess such self-insurers in accordance therewith; provided, however, that the premium so determined shall not be less than the average premium for all such health care providers of that classification.

(6) If the commissioner determines that a health care provider is unable to acquire the professional liability insurance required by subsection (3) of this section at a premium no greater than three hundred percent (300%) of the average premium then charged for risks of the same class and experience, or at all, and such health care provider is unable or unwilling to qualify as a self-insurer, then the commissioner may provide to such health care provider coverage within the fund for the first one hundred thousand dollars ($100,000) per occurrence and three hundred thousand dollars ($300,000) in the aggregate for all claims occurring in any one (1) policy year, and the commissioner may designate an insurance carrier to act as the servicing carrier for such health care provider and charge as a premium therefor an amount to be determined by the commissioner which shall not exceed three hundred percent (300%) of the average premium then charged for risks of the same class and experience. The number of health care providers which the commissioner may accommodate under this section shall not exceed ten (10) in any one (1) year.

(7) The purposes for which funds from the Kentucky patients' compensation fund may be expended are:

(a) The payment of a judgment against a health care provider who is a member of the fund for any judgment in a malpractice action against such a health care provider in excess of the insurance coverage required by subsection (3) of this section.

(b) A payment in settlement of a malpractice claim against a health care provider in excess of the insurance coverage required pursuant to subsection (3) of this section, provided the settlement has been approved pursuant to subsection (3) of Section 7 of this Act.

(c) All costs incurred by a servicing carrier including payment of judgment and settlements of cases and defense of cases in cases involving coverage allowed by subsection (5) of this section.

(d) Provided, however, that no funds shall be expended in payment or settlement of claims which are not covered by the basic insurance required by subsection (3) of this section; nor shall any funds be expended in payment of claims against a self-insured which would not have been covered had the self-insured acquired professional liability insurance required by subsection (3) of this section.

(8) Claim procedures with respect to claims made against the fund shall include, but not be limited to, the following:

(a) It shall be the responsibility of the insurer or self-insurer providing insurance or self-insurance for a health care provider who is also covered by the fund to provide an adequate defense on any claim filed that potentially affects the fund with respect to such insurance contract or self-insurance contract. The insurer shall act in a fiduciary relationship with respect to any claim affecting the fund. In any judgment affecting the fund, the commissioner may require the defendant health care provider or defendant health care providers to appeal the verdict; provided, however, that the fund shall bear the cost of such appeal when required by the commissioner.

(b) A claimant who has recovered a final judgment or an approved settlement against a health care provider who is covered by the fund shall file a claim with the fund to recover that portion of such judgment or settlement which is in excess of one hundred thousand dollars ($100,000). In the event the fund incurs liability exceeding one million dollars ($1,000,000) to any person under a single occurrence, the fund shall pay not more than one million dollars ($1,000,000) per year until the claim has been paid in full.

(c) Claims filed against the fund shall be paid in the order received within ninety (90) days after filing, unless appealed by the fund. If the fund does not have sufficient money to pay all of the claims, claims received after the funds are exhausted shall be paid out of the general fund of the Commonwealth upon certification of the obligation by the commissioner of insurance to the commissioner of the executive department for finance and administration. Any such funds drawn from the general fund shall be repaid with interest at the legal rate by the Kentucky patients' compensation fund at the earliest practical time as determined by the commissioner of insurance.

(9) All carriers providing professional liability insurance as described in subsection (3) of this section shall notify the commissioner of insurance sixty (60) days prior to the cancellation or non-renewal of insurance for any physician or hospital. The commissioner shall immediately notify the state licensing authority if any physician or hospital fails to meet the requirements of subsection (3) of this section or fails to pay an assessment within thirty (30) days of the time assessment is made. The state licensing authority shall immediately hold a hearing for the physicians or hospital to show cause why the license of the physician or hospital shall not be suspended.

SECTION 11. A NEW SECTION OF TITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

This Act shall become effective July 1, 1976, and shall apply only to malpractice occurring after the effective date.

**SB 249,** AN ACT to establish a medical malpractice liability joint underwriting association.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

SECTION 1. -SUBTITLE 40 OF KRS CHAPTER 304 IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

The declaration of legislative policy of this Act is as follows:

It is hereby declared by the General Assembly of the Commonwealth of Kentucky that the availability of health care liability insurance for physicians and surgeons, dentists, registered nurses, hospitals, and others engaged in providing health care is necessary for the general health and economic welfare of the people; and without such insurance, health care services may be severely curtailed; and that while the need for such insurance is increasing, the supply is not adequate and is likely to become less adequate in the future; and that present plans to provide adequate health care liability insurance in Kentucky have not been sufficient to meet the needs of our citizens. It is further declared that the commonwealth has an obligation to provide an equitable method whereby every insurer licensed to write personal liability insurance in Kentucky be required to meet this market demand. It is the purpose of this article to define this obligation and provide a mandatory program to assure an adequate supply of health care liability insurance coverage in the Commonwealth of Kentucky.

SECTION 2. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

As used in this Act:

(1) "Association" means the Joint Underwriting Association established pursuant to the provisions of this chapter.

(2) "Medical malpractice insurance" means insurance as defined in KRS 304.5-070(1)(j).

(3) "Commissioner" means the commissioner of insurance.

(4) "Net direct premiums" means gross direct premiums written on the lines of insurance set forth in Section 3, subsection (1), of this Act as computed by the commissioner of insurance, less return premiums for the unused or unabsorbed portions of premium deposits.

SECTION 3. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) A temporary Joint Underwriting Association is hereby created, consisting of all insurers authorized to write and engage in writing in this state on a direct basis the following lines of insurance, as reported in the companies' annual statements:

(a) workmen's compensation;

(b) liability other than auto;

(c) private passenger auto liability;

(d) commercial auto liability;

(e) the liability portion of commercial multi-peril policies; and

(f) health insurance including pre paid hospital services contracts, and group or blanket health insurance.

Every such insurer shall remain a member of the Joint Underwriting Association as a condition of its authority to continue to transact such kinds of insurance in this state.

(2) The implementation of the operation of the Joint Underwriting Association shall become effective upon the order of the commissioner. The commissioner shall not order the association to commence underwriting operations until he, after due hearing and investigation, has determined that medical malpractice insurance cannot be made available in the voluntary market for any of the categories defined in Section 3, subsection (3)(a), (b), and (c). The Joint Underwriting Association shall remain in effect for a period of no longer than two and one-half (2 1/2) years from the date that it commences underwriting operations.

(3) For the purposes of the Joint Underwriting Association, three health care provider categories shall be established:

(a) physicians and surgeons;

(b) hospitals; and

(c) all other licensed health care providers.

The commissioner shall hold separate hearings and conduct investigations on each of the three categories of health care providers and determine for each category whether or not medical malpractice insurance is readily available in the voluntary market. If the commissioner finds that insurance is not readily available for any of the categories of health care providers, the Joint Underwriting Association shall commence underwriting operations for that category.

This Act shall not preclude any licensed health care provider from procuring medical malpractice insurance from the voluntary market.

If the commissioner determines at any time that medical malpractice insurance is readily available in the voluntary market for either (a) physicians and surgeons, (b) hospitals, or (c) all other licensed health care providers, the association shall thereby cease its underwriting operations for such category of medical malpractice insurance which he has determined is readily available in the voluntary market.

(4) The association shall, pursuant to the provisions of this Act and the plan of operation with respect to medical malpractice insurance, have the power on behalf of its members:

(a) to issue, or to cause to be issued, policies of insurance to applicants, including incidental coverages and subject to limitations as specified in the plan of operation, but not to exceed one hundred thousand dollars ($100,000) for each claimant under one (1) policy and one million dollars ($1,000,000) for all claimants under one (1) policy in any one (1) year;

(b) to underwrite such insurance and to adjust and pay losses with respect thereto, or to appoint service companies to perform those functions;

(c) to assume reinsurance from its members;

(d) to cede reinsurance; and

(e) to negotiate and obtain in the voluntary market medical malpractice insurance for any health care provider to whom the association has issued or caused to be issued a policy of medical malpractice insurance with the foregoing limits.

SECTION 4. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Within forty-five (45) days following the order of the commissioner implementing the operation of the association, the directors of the association shall submit to the commissioner for his review a proposed plan of operation, consistent with the provisions of this chapter.

(2) The plan of operation shall provide for economic, fair, and nondiscriminatory administration and for the prompt and efficient provision of medical malpractice insurance; and shall contain other provisions including, but not limited to, preliminary assessment of all members for initial expenses necessary to commence operations, establishment of necessary facilities, management of the association, assessment of members to defray losses and expenses, commission arrangements, reasonable and objective underwriting standards, acceptance and cession of reinsurance, appointment of servicing carriers or other servicing arrangements and procedures for determining amounts of insurance to be provided by the association.

(3) The plan of operation shall be subject to approval by the commissioner after consultation with the members of the association, representatives of the public, and other affected individuals and organizations. If the commissioner disapproves all or any part of the proposed plan of operation, the directors shall within fifteen (15) days submit for review an appropriate revised plan of operation or part thereof. If the directors fail to do so, the commissioner shall promulgate a plan of operation or part thereof, as the case may be. The plan of operation approved or promulgated by the commissioner shall become effective upon order of the commissioner.

(4) Amendments to the plan of operation may be made by the directors of the association, subject to the approval of the commissioner, or shall be made at the direction of the commissioner.

SECTION 5. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) All policies issued by the association shall be written for the term of one (1) year. The directors of the association may elect to issue policies on an occurrence basis or a claims made basis. No policy form shall be used by the association unless it has been filed with the commissioner and either (a) he has approved it, or (b) thirty (30) days has lapsed and he has not disapproved it in accordance with KRS 304, subtitle 14.

(2) Cancellation of the association's policies shall be governed by the laws and regulations governing the cancellation of other policies of casualty insurance, except that the association may also cancel any of its policies in the event of nonpayment of any stabilization reserve fund charged, by mailing or delivering to the insured at the address shown on the policy, written notice stating when not less than ten (10) days thereafter cancellation shall be effective.

(3) The rates, rating plans, rating rules, rating classifications and territories applicable to the insurance written by the association and statistics relating thereto shall be subject to Chapter 304, subtitle 13 of the Kentucky Revised Statutes, giving due consideration to the past and prospective loss and expense experience for medical malpractice insurance written and to be written in this state, trends in the frequency and severity of losses, the investment income of the association, and such other information as the commissioner may require. All rates shall be on an actuarially sound basis, giving due consideration to the group retrospective rating plan and the stabilization reserve fund, and shall be calculated to be self-supporting. The commissioner shall make available to the association the loss and expense experience of insurers previously writing medical malpractice insurance in this state.

(4) All policies issued by the association shall be subject to a nonprofit group retrospective rating plan to be approved by the commissioner, under which the final premium for all policyholders of the association as a group will be equal to the administrative expenses, loss and loss adjustment expenses and taxes, plus a reasonable allowance for contingencies and servicing. Policyholders shall be given full credit for all investment income, net of expenses and a reasonable management fee on policyholder supplied funds. The standard premium before retrospective adjustment for each policy issued by the association shall be established on the basis of the association's rates, rating plans, rating rules, rating classifications, and territories then in effect. The maximum final premium for all policyholders of the association as a group shall be limited as provided in subsection (4), Section 6 of this Act. Since the business of the association is subject to the nonprofit group retrospective rating plan required by this subsection, there shall be a presumption that the rates filed and premiums for the business of the association are not excessive.

(5) The commissioner shall examine the business of the association as often as he deems appropriate to assure that the group retrospective rating plan is being operated in a manner consistent with this section. If he finds that it is not being so operated, he shall issue an order to the association, specifying in what respects its operation is deficient and stating what corrective action shall be taken.

(6) The association shall certify to the commissioner the estimated amount of any deficit remaining after the stabilization reserve fund has been exhausted in payment of the maximum final premium for all policyholders of the association. Within sixty (60) days after such certification, the commissioner shall authorize the members of the association to commence recoupment of their respective shares of the deficit by applying a surcharge to be determined by the association at a rate not to exceed two percent (2%) of the annual premiums on future policies affording those kinds of insurance which form the basis for their participation in the association under procedures established by the association. The association shall amend the amount of its certification of deficit to the commissioner as the values of its incurred losses become finalized, and the members of the association shall amend their recoupment procedure accordingly.

(7) In the event that sufficient funds are not available for the sound financial operation of the association, pending recoupment as provided in subsection (6) of this section, all members shall, on a temporary basis, contribute to the financial requirements of the association in the manner provided for in Section 8. Any such contribution shall be reimbursed to the members by recoupment as provided in subsection (6) of this section.

SECTION 6. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created a stabilization reserve fund which shall be administered by three directors, one of whom shall be the commissioner or his deputy. The remaining two directors shall be appointed by the commissioner. One shall be a representative of the association; the other a representative of its policyholders. The directors shall serve without salary, but shall be reimbursed for actual and necessary expenses incurred in the performance of their duties when approved by the commissioner.

(2) Each policyholder shall pay to the association a stabilization reserve fund charge equal to one-third of each premium payment due for insurance through the association. Such charge shall be separately stated in the policy. The association shall cancel the policy of any policyholder who fails to pay the stabilization reserve fund charge.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 337.505 is amended to read as follows:

For the purpose of KRS 337.505 to 337.550, the term "prevailing wage" for each classification of laborers, workmen, and mechanics engaged in the construction of public works within the commonwealth of Kentucky, means the sum of:

(1) The basic hourly rate paid or being paid subsequent to the labor commissioner's most recent wage determination to the majority of laborers, workmen, and mechanics employed in each classification of construction upon reasonably comparable construction in the locality where the work is to be performed; such rate shall be determined by the commissioner in accordance with paragraphs (a), (b), and (c) of subsection (3) of KRS 337.520; in the event that there is not a majority paid at the same rate, then the basic hourly rate of pay shall be the basic hourly rate of pay paid to the greater number: Provided, such greater number constitutes 30 per cent of those employed; or in the event that less than 30 per cent of those employed receive the same rate, then the basic hourly rate of pay shall be the average basic hourly rate which shall be determined by adding the basic hourly rates paid to all workers in the classification and dividing by the total number of such workers, and

(2) An additional amount per hour equal to the hourly rate of contribution irrevocably made or to be made by an employer on behalf of employes within each classification of construction to a trustee or to a third person pursuant to an enforceable commitment to carry out a financially responsible plan or program, *which plan or program shall meet the requirements of the employee retirement income security act of 1974,* which was communicated in writing to the employes affected, for the following fringe benefits: Medical or hospital care, pensions on retirement, death compensation for injuries or illness resulting from occupational activity or insurance to provide any of the foregoing, unemployment benefits, life insurance, disability and sickness insurance, accident insurance, vacation and holiday pay, defraying costs of apprenticeship or other similar programs, or other bona fide fringe benefits, [but only where the employer is not required by other federal, state or local law to provide any of such benefits: Provided, said additional amount may, at the discretion of the employer, be paid either in cash to the employe or by contributions for fringe benefits, or partly in cash and partly by such contributions,] it being the intention of this subsection to recognize fringe benefits as a part of the prevailing wage rate where made in accordance with this subsection.

*(3) The additional amount described in subsection (2) shall be paid only by contributions for fringe benefits and an employer is hereby prohibited from paying said additional amount in cash directly to the employe.*

Section 2. KRS 337.520 is amended to read as follows:

(1) The commissioner shall make initial determinations and current revisions thereof of schedules of rates of prevailing wages, of the amount of fringe benefits included therein as defined in KRS 337.505, and the number of hours applicable thereto. *All prevailing wages shall contain an amount for fringe benefits as*

*described in KRS 337.505(2).* The commissioner shall have the authority to make and revise such rules and regulations as he may deem appropriate to carry out the provisions and purposes of KRS 337.505 to 337.550 and to prevent the circumvention or evasion thereof. Such rules and regulations may include but shall not be limited to a provision that each contractor and subcontractor shall furnish weekly a sworn affidavit with respect to the wages paid each employe during the preceding week and such other relative information and in such form as the commissioner may require. No rule or regulation or revisions thereof shall be issued by the commissioner except upon reasonable notice to, and opportunity to be heard by, any interested person.

(2) The commissioner shall require the filing of all wage contracts of all laborers, workmen, and mechanics in this state which have been agreed to between bona fide organizations of labor and an employer or associations of employers. Such contracts shall be filed within ten (10) days after they are signed.

(3) The commissioner shall have the authority to determine schedules, and current revisions thereof, of the rates of prevailing wages as defined in KRS 337.505, but in no case shall the commissioner determine wages to be paid for a legal day's work to laborers, workmen, and mechanics engaged in the construction of public works at less than the prevailing wages paid in the localities. The commissioner in determining what rates of wages prevail shall consider the following criteria:

(a) Wage rates paid on previous public works constructed in the localities. In considering such rates the commissioner shall ascertain, insofar as practicable, the names and addresses of the contractors, including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed on each project and the respective wage rates paid each worker who was engaged in the construction of these projects.

(b) Wage rates previously paid on reasonably comparable private construction projects constructed in the localities. In considering such rates the commissioner shall ascertain, insofar as practicable, the names and addresses of the contractors including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed on each project and the respective wage rates paid each worker who was engaged in the construction of these projects.

(c) Collective bargaining agreements or understandings between bona fide organizations of labor and their employers located in the commonwealth of Kentucky which agreements apply or pertain to the localities wherein the public works are to be constructed.

(4) The wage rates to be used by the public authority in a contract for the construction of public works shall be the prevailing wage as of the date the public works project is advertised and offered for bid. If contracts are not awarded within ninety (90) days after the date of offering for bid the public authority shall ascertain the prevailing rate of wages from the department before the contract is awarded. The schedule or scale of prevailing wages shall be incorporated in and made a part of each contract.

(5) The commissioner shall have the authority to make regulations authorizing the employment of apprentices and trainees in skilled trades at wages lower than the applicable prevailing wage.

(2) "Benefit year" for any worker means the fifty-two week period beginning with the first day of the week with respect to which he first requests a determination which establishes his status as a fully insured worker after the termination of his last preceding benefit year, if any, except that the last preceding benefit year shall be a fifty-three week period if fifty-two weeks would result in the overlapping of any calendar quarter of the base period of the new benefit year with the same calendar quarter of the base period of the previous benefit year. As used in this subsection, a worker shall be considered as having insured status, without regard to any other provision of this chapter, if at the time of his request he has satisfied the conditions required under subsection (5) of KRS 341.350.

(3) "Base-period wages" means the wages paid to a worker during his base period by subject employers for covered employment. The commissioner *shall* [may], *upon request of employe,* with respect to this subsection, consider wages payable to mean wages paid, *if necessary to make the employe meet the earnings requirement in KRS 341.350* in order to prevent inequities in particular cases.

SECTION 3. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) On or after the effective date of this Act in each school district where at least one association exists, the board shall accept written requests for recognition from associations in the district seeking to be the exclusive representative of all certified personnel, all teachers, or all administrators in the district for purposes of professional negotiations. Any contract or negotiated agreement in effect prior to the effective date of this Act shall remain in force until such time said contract or agreement terminates or is amended under provisions of this Act.

The association shall in such event include in its request for recognition a statement informing the board that a teacher unit, an administrator unit, or both shall require separate bargaining rights.

(5) Upon receipt of a request for recognition the board shall notify the chief elected officer of each association, and employes in general, in the school district of the request and shall grant such associations and

Said request shall be accompanied by a statement listing the total number of members in the challenging association, the fact that said members are in good standing and the fact that they constitute fifteen percent (15%) of the certificated personnel in the challenged unit or accompanied by a petition requesting a secret ballot election signed by fifteen percent (15%) of the certificated personnel in the unit. Even though the original request for recognition is for recognition for both a teacher unit and an administrator unit, the challenge may be directed to one or the other.

(6) If the board receives only one request for recognition, the board shall within twenty-one (21) days issue a written statement of recognition to the association, establishing such association as the exclusive representative of all certificated personnel, all teachers, or all administrators in the district, as the case may be, for purposes of professional negotiation; provided, however, that in the event the board in good faith questions whether or not the association represents more than fifty percent of certificated personnel, or teachers or administrators, as the case may be, employed within the district by the board, the board shall not be required to issue its statement of recognition to the association unless and until such percentage representation has been verified, and when a teacher unit or an administrator unit qualifies for separate negotiating rights within an association, the written statement of recognition to the association shall so state.

(7) If the board receives a challenge and request for secret ballot election for recognition of an association as representative of all certificated personnel in the teacher unit or administrator unit or both, the board shall verify that the challenge is accompanied by the requisite number of members or signatures in the challenged unit. Said verification shall be completed within a period of twenty-one (21) days after the receipt of challenge. Upon completion of the verification, the board shall fix a date for the secret ballot election which date shall not be later than thirty (30) days from the date of completion of verification. Said election shall be conducted during school hours on school premises by the Office of the Superintendent of Public Instruction. The cost of said secret ballot election shall be borne equally by the participating associations whose names shall be listed on the ballot in alphabetical order together with a separate listing for "no association". If a plurality of votes are cast for no association, no association shall be recognized as exclusive representative of the certificated personnel in the unit and no association shall be permitted to petition for such recognition, regardless of membership, for a period of twenty-four (24) months from the date on which said secret ballot election was held. In the event one of the associations listed on the ballot has a majority of ballots cast, that association shall be certified as the exclusive representative for all of the certificated personnel in the unit and shall remain the exclusive representative for a period of twenty-four (24) months from June 30 following the date of said election and no other qualification shall be required for such period.

SECTION 4. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

A board's recognition of an association for purposes of collective bargaining shall be for a period of two (2) years, beginning and ending on June 30. The term of a collective bargaining agreement shall be negotiated by a board and an association, but in no case shall the term of the agreement extend beyond the period of recognition. An association may request renewal of recognition within sixty (60) calendar days before termination of the existing recognition agreement. Upon receipt of said request for renewal, the board shall notify all other associations, and all employes who might desire to be represented by no association, within the district as in subsection (5) of Section 3 of this Act. If a request for renewal of recognition is submitted, it shall include as a part thereof an affidavit containing the same information as required by subsections (2), (3), and (4) of Section 3 of this Act. If no challenges to the request for renewal are received by the board from another association or from employes desiring to be represented by no association who constitute fifteen (15) percent of the certificated personnel in the unit, the board shall at a time no later than twenty-one (21) days, issue a written statement of recognition. If the request for renewal is challenged, the board shall follow procedures set forth in subsection (7) of Section 3 of this Act.

SECTION 5. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

Upon receipt of an uncontested request or upon receipt of election certification from the Office of the Superintendent of Public Instruction designating the association which wins an election, the board shall, at its next meeting, recognize such association as the exclusive representative of employes, administrators or employes who are not administrators, whatever the case may be, for purposes of this Act, for a period of two (2) years.

SECTION 6. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) The association and board shall appoint bargaining teams for purposes of meeting and bargaining.

(2) Agreements between the recognized association and the board that have been reached through bargaining shall be in written form and subscribed to by the duly authorized representatives of the board and the association. All such agreements shall become part of the official minutes of the board and the collective bargaining agreement.

(3) The recognized association and the board shall, if either party so requests, discuss and bargain with each other concerning policies relating to working conditions, salaries and salary schedules.

(4) The association and the board shall, if either party so requests, meet and hold good faith discussion on curriculum, in-service training, all other personnel policies, and other matters which affect the quality of the educational program. Such matters may be bargained only if mutually acceptable to the association and the board.

(5) The association and the board shall, at all times, bargain with each other in good faith.

(6) Boards and associations reaching agreements shall adopt a grievance procedure.

SECTION 7. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Collective bargaining in a school district shall occur when the recognized association or the board requests same. Such bargaining shall be completed within ninety (90) calendar days of the original request or by an earlier date if agreed to by the recognized association and the board. If agreement upon the matter being negotiated has not been reached by the end of the ninety (90) day period, or by the date agreed upon by the association and the board, an impasse shall be presumed to exist, and the procedure for resolving an impasse as outlined in Section 8 of this Act shall be employed. Either party may, when acting in good faith, declare an impasse to exist at any stage of bargaining.

(2) Once a matter has been bargained that same matter shall not be subject to bargaining for a period of twelve (12) months from the date bargaining commenced. However, the parties may mutually agree to reopen negotiation on any matter at any time.

SECTION 8. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Upon declaration of impasse by either party or upon failure of the parties to complete bargaining before deadlines set forth in this Act and in the collective bargaining agreement, the following procedure for resolution of the impasse shall be employed. Within seven (7) calendar days the board and the recognized association shall agree upon and appoint a mediator. If at the termination of the above-mentioned time period a mediator cannot be agreed upon and appointed the party that declared the impasse shall immediately notify the Superintendent of Public Instruction, who within ten (10) calendar days of receipt of said notification shall appoint a mediator. The mediator shall meet with the parties or their representatives, or both, forthwith, either jointly or separately, and shall take such other steps as he may deem appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement. Provided, that the mediator may, without the consent of both parties, make findings of fact or recommend terms of settlement. Unless both parties agree to a longer period, said mediator shall have fifteen calendar days in which to assist the parties in reaching agreement on the matter that has led to impasse.

(2) If the mediator's efforts do not result in the parties reaching agreement, the second step for resolving impasse shall commence in the following manner: The board and the recognized association shall within ten (10) calendar days from the expiration of the mediator's working period each select one person to serve on a fact finding committee. A third person who shall serve as committee chairman shall be selected jointly by the other two committee members. No committee member shall be a member of the board or the association. If within ten (10) calendar days from their appointment the two committee members are unable to agree upon the choice of a chairman, the party that declared the impasse shall so notify the circuit court of the county in which the board is located, which shall appoint a chairman within ten (10) calendar days of receipt of notification. The committee members shall investigate, make findings of fact, and after consultation and vote, recommend a solution. The written findings and recommendations of the committee shall be presented to the parties within thirty (30) calendar days from the time the chairman is appointed. Such recommendations shall be advisory only.

(3) The board shall adopt or reject the recommendations of the fact finding committee at its next regular meeting or by a date agreed to by the recognized association and the board.

SECTION 9. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

SECTION 12. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) The salary of any employe who violates subsection (1) of Section 11 of this Act shall be reduced by an amount equal to three (3) days of salary for each day of said violation; and, the amount of said reductions shall be retained by the Board, and in no case shall such reduction be refunded to the employe, or be subject to any waiver or negotiation whatsoever. Violations of this provision shall likewise be grounds for suspension, loss of tenure or dismissal.

(2) Any person, association or other organization or agency not an employe who violates subsection (1) of Section 11 of this Act shall be fined not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000) for each day of said violation, and in no case shall such fine be waived or suspended or subject to any negotiation whatsoever.

SECTION 3. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) No provision of Section 1 shall be construed to make illegal the activities of any labor organization, agricultural or horticultural cooperative organization, or consumer organization, or of individual members thereof which are directed solely to labor, agricultural or consumer objectives which are legitimate under the laws of this commonwealth or the United States.

(2) Section 1 shall not apply to activities authorized or approved under any federal or state regulatory scheme to the extent that such regulatory law as applied to these activities is so comprehensive that enforcement of Section 1 would be either unnecessary to effect the purposes of this Act, in light of the existing regulatory structure, or disruptive of that regulatory structure due to a plain repugnancy between Section 1 and the regulatory provisions.

Amend printed copy of **HB 587,** following the enactment clause all language on pages 1-18 is deleted by bracketing out the same:

[Section 1. KRS 208.110 is amended to read as follows:

(1) The law relating to the persons by whom and the circumstances under which a person may be arrested for a public offense shall be applicable to children, but the taking of a child into custody under such law shall not be termed an arrest, and a child after having been so taken into custody shall be dealt with as provided in KRS 208.010 to 208.540. The law relating to bail shall not be applicable to children detained in accordance with KRS 208.010 to 208.540.

(2) When a child is taken into custody by a person other than a peace officer, on a charge of committing a public offense, such person shall as soon as possible place the child in the custody of a peace officer.

(3) When a peace officer has taken or received a child into custody on a charge of committing an offense, under the provisions of KRS 208.020 (1) (a), (b), or (c) the officer shall immediately notify the parent, or if the parent is not available, then a relative, guardian, or custodian of the child, that the child has been detained, give an account of specific charges against the child, including the specific statute alleged to have been violated, and the reasons for the detention, and state the time and place of the detention hearing. Unless the nature of the offense or other circumstances are such as to indicate the necessity of keeping the child in secure custody, the officer shall release the child to the custody of his parent or other responsible adult upon the written promise, signed by such person, to bring the child to the court at a stated time or at such time as the court may direct. The written promise, accompanied by a written report by the officer, shall be submitted to the court forthwith. If the person fails to produce the child as agreed or upon notice from the court, a petition, warrant, or both may be issued for the apprehension of the person or of the child, or both.

(4) If the child is not released as provided in subsection (3) of this section, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. If taken to the detention facility, the officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention. [When a child is detained in any way or for any reason, there shall be a hearing held within forty-eight hours, exclusive of Sunday, of the commencement of detention to determine whether or not there is reasonable cause to believe that an offense has been committed and that the detained child committed the offense. The Commonwealth shall bear the burden of proof, and if it shall fail to establish such reasonable cause, the child shall be released and the complaint dismissed. If such reasonable cause is established, the court shall then determine whether or not the circumstances surrounding the child are such as to endanger its safety or welfare or that of the community. The Commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence. Upon such showing of proof and order of the court, the child shall be detained until such time as the court may withdraw the order for detention or make a speedy disposition in the child's best interest. Unless such a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible person pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.]

*(5) When a child is detained for the alleged commission of a public offense as defined in KRS 208.020 (1) (a), a hearing shall be held as soon as possible, but not to exceed seventy-two (72) hours, exclusive of Sunday and legal holidays, as defined in KRS 2.015 of the commencement of detention. At the detention hearing, the juvenile shall possess and be advised of his right to notice of the charge, the right of privilege against self-incrimination, and the right to counsel. At the hearing, heresay evidence shall be admissible. The hearing shall address the following issues:*

*(a) If there is probable cause to believe that an offense has been committed and that the accused child has committed that offense, the Commonwealth shall bear the burden of proof; and*

*(b) What degree of control and security is necessary to assure the safety of the child, protection of the community and the appearance of the child in court.*

*(6) In determining the degree of control and security, the court shall consider but is not limited to:*

*1. The seriousness of the alleged offense;*

*2. The likelihood that the child would commit an offense dangerous to himself or the community pending disposition of the original offense;*

*3. The child's prior record of court appearances, if any;*

*4. Whether the child is being held for another jurisdiction.*

*(7) If, after completion of the detention hearing, the court is of the opinion to order detention, the order shall articulate the reasons for detention and the nature of the detention based upon the conclusions of the detention hearing.*

*(8) When a child is detained in any manner for the alleged commission of an offense as defined in KRS 208.020 (1) (b) or (c), other than a public offense, a hearing shall be held as soon as possible, but not to exceed seventy-two (72) hours, exclusive of Sunday and legal holidays, as defined in KRS 2.015 of the commencement of detention. At the detention hearing, the juvenile shall possess and be advised of his right to notice of the charge, the right of privilege against self-incrimination, and the right to counsel. At the hearing, hearsay evidence shall be admissible. The hearing shall address the following issues:*

*(a) If there is probable cause to believe that an offense has been committed and that the accused child has committed that offense, the Commonwealth shall bear the burden of proof; and*

*(b) What degree of control and security is necessary to assure the safety of the child, the protection of the community, and the appearance of the child in court.*

*(9) In determining the degree of control and security, the court shall consider but is not limited to:*

*1. The availability of a parent, guardian, or responsible adult to assure the control and safety of the child;*

*2. The availability of court-appointed supervisory or probation personnel to assure the control and safety of the child;*

*3. The availability of foster care or shelter care facilities that would assure the control and safety of the child;*

*4. The availability of secure detention that would provide for the separation of the child both physically and communicatively from adult offenders and other juvenile offenders accused of committing public offenses as defined in KRS 208.020 (1) (a).*

*(10) Secure detention for status offenders is to be used in only those cases when the court is of the opinion that other alternatives are either not available or cannot provide the degree of control and safety necessary to assure the safety and security of the child. If, after the completion of the detention hearing, the court is of the opinion to order detention, the order shall articulate the reason for detention and the nature of the detention based upon the conclusions of the detention hearing.*

*(11) Unless such a hearing is held and the necessity for detention properly established, the child shall be released to the custody of his parent or other responsible person pending further disposition of the case. A child shall have the right to counsel at any hearing determining his right to freedom pending the disposition of his case, and his parents or other responsible person shall have a right to attend the hearing if such attendance*

*will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.*

*(12)* [(5)] Whether the child is released before or after a hearing, or is detained as the result of such a hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least *seventy-two (72)* [forty-eight] hours prior to the initial hearing on the case.

Section 2. KRS 208.170 is amended to read as follows:

*(1) If, prior to an adjudicatory hearing in the juvenile court, a child who has allegedly committed a felony offense, was 16 years of age or older, at the time of the alleged commission of the offense, or was less than sixteen (16) years old, but the offense was a class A felony or a capital offense, and the prosecution is of the opinion that the child be tried and disposed of under the regular law governing crimes, a bifurcated hearing shall be held to determine if the case merits transfer to the circuit court in which the alleged offense was committed. The hearing held to consider the transfer of a juvenile to the circuit court shall address two major considerations.*

*(a) If there is probable cause to believe that an offense was committed and that the accused child had committed that offense, and*

*(b) If it is in the best interest of the child or the community to order such a transfer, based upon but not limited to such criteria as:*

*1. The seriousness of the alleged offense to the community;*

*2. Whether the alleged offense was against person or property (greater weight being given to offenses against person);*

*3. The sophistication and maturity of a child as determined by considerations of his home, environmental situation, emotional attitude and pattern of living;*

*4. The child's prior record, including prior contacts with the juvenile justice system;*

*5. The prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child by the use of procedures, services, and facilities currently available to the juvenile justice system.*

*(2) If, after completion of the transfer hearing, the court is of the opinion to order such transfer, the order of transfer shall articulate the reasons for such transfer based upon the conclusions of the transfer hearing.*

[(1) If, during the course of any proceeding in the juvenile court, it appears to the court that there is reasonable cause to believe that a child before the court has committed a felony, and at the time of commission of the offense the child was sixteen (16) years of age or older, or was less than sixteen (16) years of age but the offense was a class A felony or a capital offense, and the court is of the opinion that the best interests of the child and of the public require that the child be tried and disposed of under the regular law governing crimes, the court in its discretion may make an order transferring the case to the circuit court of the county in which the offense was committed. No child shall be considered a felon for any purpose until transferred to, tried and convicted of a felony by a circuit court.]

*(3)* [(2)] When the juvenile court so transfers a case to the circuit court:

(a) If a grand jury considers the case and is satisfied there is sufficient evidence to indict the child, *it shall be instructed that* it may either return an indictment or [may] return a written report to the circuit court recommending that the child be *transferred back to the juvenile court* [committed to the department]. If the court believes that such *a transfer* [commitment] would be proper, it may order the *transfer back to juvenile court* [child committed to the department].

(b) *If the indictment is returned, the child shall be tried as an adult defendant, or the court in its discretion may order the case transferred back to the juvenile court.* [If, during any stage of the trial in the circuit court, the child or his parent or guardian so requests, the judge in his discretion may stop the trial and commit the child to the department.]

(c) [If neither of the procedures specified in paragraphs (a) and (b) of this subsection are employed, the child shall be tried as any other defendant.]

(d) While under the jurisdiction of the circuit court, the child shall be subject to bail the same as an adult.

(e) [Any commitment to the department under paragraph (a) or (b) of this subsection shall be for an indeterminate period not to exceed the age of twenty-one (21).]

Section 3. KRS 208.180 is amended to read as follows:

(1) If a child tried on a felony charge in the circuit court, under paragraph *(b)* [(c)] of subsection *(3)* [(2)] of KRS 208.170 is convicted of a felony, and sentenced to imprisonment, he shall be committed to the *custody of the Bureau of Corrections* [penitentiary], except that in the case of a child who is under eighteen (18) years of age at the time of sentencing, the court in its discretion may commit the child to the department. In such case, if the period of the sentence imposed by the verdict would expire before the child reaches twenty-one (21) years of age, the commitment to the department shall be for an indeterminate period not to exceed the age of twenty-one (21). If the period of the sentence imposed by the verdict would extend beyond the age of twenty-one (21), the commitment shall be to the department until the age of twenty-one (21), and thereafter to the *custody of the Bureau of Corrections* [penitentiary]. In the latter case, if the child is out on parole at the time he becomes twenty-one (21), he may be transferred to supervision of adult parole officers. However, if the parole is revoked he shall be returned to the *custody of the Bureau of Corrections* [penitentiary] and shall thereafter be dealt with the same as an adult sentenced to the *custody of the Bureau of Corrections* [penitentiary].

(2) If a child tried on a felony charge in the circuit court, under paragraph *(b)* [(c)] of subsection *(3)* [(2)] of KRS 208.170 is convicted of a misdemeanor, and sentenced to imprisonment, he shall be committed to the county jail, except that in the case of a child who is under eighteen (18) years of age at the time of sentencing, the court in its discretion may commit the child to the department, for an indeterminate period not to exceed the age of twenty-one (21) years.

Section 4. KRS 208.230 is amended to read as follows:

In support of any order or decree, the juvenile court may require the parents or other person having custody of a child, or any other person who has been found by the court to be encouraging, causing or contributing to the acts or conditions which bring the child within the purview of KRS 208.020 to do any acts required by law or to desist from doing any acts forbidden by law, when the court deems such requirement necessary for the welfare of the child. In case of failure to comply with such requirement, the court may proceed against such persons for contempt of court. *The court may order the appearance of one or more parent, guardians, or custodians of the child at any court hearing involving the child.*

SECTION 5. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) When a juvenile who is at least fourteen (14) years of age has been adjudicated delinquent in the commission of an offense classified as a misdemeanor or violation, excluding traffic violations as provided in KRS 208.020, the court in its discretion may order:

(a) Participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. It shall be appropriate to the age level and physical ability of the child and shall be combined with the counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with the child's education. The assignments to the community services work program shall be made to a governmental, non-profit community organization, or to a victim of the offense, for a specified period of time not to exceed one hundred twenty (120) hours for a juvenile adjudicated delinquent in the commission of a class A misdemeanor, not to exceed eighty (80) hours for a juvenile adjudicated delinquent in the commission of a class B misdemeanor, and not to exceed forty (40) hours for a juvenile adjudicated delinquent in the commission of an offense classified as a violation under the criminal code.

(b) The imposition of a fine for a juvenile found to have committed a misdemeanor or violation based upon the determination that this disposition is in the best interest of the child or an aid to rehabilitation. Fines shall be levied consistent with the schedule set out below when a juvenile has been found delinquent in the commission of a misdemeanant offense.

| | |
|---|---|
| Class A Misdemeanor | Maximum fine $150 |
| Class B Misdemeanor | Maximum fine $ 75 |
| Violations | Maximum fine $ 45 |

When a juvenile's disposition is to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If no such provision is made a part of the disposition, the fine shall be payable forthwith.

(2) When a juvenile has been ordered to comply with the provisions of paragraphs (a) or (b) of subsection (1) of this Section and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require him to show cause why he should not be held in detention for non-compliance with the court order. The court may issue an order of custody or a summons for his appearance.

(3) Following an order to show cause for failure to comply with any order or disposition of the juvenile court, unless the individual shows that his default was not attributable to an intentional refusal to obey the disposition of the court and not attributable to a failure on his part to make a good faith effort to comply with the court order, the court may order the individual detained for a term not to exceed:

30 days for any felony;

Five days if the order was imposed for the commission of a class A misdemeanor;

Three days if the order was imposed for the commission of a class B misdemeanor;

Two days if the order was imposed for the commission of a violation;

Repeated failure to comply shall constitute a separate contempt.

(4) When it is the opinion of the court that the dispositions stated above in paragraphs (a) and (b) of subsection (1) of this Section are inadequate to aid in the rehabilitation of the juvenile misdemeanant offender, the court in its discretion may order a juvenile who has been adjudicated delinquent in the commission of an offense classified as a misdemeanor confined for periods as follows:

| | |
|---|---|
| Class A Misdemeanor | One to thirty days |
| Class B Misdemeanor | One to fifteen days |

SECTION 6. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) Notice of dispositions of juvenile cases by juvenile court and notice of release of any juvenile committed to the department for confinement, shall be provided to the law enforcement agency where the juvenile normally resides and to the law enforcement agencies where any offense was committed.

(2) Any juvenile returning to a community after commitment to the department shall have the conditions of his probation or commitment provided to local law enforcement agenices by the juvenile court for assistance in supervision of the regulations imposed by juvenile court or the department.

SECTION 7. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) Physical evidence shall be obtained and utilized in the investigation of public offenses involving juveniles in the same manner as it is obtained and utilized in the investigation of public offenses involving adults.

(2) If a latent fingerprint is found in connection with the commission of a public offense, and there is reason to believe that a juvenile may be involved in the commission of the offense, a law enforcement officer with permission of the juvenile court may fingerprint a juvenile for the purpose of comparison; or upon waiver of his rights and in the presence of an attorney or his parent, a juvenile may give consent to be fingerprinted.

(3) Juvenile fingerprint records shall not be entered into local or state automated data systems. All juvenile fingerprint records shall be surrendered to the court for destruction as soon as the juvenile has been eliminated as a suspect in a case. If a juvenile is convicted of an offense, his fingerprint records may be kept on file by local law enforcement agencies.

SECTION 8. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) If a juvenile has committed:

(a) a class A or B felony or capital offense or

(b) has been found to have previously committed two or more felonies, prior to the present adjudication, the court in its discretion may commit the child to the department for the purpose of institutionalization for an indeterminate period of time, but not less than six months in duration.

(2) The department shall maintain jurisdiction over the juvenile during the period of the commitment.

(3) The department shall notify the court, prior to the termination of institutionalization as to the intentions of the department, as they relate to the treatment of the juvenile.

(4) Before the department releases a juvenile, the judge in whose jurisdiction the child will reside shall be notified by the department.

(5) The provisions set out above shall apply to the dispositions under KRS 208.180.

(6) The originating juvenile court sentencing a juvenile may, upon motion of the defendent and consent of the department, shock probate any commitment after the juvenile defendent has been confined for a period of one month.]

(a) Who has committed a public offense, except a moving motor vehicle offense, involving a child sixteen (16) years of age or older. The court shall not have jurisdiction in any prosecution of a moving motor vehicle offense involving a child sixteen (16) years of age or older. Juvenile offenders sixteen (16) years of age or older accused of moving motor vehicle offenses shall be treated as any adult offender; provided, however, that the term "moving motor vehicle offense" shall not be deemed to include the offense of stealing or converting a motor vehicle nor operating the same without the owner's consent, nor any offense which constitutes a felony; or

(3) The court of each county shall have exclusive jurisdiction of persons charged with violations of KRS 530.060 and 530.070.

(d) In the exhibition of any such child when insane, or idiotic; or

(6) Nothing in this chapter shall deprive other courts of the jurisdiction to determine the custody or guardianship of children upon writs of habeas corpus, or to determine the custody or guardianship of children when such custody or guardianship is incidental to the determination of other causes pending in such other courts; nor shall anything in this chapter affect the jurisdiction of circuit courts over adoptions and proceedings for termination of parental rights. The juvenile court shall have no jurisdiction to make permanent awards of custody of a child, but if the court finds an emergency to exist affecting the welfare of a child, it may make temporary orders for its custody, pending the outcome of proceedings in circuit court to determine its permanent custody. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child, and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the circuit court, awarding custody of such child, all prior orders of the juvenile court in conflict therewith shall be deemed canceled.

Section 3. KRS 208.060 is amended to read as follows:

(1) All cases involving children brought before the court shall be granted a speedy hearing and shall be dealt with by the juvenile court at separate hearings and without a jury. The hearings may be conducted in an informal manner. The general public shall be excluded and only the immediate families *or guardians* of the parties before the court, witnesses necessary for the prosecution and defense of the case, the probation worker with direct interest in the case, those persons enumerated under KRS 208.040, such persons admitted as the judge shall find have a direct interest in the case or in the work of the court, and such other persons as agreed to by the child and his attorney may be admitted to the hearing. Witnesses shall be admitted to the hearing only for the duration of their testimony.

(2) Juvenile proceedings shall consist of two distinct hearings, an adjudication and a disposition, which may, upon motion of the child, be held on separate days.

(a) The adjudication shall determine the truth or falsity of the allegations in the petition and shall be made on the basis of an admission or confession of the child to the court or by the taking of evidence.

(b) Upon motion by any child brought before the court on a petition under KRS 208.020 (1) (a), (b), or (c), the Rules of Criminal Procedure shall apply to all matters involved in the adjudication of the case. All adjudications shall be supported by evidence beyond a reasonable doubt.

(c) After adjudication, *a determination by the court that detention pending disposition is necessary shall be based on a finding of the court by a preponderance of the evidence that the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community* [the court shall determine whether the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community and warrant his detention pending the disposition].

(d) The disposition shall determine the action to be taken by the court on behalf of, and in the best interest of, the child. Unless the provisions of subsections (3) and (4) are observed by the court, the disposition shall be limited to an informal adjustment of the matter between the parties and the court. The provisions of subsections (3) and (4) shall be conditions precedent to any commitment, court-ordered probation, restitution, or other disposition enforceable by the authority of the court. No public or private agency or body, or party before the court, shall [be required to] participate in any order of the court unless it receives from the court a verified statement, signed by the juvenile judge, that the rights enumerated in subsections (3) and (4) were granted to the child during the proceedings in juvenile court.

(3) Before commencing a hearing and proceeding to determine the truth or falsity of the allegations in a petition filed with the court under KRS 208.020 (1) (a), (b), or (c), the court shall decide, on the basis of a preliminary inquiry made by the court, whether or not the best interest of the child indicates that the petition should be dismissed and the child's case adjusted informally among the parties. An informal adjustment may be made at any time during the proceedings. All petitions brought under KRS 208.020 (1) (a), (b), or (c) shall receive this consideration by the court. No petition shall be brought against the child as a result of information given to the court by the child as part of an informal adjustment. If the court finds it necessary to extend the discussion, during an informal adjustment, beyond the immediate subject matter of the complaint before it, the child and his parents, relative, guardian, or custodian shall be advised of all the rights under this subsection. If the court determines that a formal proceeding is required to determine the truth or falsity of the allegations against the child, a petition, sworn to by the complainant, shall be required pursuant to KRS 208.070 (1) and (2), and the court shall, when the child is brought before the court:

(a) Explain to the child and his parents, relative, guardian, or custodian their respective rights to counsel and, if the child and his parents, relative, guardian, or custodian are unable to obtain counsel, shall appoint counsel for the child and may appoint counsel for the parents, relative, guardian, or custodian;

(b) Explain the privilege against self-incrimination by saying that the child, parents, relative, guardian, or custodian may remain silent concerning the charges against the child, and that anything said may be used against the child and result in his commitment to *the department or* an institution for juvenile delinquents;

(c) Explain the right to confront anyone who has accused the child and to cross-examine that person on the allegations made against the child;

(d) Advise the child and his parents, relative, guardian, or custodian of the right to appeal from a determination of the court;

(e) Advise the child that these rights belong to him and may not be waived by his parents, relative, guardian, or custodian.

(4) At the disposition of a child adjudicated on a petition brought pursuant to KRS 208.020 (1) (a), (b), or (c), all information helpful in making a proper disposition, including oral and written reports, may be received by the court *in compliance with KRS 208.060(2)(d)* and relied upon to the extent of their probative value, provided that the parties or their counsel shall be afforded an opportunity to examine and controvert the reports and cross-examine the individuals making the reports.

(5) In the case of any child brought before the court on a petition under KRS 208.020 (1) (d), the rules of evidence and procedure described in subsection (3) of this section shall apply.

Section 4. KRS 208.110 is amended to read as follows:

(1) The law relating to the persons by whom and the circumstances under which a person may be arrested for a public offense shall be applicable to children, but the taking of a child into custody under such law shall not be termed an arrest, and a child after having been so taken into custody shall be dealt with as provided in KRS 208.010 to 208.540. The law relating to bail shall not be applicable to children detained in accordance with KRS 208.010 to 208.540.

(2) When a child is taken into custody by a person other than a peace officer, on a charge of committing a public offense, such person shall as soon as possible place the child in the custody of a peace officer.

(3) When a peace officer has taken or received a child into custody on a charge of committing an offense, under the provisions of KRS 208.020 (1) (a), (b), or (c) the officer shall immediately notify the parent, or if the parent is not available, then a relative, guardian, or custodian of the child, that the child has been detained, give an account of specific charges against the child, including the specific statute alleged to have been violated, and the reasons for the detention, and state the time and place of the detention hearing. Unless the nature of the offense or other circumstances are such as to indicate the necessity of keeping the child in secure custody, the officer shall release the child to the custody of his parent or other responsible adult upon the written promise, signed by such person, to bring the child to the court at a stated time or at such time as the court may direct. The written promise, accompanied by a written report by the officer, shall be submitted to the court forthwith. If the person fails to produce the child as agreed or upon notice from the court, a petition, warrant, or both may be issued for the apprehension of the person or of the child, or both.

[(4) If the child is not released as provided in subsection (3) of this section, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. If taken to the detention facility, the officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention. When a child is detained in any way or for any reason, there shall be a hearing held within forty-eight hours, exclusive of Sunday, of the commencement of detention to determine whether or not there is reasonable cause to believe that an offense has been committed and that the detained child committed the offense. The Commonwealth shall bear the burden of proof, and if it shall fail to establish such reasonable cause, the child shall be released and the complaint dismissed. If such reasonable cause is established, the court shall then determine whether or not the circumstances surrounding the child are such as to endanger its safety or welfare or that of the community. The Commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence. Upon such showing of proof and order of the court, the child shall be detained until such time as the court may withdraw the order for detention or make a speedy disposition in the child's best interest. Unless such a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible person pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.]

[(5) Whether the child is released before or after a hearing, or is detained as the result of such a hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least forty-eight hours prior to the initial hearing on the case.]

Section 5. KRS 208.130 is amended to read as follows:

(1) The fiscal court of each county shall provide for a suitable facility or facilities for the *custody and care* [detention] of children held in custody pending disposition of their cases by the juvenile court, and may employ necessary personnel for the operation thereof.

(2) In counties containing a city of the first or second class, the fiscal court shall maintain a permanent detention home, either through arrangement with another public agency or with a private organization or agency, or by acquiring and operating the home as a county institution.

(3) In counties other than those containing a city of the first or second class, the fiscal court shall either maintain a detention home or arrange for the use of private or family homes.

(4) The department may assist the counties in the acquisition, development and furnishing of detention facilities, and may employ available funds for that purpose. The detention facilities may be subject to the supervision of the department, and shall conform to rules and regulations prescribed by the department.

(5) Each detention facility shall be conducted under the jurisdiction of the juvenile court for which it is maintained and each child detained in such facility shall be deemed to be under the jurisdiction of the court.

(6) The fiscal court of any county may arrange with the department for the use of its regional reception-diagnostic centers for those cases pending before the juvenile court of its county. The fiscal court is authorized to make such payments as agreed upon with the department for the use of the services and facilities. The use of the department's regional reception-diagnostic centers by the individual juvenile courts shall not give such juvenile courts jurisdiction over the department's regional reception-diagnostic centers.

Section 6. KRS 208.170 is amended to read as follows:

(1) If, *prior to an adjudicatory hearing* [during the course of any proceeding] in the juvenile court, it appears to the court that there is reasonable cause to believe that a child before the court has committed a felony, and at the time of commission of the offense the child was sixteen (16) years of age or older, or was less than sixteen (16) years of age but the offense was a class A felony or a capital offense, and the court is of the opinion that the [best interests of the child and of the public require that the] child be tried and disposed of under the regular law governing crimes, the court *shall conduct a separate hearing to determine if the case should be transferred* [in its discretion may make an order transferring the case] to the circuit court of the county in which the offense was committed. No child shall be considered a felon for any purpose until transferred to, tried and convicted of a felony by a circuit court.

*(2) The hearing held to consider the transfer of a juvenile to the circuit court shall determine if there is probable cause to believe that an offense was committed and that the child committed the offense.*

*(3) If the court determines that probable cause exists, it shall then determine if it is in the best interest of the child and the community to order such a transfer based upon the seriousness of the alleged offense; whether the offense was against person or property, with greater weight being give to offenses against persons; the maturity of the child as determined by his environment; the child's prior record; and the prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child by the use of procedures, services, and facilities currently available to the juvenile justice system.*

*(4) If, following completion of the transfer hearing, the court is of the opinion that the best interest of the child and of the public would be protected by such transfer, the order of transfer shall state the reason for such transfer.*

*(5)* [(2)] When the juvenile court so transfers a case to the circuit court:

(a) If a grand jury considers the case and is satisfied there is sufficient evidence to indict the child, *it shall be instructed that* it may either return an indictment or may return a written report to the circuit court recommending that the child be *transferred to the juvenile court* [committed to the department]. If the court believes that such *transfer* [commitment] would be proper, it may order the child *transferred* [committed] to the *juvenile court* [department].

(b) *If an indictment is returned, the court may in its discretion order the case transferred to the juvenile court.* [If, during any stage of the trial in the circuit court, the child or his parent or guardian so requests, the judge in his discretion may stop the trial and commit the child to the department.]

(c) If *an indictment is returned and the court does not transfer the case to juvenile court* [neither of the procedures specified in paragraphs (a) and (b) of this subsection are employed], the child shall be tried as any other defendant.

(d) While under the jurisdiction of the circuit court, the child shall be subject to bail the same as an adult.

[(e) Any commitment to the department under paragraph (a) or (b) of this subsection shall be for an indeterminate period not to exceed the age of twenty-one (21).]

Section 7. KRS 208.180 is amended to read as follows:

(1) If a child tried on a felony charge in the circuit court, under paragraph (c) of subsection *(5)* [(2)] of KRS 208.170 is convicted of a felony, and sentenced to imprisonment, he shall be committed to the *custody of the bureau of corrections* [penitentiary], except that in the case of a child who is under eighteen (18) years of age at the time of sentencing, the court in its discretion may commit the child to the department. In such case, if the period of the sentence imposed by the verdict would expire before the child reaches twenty-one (21) years of age, the commitment to the department shall be for an indeterminate period not to exceed the age of twenty-one (21). If the period of the sentence imposed by the verdict would extend beyond the age of twenty-one (21), the commitment shall be to the department until the age of twenty-one (21), and thereafter to the *custody of the bureau of corrections* [penitentiary]. In the latter case, if the child is out on parole at the time he becomes twenty-one (21), he may be transferred to supervision of adult parole officers. However, if the parole is revoked he shall be returned to the *custody of the bureau of corrections* [penitentiary] and shall thereafter be dealt with the same as an adult sentenced to the penitentiary.

(2) If a child tried on a felony charge in the circuit court, under paragraph (c) of subsection *(5)* [(2)] of KRS 208.170 is convicted of a misdemeanor, and sentenced to imprisonment, he shall be committed to the county jail, except that in the case of a child who is under eighteen (18) years of age at the time of sentencing, the court in its discretion may commit the child to the department, for an indeterminate period not to exceed the age of twenty-one (21) years.

Section 8. KRS 208.200 is amended to read as follows:

(1) If in its decree the juvenile court finds that the child comes within the purview of subsections (1) or (2) of KRS 208.020, the court may, by order:

(a) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. Probation or supervision shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. A child so placed on probation or supervision shall remain subject to the jurisdiction of the juvenile court until he becomes twenty-one (21) years of age, unless he is discharged prior thereto by the court.

(b) Commit the child to the custody or guardianship of a private or public institution or agency other than the department authorized to care for such children, or under the guardianship of a suitable person. Such commitment shall be until the age of twenty-one (21) subject to the power of the court to discharge the child prior thereto, or of the governing authorities of said agency or institution to do so upon notice to the court. In committing a child to a private institution or agency the court shall select one that is approved by the department for human resources and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

(c) Commit the child to the department. Such commitment shall be for an indeterminate period not to exceed the age of twenty-one (21).

(2) If, in its decree, the juvenile court finds that the child comes within the purview of subsection (1) or (2) of KRS 208.020, the court may dispose of the child as provided in subsection (1) of this section, except that if a child comes within the purview of paragraph (d) of subsection (1) of KRS 208.020, the court may not commit the child to the department unless the department has indicated to the court that it has facilities and funds available to care for the child and is willing to accept the commitment.

(3) In the event a child who has not reached his eighteenth birthday commits a new offense while a ward of the department, the court shall have exclusive, original jurisdiction of the new offense, and may modify all previous orders, including that committing the child to the department. Nothing in this section shall

limit the jurisdiction of any other court in assuming jurisdiction of wards of the department between the ages of eighteen (18) and twenty-one (21) years who have committed another public offense after attaining the age of eighteen (18).

(4) If a child is disposed of as provided in paragraph (a) or (b) of subsection (1) of this section the court may modify or set aside its order at any time, and direct that the child be otherwise disposed of, in accordance with this chapter, except that after a child has been disposed of as provided in paragraph (a) or (b) of subsection (1) of this section he may not then be transferred to the circuit court as provided for in KRS 208.170.

*(5) If a child sixteen (16) years of age or older has been adjudicated delinquent in the commission of an offense classified as a misdemeanor or violation, the court in its discretion may order as follows:*

*(a) Participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. The program shall be appropriate to the age level and physical ability of the child and shall be combined with counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with educational, occupational, or religious obligations of the child. Assignment to a community services work program shall be made to a governmental or nonprofit community organization for a specified period of time, not to exceed one hundred and twenty (120) hours for a child adjudicated delinquent in the commission of a class A misdemeanor, not to exceed eighty (80) hours for a child adjudicated delinquent in the commission of a class B misdemeanor, and not to exceed forty (40) hours for a child adjudicated delinquent in the commission of an offense classified as a violation under the penal code. A child may be directed to participate in a community services work program as provided in this subsection for the purposes of restitution authorized by KRS 208.240.*

*(b) The court may impose a fine for a misdemeanor or violation offense. The imposition of a fine for a misdemeanor or violation offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay such fine.*

*(c) Fines shall be levied consistent with the schedule set forth below:*

*For a class A misdemeanor, not to exceed $150;*

*For a class B misdemeanor, not to exceed $75; and*

*For a violation, not to exceed $50.*

*When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately.*

*(6) When a child has been ordered to comply with the provisions in subsection (5) above and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require the child to show cause why he should not be held in detention for noncompliance with the court order. The court may issue an order of custody or a summons for his appearance.*

*(7) Following issuance of a show cause order pursuant to subsection (6) above, unless the child can show that noncompliance was not the result of an intentional refusal to comply with the court order or not the result of a failure to make a good faith effort to comply with the court order, the court may order the child detained as follows:*

*(a) For a period not to exceed five (5) days if the order is imposed for the commission of a Class A misdemeanor;*

*(b) For a period not to exceed three (3) days if the order is imposed for the commission of a Class B misdemeanor;*

*(c) For a period not to exceed two (2) days if the order is imposed for the commission of a violation.*

*Any detention imposed for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational obligations of the child, and shall be in an approved detention facility as provided in KRS 208.130.*

*(8) When in the judgment of the court a disposition stated above in subsection (5) is inadequate to aid in the rehabilitation of a misdemeanor offender, the court in its discretion may order a child sixteen (16) years of age or older who has been adjudicated delinquent in the commission of an offense classifed as a misdemeanor to detention in an approved detention facility as provided in KRS 208.130 based upon the schedule set forth below:*

*Class A misdemeanor, 1 to 30 days*

*Class B misdemeanor, 1 to 15 days*

*The detention of a juvenile misdemeanor offender shall not be scheduled to interfere with the educational obligations of the child. Detention may be scheduled during periods such as weekends, after school, or overnight. Any portion of a day spent in detention shall be deemed as one day for the purposes of serving a detention term.*

*(9)* [(5)] No adjudication by a juvenile court of the status of any child shall be deemed a conviction, nor shall such adjudication operate to impose any of the civil disabilities ordinarily resulting from a criminal conviction, nor shall any child be found guilty or be deemed a criminal by reason of such adjudication.

Section 9. KRS 208.230 is amended to read as follows:

In support of any order or decree, the juvenile court may require the parents or other person having custody of a child, or any other person who has been found by the court to *have engaged in an unlawful transaction with a minor or endangered the welfare of a minor or in any way* [be] encouraging, causing or contributing to the acts or conditions which bring the child within the purview of KRS 208.020 to do any acts required by law or to desist from doing any acts forbidden by law, when the court deems such requirement necessary for the welfare of the child. *The court may, in its discretion, order the appearance of the parents, relative, guardian, custodian, or other person having custody of the child at any court hearing involving the child.* In case of failure to comply with *any orders entered pursuant to the provisions of this section* [such requirement], the court may proceed against such persons for contempt of court.

Section 10. KRS 208.270 is amended to read as follows:

Whenever any court commits a child to the department or whenever a juvenile court commits a child to any institution or agency, the court shall cause to be transmitted to the department, institution or agency a certified copy of the commitment order, together with a summary of the court's information concerning the child. The child shall be held by virtue of the order, and the certified copy of the order shall be proof of the authority of the department, institution or agency in behalf of the child. *Such certified order shall be sufficient authority for any law enforcement officer to detain any person named therein and deliver him to such a place as shall be directed by the department, institution or agency given custody of him in the order.*

Section 11. KRS 208.290 is amended to read as follows:

On or before March 1 of each year, each county clerk shall submit to the department a written report showing the number and disposition of *all* children [who have committed public offenses] that have been brought before the juvenile court during the preceding calendar year, together with such information as the department shall prescribe.

Section 12. KRS 208.420 is amended to read as follows:

(1) The department may establish and operate regional reception-diagnostic centers for the observation, study and classification of children committed to it. Such children *may* [shall] upon their commitment be placed in a reception center for a period of observation and study. The reception centers shall be furnished with adequate psychiatric, psychological and social services. A case history for each child shall be prepared

during his period of observation and study in the reception center. Upon the basis of study and observation in the reception center, the department shall make a recommendation as to the character of treatment or disposition which should initially be provided for the child.

(2) The regional reception-diagnostic centers established by the department may also be utilized as detention and evaluation facilities for children whose cases are pending final disposition of the juvenile court. This use of the facilities shall be made pursuant to agreement between the department and the individual fiscal courts.

Section 13. KRS 208.460 is amended to read as follows:

If it appears that a child committed to the department is mentally ill or defective, the department may use state mental hospital facilities or other resources for observation of mental conditions. *This period of observation shall not exceed thirty (30) days. After thirty (30) days, the child shall be removed or a mental inquest proceeding through circuit court shall be obtained pursuant to the appropriate provisions of KRS Chapter 202.* If it appears from such observations that the child requires treatment or hospitalization for mental illness or defect, the department shall cause proceedings to be instituted pursuant to the appropriate provisions of KRS chapter 202.

Section 14. KRS 208.510 is amended to read as follows:

Any child committed to the department who is placed on *supervised placement from a residential treatment facility* [parole] by the department and who violates the terms or conditions of *supervised placement* [parole] may be apprehended and returned to active custody of the department by any probation officer of the department or by any peace officer on direction of the department, *provided that an administrative hearing has been held by persons designated by the department to hear such matters at which time the child and parents shall be given an opportunity to be heard and be represented by counsel.*

Section 15. KRS 208.540 is amended to read as follows:

Any peace officer who conveys a child from the committing court or from the detention facility of the committing court to an institution or facility operated by the department shall be allowed *an amount prescribed by regulation adopted by the executive department for finance and administration* [ten cents (10¢) per mile,] calculated by the nearest traveled route, and shall be paid for all necessary expenses for feeding, lodging and transporting the child. The officer shall make out a full account of all expenses so incurred by him and give the distance traveled. The account shall be verified by the officer upon oath before the county court and certified by the county clerk to the department, for payment out of funds appropriated for the purpose.

SECTION 16. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) If child is not released as provided in subsection (3) of KRS 208.110, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. The officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention.

(2) When a child is detained for the alleged commission of an offense as provided in KRS 208.020(1)(a), (b), and (c) and not released, a hearing shall be held as soon as practical, but not to exceed seventy-two (72) hours, exclusive of Sunday, and legal holidays, of the commencement of detention.

(3) The child shall be afforded all constitutionally guaranteed rights at every stage of the proceedings including, but not limited to notice of the charges, the privilege against self-incrimination, the right to confront and cross-examine witnesses and the right to counsel.

(4) The hearing shall address the following issues:

(a) If there is probable cause to believe that an offense has been committed and that the accused child committed that offense. The commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence, and if it should fail to establish such probable cause, the child shall be released and the complaint dismissed;

(b) Whether further detention is necessary to assure the safety of the child, protection of the community, and the appearance of the child in court;

(c) In determining detention for offenses provided in KRS 208.020, the court shall consider the seriousness of the alleged offense; the possibility that the child would commit and offense dangerous to himself or the community pending disposition of the original offense; the child's prior record, if any; and whether there are charges pending against the child in another jurisdiction;

(d) In determining detention for offenses provided in KRS 208.020(1)(b) and (c), the court shall consider the availability of a parent, guardian or responsible adult, court-appointed supervisory or probation personnel, or foster care or emergency shelter care facilities that would insure the control and safety of the child; and the availability of adequate and secure detention facilities which would provide segregated detention for the child. Secure detention for status offenders is to be used in only those cases when the court is of the opinion that other alternatives are either not available or cannot provide the degree of control and safety necessary to assure the safety and security of the child.

(5) If, after completion of the detention hearing the court is of the opinion that detention is necessary, the order shall state in writing the specific reasons for detention and the nature of the detention.

(6) Unless a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible persons pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.

(7) Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least seventy-two (72) hours prior to the initial hearing on the case.

SECTION 17. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) If a child is sixteen (16) years of age or older, and is adjudicated delinquent in the commission of a class A felony, class B felony, or capital offense or found guilty of a class A felony, class B felony, or capital offense, the sentencing court in its discretion may commit the child to the department for purposes of institutionalization for an indeterminate period of time of not less than six (6) months.

(2) If a child is sixteen (16) years of age or older, and is adjudicated delinquent in the commission of a felony offense or found guilty of a felony offense and has previously been adjudicated delinquent of a felony offense or found guilty of a felony offense in two or more separate adjudications, the sentencing court in its discretion may commit the child to the department for purposes of institutionalization for an indeterminate period of time of not less than six (6) months.

(3) The department shall maintain jurisdiction over the child during the the period of the commitment.

(4) The department shall notify the committing court prior to the termination of institutionalization as to the future intentions of the department as they relate to continued treatment of the child.

(5) The committing court may, with the consent of the department and upon motion of the child, grant shock probation to any child committed under this section after the child has been committed for a minimum of thirty(30) days.

SECTION 18 A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) Physical evidence shall be obtained and utilized in the investigation of public offenses involving children in the same manner as it is obtained and utilized in the investigation of public offenses involving adults.

(2) All records and physical evidence so obtained shall be surrendered to the court upon elimination of a child as a suspect in the case.

(3) Any person who violates the provisions of this section shall be guilty of a class B misdemeanor.

SECTION 19. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) The juvenile court shall notify the law enforcement agency of the child's county of residence and the law enforcement agencies where any offense was committed of the disposition of each case and of each child committed by the court who is placed in a residential treatment facility by the department.

(2) The department shall notify the juvenile court of the county of placement with the conditions of supervised placement of each child placed in that county from one of the residential treatment facilities operated by the department. Notice of the conditions of such placement may be made available by the court to any law enforcement agency."

**HB 689,** AN ACT relating to policies and procedures for professional service contracting by governmental units.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

SECTION 1. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:
This Act shall be known as the "Consultants' Selection and Negotiation Act."

SECTION 2. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:
The general assembly declares it to be a legislative finding of fact that it is in the best interest of the public health, safety, and welfare and of good fiscal management to seek the most qualified and competent individuals and firms at fair, competitive, and reasonable compensation to provide professional services to all units of government. The general assembly expresses its desire by this Act to promote competition on the basis of demonstrated professional skill among firms interested in providing professional services to units of government. Therefore, the general assembly declares it to be in the public interest to prohibit the payment of contingent fees or other considerations for obtaining professional service contracts financed from public funds.

SECTION 3. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:
As used in this Act, unless a different meaning is clearly indicated by the context:

(1) "Professional services" mean those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered land surveying as defined by the laws of the state of Kentucky or those services performed by any architect, professional engineer, landscape architect, or registered land surveyor in connection with his or her professional employment or practice.

(2) "Agency" means the state, its agencies, municipalities, or other political subdivisions, school districts, school boards, and all other special districts.

(3) "Firm" means any individual, firm, partnership, corporation, association, or other legal entity, other than a regular, full-time agency employe, permitted by law to practice architecture, engineering, landscape architecture, or land surveying in Kentucky.

(4) "Compensation" means the total amount paid by the agency for professional services.

(5) "Agency official" means any elected or appointed officeholder, employe, consultant, any person having a professional service contract with the agency, or any other person receiving compensation from an agency.

SECTION 4. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) On each occasion when professional services are required to be purchased from a firm, no agency shall make a contract for professional services without first:

(a) Making newspaper advertisement for bids in accordance with KRS Chapter 424;

(b) Publicly announcing its requirement for professional services in a uniform and consistent manner; and

(c) Mailing an announcement of its requirement for professional services to each certified firm that has requested such notification.

(2) Each announcement and advertisement required by subsection (1) of this section shall include a general descriptive of the project for which professional services are required and shall indicate how interested firms can apply for consideration.

SECTION 5. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) Any firm desiring to provide professional services to an agency shall first be certified by the agency as qualified, pursuant to law and to the regulations of the agency adopted under this section, to provide professional services needed by the agency.

(2) Each agency shall adopt regulations establishing the factors and administrative procedures to be used in the evaluation and certification of the services of firms desiring to provide professional services to the agency. The evaluation factors shall include, but need not be limited to, the capabilities, adequacy of personnel, past record and experience of firms, such other factors as the agency may determine to be applicable to its particular requirements, and the ranking of such factors in importance if such ranking is used by the agency in evaluating the professional services of firms.

(3) The agency's evaluation and certification procedures shall be made known to all firms requesting consideration for certification and shall be a matter of public record, open to public inspection.

SECTION 6. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) Each agency shall encourage firms engaged in the lawful practice of their profession and who desire to provide professional services to the agency to apply for certification by submitting a current statement of qualifications and performance data to the agency.

(2) Upon receipt of a firm's application for certification, the agency shall make a finding that the firm is or is not fully qualified to render the required professional services, based upon the information supplied by the firm and the agency's regulations. Upon completion of its review, the agency shall notify the firm of its decision and the reasons therefor.

(3) Any firm aggrieved by an agency's decision that the firm is not fully qualified to render the required services may, within ten (10) days after receiving notification of the decision, request in writing a reconsideration of its application, and may submit additional evidence bearing on its qualifications. The agency shall thereupon reconsider the application and may adhere to, modify or reverse its previous decision. The agency shall act upon any request for reconsideration within thirty (30) days after the filing of the request and shall immediately notify the applicant of the action taken. Within ten (10) days of its notification of the agency's final action on the reconsideration, any firm that is still aggrieved by the agency's decision may appeal to the Franklin Circuit Court or any other court of competent jurisdiction on the grounds of fraud or abuse of discretion by the agency. The appeal shall be perfected by filing a bond with the clerk of the court in such amount as the clerk may fix and by causing a summons to be served upon the agency as in other civil actions. The court shall hear the evidence offered by the applicant and by the agency, and, if the court finds that there was neither fraud nor abuse of discretion, it shall dismiss the appeal. Otherwise, the court may make the order with respect to qualifications which it finds should have been made by the agency. The order of the court shall be binding on the agency. Decisions of the court may be appealed in accordance with the Rules of Civil Procedure.

(4) Each certified firm shall annually submit to the agency any information necessary to update the statement of qualifications and performance data last submitted to the agency by the firm.

SECTION 7. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) Each agency shall appoint a selection committee which shall be responsible for all competitive selection activities of the agency. The selection committee shall consist of:

(a) Not less than six (6) elected or appointed public officeholders with direct or indirect responsibility for or official interest in the professional service requirements of the agency; and

(b) Not less than three (3) citizen members who are not agency officials.

(2) Any member of a selection committee who has any direct or indirect financial interest in the outcome of any question before the committee shall disclose the nature of his interest, shall disqualify himself from voting on the question, and shall not be counted for the purposes of a quorum.

SECTION 8. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) For each proposed project for which the professional services of a firm are required, the agency and selection committee shall evaluate current statements of qualifications and performance data of the certified firms that have expressed an interest in providing professional services for the proposed project. The agency and at least a majority of the selection committee members shall conduct discussions with and require public presentations by not less than three (3) certified firms regarding their qualifications for, approaches to, and ability to provide the services required for the proposed project.

(2) The selection committee shall select not less than three (3) certified firms that it deems to be most highly qualified to perform the required services and shall rank the firms in order of preference. In making its selection and ranking of firms, the committee shall consider such factors as the ability of professional personnel; past performance; willingness to meet time and budget requirements; location; and recent, current and projected work loads of the firms. The committee shall also consider the volume of work previously awarded to the firms by the agency with the object of effecting an equitable distribution of professional service contracts among certified firms, provided that such distribution shall not violate the principle of selection of the most highly qualified firms. The committee's preference listing of firms shall be final and in no way subject to modification.

(3) This section shall not apply to professional service contracts of $5,000 or less.

SECTION 9. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) The agency shall attempt to negotiate a contract for professional services with the firm designated as most qualified by the committee, or by the agency in the case of contracts of $5,000 or less, at compensation which the agency determines is fair, competitive and reasonable and consistent with other requirements of this Act. In making its determination of compensation, the agency shall consider the scope and complexity of the professional services required and shall conduct a detailed analysis of the cost of the professional services required.

(2) Should the agency be unable to negotiate a satisfactory contract with the most qualified firm, at compensation which the agency determines to be fair, competitive and reasonable, the agency shall formally terminate negotiations with that firm. The agency shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the agency shall terminate negotiations with that firm. The agency shall then undertake negotiations with the third most qualified firm.

(3) Should the agency be unable to negotiate a satisfactory contract with any of the selected firms, the selection committee, or the agency in the case of contracts of $5,000 or less, shall select additional certified firms in order of their competence and qualifications and the agency shall undertake negotiations with such firms in accordance with this section until an agreement is reached.

(4) For all lump-sum or cost-plus-a-fixed fee professional service contracts, the agency shall require the firm receiving the award to execute a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete and current at the time of contracting. Any professional service contract for which such a certificate is required shall include a provision that, if the agency determines that the original contract price was increased due to inaccurate, incomplete or non-current wage rate or cost data, the original contract price and any additions thereto shall be adjusted to exclude the amount of such increase. All such contract adjustment shall be made within one (1) year following expiration of the contract.

(5) The cost of any change orders subsequent to the awarding of a professional service contract shall not exceed the initially negotiated cost. Any professional service contract, including change orders, shall expire not more than three (3) years from the date the contract was awarded. A firm having a professional service contract with an agency may participate without prejudice in subsequent, related contract selection and negotiation proceedings.

SECTION 10. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) Each contract for professional services entered into by an agency shall contain a prohibition against contingent fees as follows: "The architect, landscape architect, registered land surveyor or professional engineer (as applicable) warrants that he has not employed or retained any company or person, other than a bona fide employe working solely for the architect, registered land surveyor, landscape architect or professional engineer, to solicit or secure this agreement, and that he has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employe working solely for the architect, landscape architect, registered land surveyor or professional engineer any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award or making of this agreement." (3) The commission constitutes a public body corporate with perpetual succession and power in its name to contract and be contracted with, sue and be sued, adopt bylaws, have and use a corporate seal, and exercise all of the powers granted to private corporations generally in KRS chapter 271A, except as the same may be inconsistent with KRS 56.440 to 56.550.

(4) Subject to the provisions of KRS 56.550, but notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, all revenue bonds issued by state agencies except as provided in this chapter *(but not including bonds issued directly by and in the name of the commonwealth of Kentucky under*

*authorization of the executive cabinet),* shall be issued under the provisions of this chapter; Provided further, That as an additional and alternative method for the issuance of revenue bonds under the provisions of this chapter, upon application of any state agency and approval by the commission, the commission acting for and on behalf of said state agency may issue revenue bonds in its own name in accordance with the terms and provisions of KRS chapter 58 secured by and payable solely from all or any part of the revenues of said state agency as may be specified and provided in such approved application, and any covenants and undertakings of said state agency in such approved application with regard to the production of such revenues and the use, application or disposition thereof may be enforced by the holders of any such revenue bonds or by any trustee for such bondholders. *In issuing bonds under its own name, or in approving issuance of bonds by other state agencies, the commission shall be deemed to be acting for the state government of the commonwealth of Kentucky as one unit within the meaning of the regulations of the United States department of the treasury, internal revenue service, and it shall be limited to the issuance of bonds to accomplish the public purposes of that unit.*

Any such designation of an alternate may, in the discretion of the appointing member, be limited upon the face of the appointing instrument, to be effective only for a designated meeting or only for specified business; or the same may be shown on the face of the appointing instrument to be on a continuing basis *(but in no case for a period of more than four years),* whenever the appointing member is unable to attend, but always subject to revocation by the appointing member in an instrument of like formality, similarly filed with the secretary as a public record of the commission. Any party transacting business with the commission, or materially affected thereby, shall be entitled to accept and rely upon a joint certificate of the secretary of the commission and any member of the commission concerning the designation of any alternate, the time of designation, the scope thereof, and if of a continuing nature whether the same has been revoked, and when; and such joint certificate shall be made and delivered to any such party within a reasonable time after written request is made therefor with acceptable identification of the business or transaction referred, and of the requesting party's interest therein. Each alternate shall be a person on the staff of the appointing member, or in the employ of his agency or department of the government of the commonwealth, as the case may be.

(b) Any three (3) members of the commission shall constitute a quorum and shall by majority vote be authorized to transact any and all business of the commission. Section 3. KRS 56.510 is amended to read as follows:

(1) In carrying out the purposes of KRS chapter 56, and in providing for the expenditure of funds for the acquisition of real estate or for a building project for the state or for any state agency, the department may find that the cost may be paid in whole or in part (a) out of the funds appropriated specifically for capital outlay purposes, or (b) out of funds directly appropriated to the involved state agency which may legally be available for the purpose, or (c) out of funds derived or which may be derived by the issuance and sale of revenue bonds by the commission *(but only for the purpose of acquiring property for use by the state government or one of its departments or agencies, but not including any independent municipal corporation or political subdivision),* or (d) by any one (1) or a combination of said methods of financing. Any such findings providing for the issuance and sale of bonds shall be submitted to the commission for final determination. When any funds appropriated to or standing to the credit of a particular state agency are to be used for a purpose of the character above contemplated, the head of the agency may direct that the funds be transferred to the credit of the executive department for finance and administration and made available for expenditure by the executive department for finance and administration for the agreed purpose.

(2) In any case where the expenditures for the acquisition of real estate or for a building project for the state or any state agency are to be financed in whole or in part by the issuance or sale of revenue bonds, the commission may provide that the title to any real estate which may be so acquired shall not vest in the commonwealth until the revenue bonds, together with interest thereon, have been paid in full. In such cases the commission may, by agreement or in a trust indenture securing the payment of such revenue bonds, provide that the title of such real estate may be vested in some other state agency, or in a trustee named in such indenture, until the revenue bonds, together with the interest thereon, have been paid in full. *It shall be provided in any such financing (i) that upon the retirement and discharge of the bonds, notes, or other obligations issued by the commission at the direction of and on behalf of a state agency, title to the public*

(3) The department, in providing for the expenditure of funds for any of the purposes mentioned in this section, or the commission in providing for the issuance and sale of bonds, shall have power to provide by agreement with the state agency affected, or by provision in the trust indenture securing the bonds, such terms and conditions as may be considered appropriate and reasonable so as to permit the leasing to, and use by, any state agency which provides funds either (a) from its own appropriation, or (b) by the issuance of revenue bonds, or (c) by means of a proposal to pay a rental for the use of all or any part of any building proposed to be constructed. The department or the commission, in making any such lease agreement, or in making provision in any trust indenture securing revenue bonds, is authorized and empowered to lease all or any part of the building for such term and upon such conditions and for such considerations as may appear to be in the public interest.

The payment of the bonds, together with the interest thereon, may be secured by a pledge and a first lien on all of the receipts and revenue derived, or to be derived, from the rental or operation of the property involved. Neither the payment of any bond, nor the interest thereon issued under the authority of KRS chapter 56, shall constitute an indebtedness of the commonwealth of Kentucky, nor shall any bond or interest thereon be payable out of any fund except funds derived from rentals or other revenues derived from the operation of the properties or from revenues as are available for the purpose by law.

(3) All bonds issued by the commission under the provisions of KRS chapter 56, shall be sold after newspaper advertising conforming to the requirements of KRS chapter 424.

(4) All competitive bids for the sale of revenue bonds shall be opened and read publicly by the commissioner of finance or his representative at a designated place, day and hour, all of which shall be announced in the advertising made relative thereto.

(5) In the event the commission issues and sells bonds for a building project as authorized by KRS chapter 56, insurance, including fire and windstorm, casualty, catastrophe, use and occupancy and such other insurance as the commission may deem advisable, shall be carried in connection with the building project, and it may so obligate and bind itself in a trust indenture securing the payment of the bonds. Any insurance shall be paid for out of funds available for the project.

The applicant shall indicate the combination of letters or numbers, or both, requested as a registration number. There shall be no duplication of registration numbers, and the department may refuse to issue any combination of letters or numbers, or both, that may carry connotations offensive to good taste and decency or which would be misleading.

No personalized plate shall be issued if, in the discretion of the department, it carries such letter or number combinations which might carry connotations offensive to good taste and decency. The owner must make a new application and pay a new fee each year he desires to obtain a personalized plate. Once an owner obtains a personalized plate, he will have first priority on that plate for each of the following years that he makes timely and proper application.

(3) In the event a personalized plate is lost, stolen or mutilated, the owner may not obtain another such plate until the next registration year. He may, however, obtain the plate for which he had originally registered his motor vehicle under the provisions of KRS 186.050(1).

NOW, THEREFORE,

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 103.200 is amended to read as follows:

As used in KRS 103.200 to 103.285, "building" or "industrial building" means any building, structure, *machinery, equipment* or related improved *site,* area *or edifice* suitable for and intended for use as, *or in connection with the use of,* a factory, mill, shop, processing plant, assembly plant, fabricating plant, *generating plant, or other energy conversion facility,* hospital, facility for the treatment or care of the aged or the infirm, [or] *and any* parking or pollution control area or structure *or industrial transportation facility (including railroad tracks, and docks, wharves and storage and other port facilities directly related thereto, but excluding rolling stock used outside of an industrial building)* deemed necessary to *or useful in* the establishment, retention or expansion thereof, [and the necessary operating machinery and equipment,] or any of these things, to be rented or leased to a domestic or foreign corporation by the city or county by which it is acquired. *A processing plant, within the meaning of this section, shall include any plant established as a manufacturer's distribution center for the packaging or re-distribution of products, any product modification center, and any plant established for the purpose of processing minerals, including the washing, drying, separating, grading, preparing, sorting, and the loading thereof.*

Section 2. KRS 103.210 is amended to read as follows:

In order to promote [the] reconversion to peacetime economy, to relieve [the] conditions of unemployment, to aid in the rehabilitation of returning veterans, to encourage the increase of industry in this state, and to aid in the retention of existing industry through the control of pollution *or through conversion of energy facilities to more readily available fuels,* any city or county may borrow money and issue negotiable bonds for the purpose of defraying the cost of acquiring any industrial building, either by purchase or construction, but only after an ordinance or resolution has been adopted by the legislative body of the city or the fiscal court of the county, as the case may be, specifying the proposed undertaking, the amount of bonds to be issued, and the maximum rate of interest the bonds are to bear. The ordinance or resolution shall further provide that the industrial building is to be acquired pursuant to the provisions of KRS 103.200 to 103.280. *Each such bond-authorizing ordinance or resolution shall be effective only after publication, in a newspaper authorized to publish official advertisements for the issuer, of the title to said ordinance or resolution, together with a statement signed by the clerk of the issuer setting forth the amount of the issue, the name of the lessee corporation, and the fact that the bonds are to be retired from the proceeds of the lease payments as set forth in KRS 103.200 to 103.285 inclusive. No publication of the complete ordinance or resolution shall be required, but said ordinance or resolution shall be entered upon the records of the issuer and shall be available for public inspection.*

Section 3. KRS 103.220 is amended to read as follows:

(1) The bonds may be issued to bear interest at a rate fixed by the city legislative body or the fiscal court of the county, payable either annually or semiannually, and shall be executed in such manner and be payable at such times not exceeding twenty-five (25) years from date thereof and at such place or places as the city legislative body or the fiscal court of the county, as the case may be, determines.

(2) The bonds may provide that they or any of them may be called for redemption prior to maturity under conditions fixed by the city legislative body or the fiscal court of the county, as the case may be, before issuing the bonds.

*(3) Any bonds issued and outstanding hereunder may, at any time on or after the earliest redemption date provided therefor at the time of their issuance, be refunded by the issuer, with the consent of the lessee, in such amount as the governing body may deem necessary to refund the principal of the bonds to be refunded, together with any unpaid interest thereon, and to pay the costs of any improvements or additions to the project, and of any premiums, expenses and commissions required to be paid in connection therewith. Any refunding bonds issued under the authority of this section shall be payable from the revenues out of which the bonds to be refunded were payable.*

*(4) Any bonds issued and outstanding hereunder and the coupons appertaining to such bonds shall prior to the maturity or redemption date thereof be deemed to have been paid to the same extent as if they had actually been paid in cash and retired, if (a) in case any of such bonds are to be redeemed on any date prior to their maturity, the issuer of such bonds shall have given a trustee appointed for the holders of such bonds in connection with their issuance, in form satisfactory to such trustee and in conformity with the requirements of the ordinance or resolution authorizing their issuance, irrevocable instructions to give notice of redemption of such bonds to the holders thereof by publication or by other method which is satisfactory to such trustee, (b) there shall have been deposited with the trustee either money in an amount which shall be sufficient, or direct obligations of or obligations guaranteed by the United States of America, the principal of and the interest on which, when due, will provide money which, together with the money, if any, deposited with the trustee at the same time, shall be sufficient, to pay when due the principal and the interest due and to become due on such bonds on and prior to redemption date or maturity date thereof, as the case may be, and (c) in the event that such bonds are not to be redeemed within the next succeeding sixty days, the issuer shall have given the trustee in form satisfactory to it irrevocable instructions to give, as soon as practicable, in a manner satisfactory to it, a notice to the holders of such bonds and coupons that the deposit required by (b) above has been made with the trustee, that such bonds and coupons are deemed to have been paid in accordance with the provisions hereof and stating such maturity or redemption date upon which money is to be available for the payment of the principal of and interest on such bonds. Any deposits made under (b) hereof, to the extent not secured by the Federal Deposit Insurance Corporation, shall be secured by the pledging of direct obligations of or obligations guaranteed by the United States of America.*

*(5) It is hereby declared and determined that the issuance of any and all refunding bonds as provided herein will be for a public purpose if the legislative body of the issuer authorizing such bonds so declares in the proceedings authorizing same, it being hereby declared and determined that the ability of any domestic or foreign corporation renting or leasing any facilities financed by the bonds to cause refunding bonds to be issued will be an inducement for such domestic or foreign corporation to establish in Kentucky the facilities provided for in KRS 103.200 and will tend to further the purposes of KRS 103.200 through 103.280.*

*(6) No bonds shall be issued hereunder in violation of federal statutes or regulations prohibiting arbitrage profits.*

Section 4. KRS 103.250 is amended to read as follows:

(1) A statutory mortgage lien shall exist upon the industrial building so acquired in favor of the holders of the bonds and coupons. The industrial building so acquired shall remain subject to the statutory mortgage lien until the payment in full of the principal of the bonds, and all interest due thereon. *Said statutory mortgage lien shall be effective from and after the recording of a lease of the property, which has been acquired by the issuer of the bonds, to the lessee corporation, and said lien shall attach to all of the property described in said lease, including machinery, equipment and appurtenances described therein in either general or specific terms. No filing or recording or notice of said lien on property held or thereafter acquired by the issuer from the proceeds of the bonds shall be required under the uniform commercial code.*

(2) If there is any default in the payment of principal or interest of any bond, any court having jurisdiction of the action may appoint a receiver to administer the industrial building on behalf of the city or county, as the case may be, with power to charge and collect rents sufficient to provide for the payment of any bonds or obligations outstanding against the building, and for the payment of operating expenses, and to apply the income and revenue in conformity with KRS 103.200 to 103.280 and the ordinance referred to in KRS 103.210.

SECTION 5. A NEW SECTION OF KRS CHAPTER 103 IS CREATED TO READ AS FOLLOWS:

Notwithstanding the provisions of KRS 103.250, it may be provided in the proceedings authorizing bonds issued under the terms of KRS 103.200 to 103.285, inclusive, that the issuer, in connection with the issuance of its bonds, execute a mortgage deed of trust in favor of the trustee on the project acquired or constructed through the application of the proceeds of the bonds, providing that in the event of default by the issuer in the payment of interest on or principal of its bonds, or in the event of default of any other covenant contained in such mortgage deed of trust, the trustee, upon behalf of the bondholders, may institute and carry through foreclosure proceedings in which the property secured by the mortgage deed of trust may be sold, the proceeds of such sale to be applied to the payment of the bonds and any interest or premium due thereon, and to the costs of the proceedings. In connection with such plan of financing, such provisions may be inserted in the bonds themselves and in the mortgage deed of trust as may be necessary to protect the bondholders and to make such bonds salable with the lowest net interest cost to the issuer. If the issuer declares its intent by ordinance or resolution to follow the provisions of this section the statutory mortgage lien provided in KRS 103.250 shall not attach and all other provisions of KRS 103.200 to 103.285, inclusive, which are necessarily inconsistent with the mortgage deed of trust shall be inapplicable to the extent of such necessary inconsistency.

SECTION 6. A NEW SECTION OF KRS CHAPTER 103 IS CREATED TO READ AS FOLLOWS:
If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

The Committee Substitute for **SB 362** is as follows:

If the court finds the establishment of a gas distributing system by such district reasonably necessary for the public health, convenience, and comfort of the residents, it shall make an order authorizing the establishment or acquisition of the gas distributing system.

(3) The court may in its order strike off any part of the territory that the testimony shows will not be benefited by the creation of the distribution system. If the court does not find that the gas distribution system is necessary it shall dismiss the petition. Either party may appeal to the circuit court for a retrial, and from the circuit to the Court of Appeals, as provided by law.

Section 20. KRS 75.010 is amended to read as follows:

(1) A petition for the establishment of a fire protection district or a volunteer fire department district signed by at least fifty-one per cent (51%) of the *qualified* voters, as determined by the registration books covering the territory, and living within the boundary of the proposed fire protection district or volunteer fire department district may be filed in the circuit court clerk's office of the county in which the greater part of the territory is located, not less than twenty (20) days before the commencement of the next regular term of court, and in courts of continuous sessions not less than twenty (20) days before the first day of the next calendar month. The petition shall set out the metes and bounds of the proposed fire protection district or volunteer fire department district, the number of voters thereof, and other facts thought proper. *The petition shall comply with the provisions of Section 3 of this Act.* Notice of the filing of the petition and the object thereof shall be given by publication pursuant to KRS chapter 424, and by notices posted for at least ten (10) days before the commencement of the court, one (1) at the courthouse door, and three (3) others at public places within the bounds of the proposed fire protection district or volunteer fire department district. On the second day of the term, and in courts of continuous session on the day provided for in the notice, the court shall, if the proper notice has been given and publication made, and no written objection, remonstrance or defense is interposed, enter a judgment establishing a fire protection district or a volunteer fire department district in accordance with the prayer of the petition, naming it, and describing the boundary thereof by metes and bounds. Defense, objection or remonstrance may be made to the petition by any inhabitant of the proposed fire protection district or a volunteer fire department district, or any person owning property therein, and if defense, objection or remonstrance is made, the court shall hear and determine the same, and render a judgment establishing, or refusing to establish the fire protection district or volunteer fire department district as may seem proper. The pleadings and practice as herein provided shall be the same as in equity cases, as nearly as may be practicable, with right of appeal to the Court of Appeals in accordance with the Rules of Civil Procedure. The appeal shall be advanced upon the docket.

(2) In no event shall any fire protection district or any volunteer fire department district include within its metes and bounds any territory at that time or thereafter included in any city of this commonwealth which maintains a "regular fire department," and which city has paid its proportionate share of the indebtedness incurred while such territory was a part of that district.

Section 21. KRS 75.020 is amended to read as follows:

(1) The territorial limits of an established fire protection district, or a volunteer fire department district, as established under KRS 75.010 to 75.080, may be enlarged or diminished in the following way: The trustees of the fire protection district or of the volunteer fire department districts shall file a petition in the circuit court clerk's office of the county in which that district and the territory to be annexed or stricken off, or the greater part thereof, is located, not less than thirty (30) days before the next regular term of said court and in courts of continuous session not less than thirty (30) days before the first day of a succeeding calendar month, describing the territory to be annexed or stricken and setting out the reasons therefor. Notice of the filing of such petition shall be given by publication and posting in the same manner as provided for in KRS 75.010. On the second day of the term, and in courts of continuous session on the day fixed in the notice, the court shall, if the proper notice has been given, and the publication made, and no written defense, objection or remonstrance is interposed enter a judgment annexing or striking off the territory described in the petition. Fifty-one per cent (51%) or more of the *qualified voters* [freeholders] of the territory sought to be annexed or stricken off may, at any time before the next regular term of said court, and courts of continuous session at any time before the date fixed in the notice, remonstrate in writing, filed in the clerk's office, to the action proposed. If such written remonstrance be filed said clerk shall promptly give notice to the trustees of the fire protection district, or of the volunteer fire department district, and the court shall promptly set the case for a hearing. If upon such hearing, the court finds from the evidence that a failure to annex or strike off such

territory will materially retard the functioning of the fire protection district or the volunteer fire department district and materially affect adversely the owners and the inhabitants of the territory sought to be annexed or stricken off, it shall enter a judgment, granting the annexation or striking off the territory. In the latter event, no new petition to annex or strike off all or any part of the same territory shall be entertained for a period of two (2) years. The pleadings and practice herein provided shall be the same as in equity cases, as nearly as may be practicable, with right of appeal to the Court of Appeals in accordance with the Rules of Civil Procedure. Such appeal shall be advanced upon the docket.

(2) The property in any territory annexed to a fire protection district or to a volunteer fire department district shall not be liable to taxation for the purpose of paying any indebtedness incurred by the fire protection district or the volunteer fire department district prior to the date of the annexation of such territory, except such indebtedness as represents balance owing on purchase price of fire fighting equipment. The property in any territory stricken off from a fire protection district or a volunteer fire department district by the incorporation of or annexation by a city of this commonwealth shall not be relieved of liability of such taxes as may be necessary to pay its proportionate share of the indebtedness incurred while such territory was a part of that district. Territories stricken by action of the court under the provisions of subsection (1) shall be relieved of liability for all indebtedness incurred by the fire protection district or the volunteer fire department district.

(3) Any city that maintains a "regular fire department," and has either by incorporation or annexation caused property to be stricken from a fire protection district or a volunteer fire department district, may assume the liability of such taxes as may be necessary to pay the proportional share of the indebtedness incurred while such territory was a part of said district.

Section 22. KRS 75.025 is amended to read as follows:

(1) The fiscal court of any county, upon petition of seventy-five (75) *qualified voters* [freeholders] of the proposed district, may establish a county fire protection district within the county for the purpose of protecting the property and citizens of the county who reside outside of any municipality wherein a fire department is maintained. *The petition shall comply with the provisions of Section 3 of this Act.* The petition shall describe the territory intended to be included in the district, and shall set out the reasons a county fire protection district is needed.

(2) When the petition is filed the court shall give notice of the filing by publication as provided in KRS chapter 424. Within thirty (30) days after the publication of notice, any resident of the proposed district may file objections, and the court shall set the case for hearing within ten (10) days. If the court finds that the establishment of such district is reasonably necessary for the public health, convenience, fire protection and comfort of the residents, it shall make an order establishing the district, and designating it by name or number.

(3) If the court does not find that the district is necessary, it shall dismiss the petition. Either party may thereupon appeal to the circuit court for a retrial, and from the circuit court to the Court of Appeals as provided by law.

(4) The county fire protection district shall possess all the rights and authority provided by KRS chapter 75.

Section 23. KRS 76.241 is amended to read as follows:

(1) The district may establish a construction subdistrict when twenty-five per cent (25%) or more of the *qualified voters* [freeholders of land] sought to be included in the construction subdistrict file their petition with the district. *The petition shall comply with the provisions of Section 3 of this Act.* The petition shall describe the territory intended to be included in the construction subdistrict and the sewer and drainage conditions and facilities existing in this territory. The territory of the construction subdistrict may be noncontiguous to other territory of the district. Tenants in common, joint tenants with or without right of survivorship, and tenants by the entireties shall be deemed one (1) freeholder or property owner.

(2) When the petition is filed with the district, said district shall give notice of the filing by publication pursuant to KRS chapter 424. Within thirty (30) days after the publication, any *qualified voter* [resident or freeholder] of the proposed construction subdistrict may file objections and the district shall set the case for hearing within thirty (30) days. If the district finds that the establishment of the construction subdistrict is reasonably necessary for the public health, convenience and comfort of the residents of the subdistrict, it shall make an order establishing the construction subdistrict and designating it by name and number.

(3) If the district finds that the construction subdistrict is not necessary, it may dismiss the petition. If the district finds that any part of the proposed territory will not be benefited, it may strike such part. If the district strikes a certain portion of the area, the signature of the *qualified voters* [freeholders] of that portion shall not be counted in determining whether the necessary twenty-five per cent (25%) have petitioned for the creation of the subdistrict. A copy of the order of the board establishing a construction subdistrict shall be published in accordance with KRS chapter 424.

(4) An order of the district rejecting or dismissing the petition shall be deemed a final order of the district appealable to the circuit court under the procedure set forth in KRS 76.247 within sixty (60) days. Appeals to the circuit court from the order establishing a construction subdistrict or striking or refusing to strike any territory from a construction subdistrict shall be made only as provided in KRS 76.247 and only after following the procedures required in KRS 76.247.

(5) In the event the owner or owners of all property or properties proposed to be included within the territorial boundaries of a construction subdistrict shall tender to the district their written request or requests that the district proceed immediately with the creation of a construction subdistrict, and the construction and installation therein of sewer facilities as provided in KRS 76.241 to 76.273, inclusive, and shall unqualifiedly waive all formalities and substantive rights contained in:

(a) KRS 76.241, concerning the affording of notice as to creation of a construction subdistrict, the time for filing objections to the creation thereof, and the time for appealing from an order establishing a construction subdistrict;

(b) KRS 76.243, concerning the affording of notice as to proposed assessments; and

(c) KRS 76.246, concerning the holding of a public hearing, and permitting litigation following the making and publication of an order concerning the construction plan in general.

(6) The district may thereupon make and publish an order creating such construction subdistrict, and its order as provided in KRS 76.246 (2), without further action being required, and may thereupon proceed to carry out said plan for improvements without further recourse to said identified statutory provisions and formalities; but in all such instances the written request or requests of the owner or owners of all properties proposed to be included within the territorial boundaries of such construction subdistrict shall be in recordable form and shall be recorded in the office of the clerk of the county court of the county wherein the properties are situated, and said clerk is authorized to record such instruments as in the case of mortgages and may charge and receive fees therefor as in the case of mortgages. Each resolution of the district, by which an improvement is undertaken according to this section, shall contain a recitation of the receiving of written requests and waivers from the owners of all properties included within the territorial boundaries of the construction subdistrict. In the event the district proceeds pursuant to KRS chapter 107, as authorized by KRS 76.251, the lien for which provision is made in KRS 107.160 shall attach upon publication of the resolution (equivalent to the "third ordinance") which authorizes issuance of improvement assessment bonds.

Section 24. KRS 76.244 is amended to read as follows:

(1) The report described in KRS 76.243 shall be made and filed within one (1) year of an order made under KRS 76.241 which establishes the construction subdistrict or the order made under KRS 76.241 shall be deemed to have been one (1) dismissing the petition and it shall be deemed to have been dismissed at the end of the one (1) year period.

(2) If, based on the report described in KRS 76.243, the board decides the proposed sewer or drainage construction, or both, is not technically and economically feasible, the board may make an order abolishing the construction subdistrict, which shall be published pursuant to KRS chapter 424 and which may be appealed in the manner described in KRS 76.247. If the board finds that such construction may be made feasible by deleting portions of the subdistrict area, it may delete such area or areas by amending the order made under KRS 76.241 (2); Provided, however, That at least twenty-five per cent (25%) of the *qualified voters* [ freeholders of land] included in the remaining area must have petitioned for the creation of the subdistrict. *The petition shall comply with the provisions of Section 3 of this Act.*

(3) If the board should determine that a proposed construction subdistrict sewer or drainage construction project, once found to be feasible, should no longer appear to be feasible, or should a change in circumstances make it appear that some alternative to a construction subdistrict represents a more desirable and feasible way of undertaking such sewer or drainage construction, then the board, in its sole discretion, may make an order abolishing the construction subdistrict, which order shall be published pursuant to KRS chapter 424 and which may be appealed in the manner described in KRS 76.247. In referring to KRS 76.247, this section is not intended to provide for de novo trial.

Section 25. KRS 76.278 is amended to read as follows:

(1) In order to establish a comprehensive sewage and sewage treatment system, or storm water and surface drainage system, or both within the sanitation tax district, the sanitation tax district through its board may levy an ad valorem tax upon the real property in the district, not exceeding limits designated by the constitution of the commonwealth. Provided, however, That notice stating the amount of the proposed tax and the area to be affected be published in a newspaper of bona fide circulation as provided in KRS 424.130. Provided, further, That no resolution of the board imposing an ad valorem tax shall go into effect until the expiration of thirty (30) days after the first publication of the notice. If during the thirty (30) days next following the first notice of said resolution, a petition signed by a number of [constitutionally] qualified voters equal to fifteen per cent (15%) of the votes cast within the area affected at the last preceding general election,

stating the residence of each signer, and verified as to signatures and residence by the affidavits of one or more persons is presented to the county court protesting against passage of such resolution or if the fiscal court passes a resolution suspending the tax, the resolution shall be suspended from going into effect. *The petition shall comply with the provisions of Section 3 of this Act.* The county judge shall notify the board of the sanitation tax district of the receipt of the petition or of the suspension of the resolution or both. If the resolution is not repealed by the board, the board shall submit to the voters of the area to be taxed, at a regularly scheduled election or at an election held for that purpose, the question as to whether the tax shall be levied. The question shall be so framed that the voter may by his vote answer "for" or "against." If a majority of the votes cast upon the question oppose its passage, the resolution shall not go into effect. If a majority of the votes cast upon the question favor its passage, the resolution shall go into effect as of January 1 of the year succeeding the year in which the election is held.

(2) When such tax levy has been fully approved, the property valuation administrator, with the cooperation of the board shall note on the tax rolls the taxpayers and valuation of the property subject to such tax. The county clerk shall compute the tax on the regular state and county tax bills in such manner as may be directed by regulation of the department of revenue.

(6) The board authorized to canvass election returns shall certify the result of the election to the clerk of the county court and to the clerk of the city. At the next regular term of court the county judge shall cause the certificate to be spread on the order book of the court. The secretary shall further require evidence to determine the fact that all signatures on the petition are genuine, and a notification by ordinary mail sent to the respective addresses shown on the petition shall establish the genuineness of a signature if the petitioner so notified fails to report in writing within ten (10) days that he did not sign the petition.] When authorized by ordinance, such a petition may be signed by a majority of the governing body of any municipality lying wholly or partly within the proposed district. [When so signed by a majority of such governing body the petition shall fill all requirements of representation on the part of the freeholders of the municipality as they appear upon the assessment roll of the municipality, and individuals within the municipality shall not sign the petition.]

Section 48. KRS 104.490 is amended to read as follows:

Section 49. KRS 104.520 is amended to read as follows:

(1) When the petition is filed with the commissioner, he shall investigate at once the boundary of the district proposed to be organized, and may, at the cost of the petitioners, cause to be made surveys necessary to establish with reasonable accuracy a boundary that will, in his judgment, accomplish the purpose sought by the creation of the district in a practicable and workable manner, and that will be sufficiently comprehensive to avoid confusion or interference with any other similar district then existing or that may be created. The boundary established by the commissioner need not follow the boundary proposed by the petitioners, but if the boundary established by the commissioner results in a material change from that proposed in the original petition the petitioners shall secure, in case of a larger or smaller area, the signatures of seventy per cent (70%) of the *qualified voters* [freeholders or owners] in the area as established by the commissioner.

(2) Should it be found desirable to include in a flood control district all or a portion of a city of the first, second or third class, the governing body of such city shall determine by ordinance whether the city or portion thereof shall be included in the district, or whether the city shall bind itself to pay the taxes levied for the benefits of the district in such area.

The election on creation of the district shall be held at the next regular election if the petition is filed at least ninety (90) days prior to the date for the regular election. The petition shall state that establishment of the district is being sought pursuant to this chapter, shall state the official name by which the district shall be known, and shall prescribe the territory intended to be included in the district.

(2) An urban services district may include territory in two or more counties. In the organization, conduct of elections and expansion of such districts, the county court and the county court clerk of each county shall perform the duties provided for by this chapter in relationship to the territory and voters of the district within that county.

(3) If a majority of those voting in each county on the question favor the establishment of an emergency ambulance service district it shall be so established and shall constitute and be a taxing district within the meaning of Section 157 of the constitution of Kentucky. The cost of the election shall be paid by the fiscal court.

(4) All special ad valorem taxes authorized by KRS 108.080 to 108.180 shall be collected in the same manner as are other county ad valorem taxes in each county affected and shall be turned over to the board of directors as the governing body of the district. The special ad valorem tax shall be in addition to all other ad valorem taxes. The sheriff shall be entitled to a fee of one per cent (1%) of the amount of the tax collected by him.

Section 54. KRS 108.160 is amended to read as follows:

Single county districts may be dissolved in the following manner:

(1) Upon the filing of a certified petition of one hundred (100) or more qualified voters in the district or upon the determination of the fiscal court that the abolishment of the district is in the best interest of the inhabitants of the county, the fiscal court shall adopt a resolution submitting to the qualified voters of the county as to whether the district should be dissolved and the imposition of the special ad valorem tax discontinued. *The petition shall comply with the provisions of Section 3 of this Act.* A certified copy of the resolution of the fiscal court shall be filed with the county court clerk at least sixty (60) days prior to the next regular election and thereupon the clerk shall cause the question to be placed on the ballot.

(2) The question on the ballot shall be in substantially the following form: "Are you in favor of dissolving the emergency ambulance service district for (insert name of county) and discontinuing the special ad valorem tax that is imposed for the maintenance and operation of the district?"

(3) If a majority of those voting on the question favor dissolving the district and discontinuing the imposition of the special ad valorem tax the county court clerk shall remove the levy of the special ad valorem tax from the tax bills of the property owners of the district and the district shall be dissolved by order of the fiscal court.

(4) A resolution for the dissolution of the district shall not be considered to have any legal effect if contractual obligations assumed prior to the time of the passage of the resolution by the board have not been met.

Additional territory may be added to a new community district in the following manner:

(1) Territory in an unincorporated area shall be added to a new community district upon approval of the board of commissioners of the district and the county court in which any portion of the additional territory is located when a petition signed by 51 per cent of the registered voters in the territory is filed in the county court in which the greater portion of said territory is located. *The petition shall comply with the provisions of Section 3 of this Act.*

The petition shall state the reasons for discontinuance and that all obligations of the district have been met. *The petition shall comply with the provisions of Section 3 of this Act.*

(2) After giving notice as provided in KRS chapter 424, the county court may conduct such hearings on the petition as may be necessary to assist in making a determination.

(3) If, after hearings on the petition for discontinuance of the district, the county court determines that a discontinuance is in the best interest of the residents of the district, the garbage district shall be dissolved by order of the county court.

Section 57. KRS 118.315 is amended to read as follows:

(1) A candidate for any office to be voted for at any regular election may be nominated by a petition of electors qualified to vote for him, complying with the provision of subsection (2) of this section.

(2) A petition of nomination for a state officer, or any officer for whom all the electors of the state are entitled to vote, shall contain one thousand (1,000) petitioners; for a representative in congress from any congressional district, or for any officer from any other district except as herein provided, four hundred (400) petitioners; for a county officer or member of the general assembly, one hundred (100) petitioners; for a soil and water conservation district supervisor, twenty-five (25) petitioners; for an officer of a precinct or ward, or other division less than a county except as herein provided, twenty (20) petitioners. The signatures of the petition need not be appended to one (1) paper. No petitioner shall be counted unless his residence and post-office address are designated. If any person joins in nominating, by petition, more than one (1) nominee for any office to be filled, he shall be counted as a petitioner for the candidate whose petition is filed first, except

a petitioner for the nomination of candidates for soil and water conservation district supervisors may be counted for every petition to which his signature is affixed. *The petition shall comply with the provisions of Section 2 of this Act.* [The petition shall state the name and residence of each of the candidates, the name of the office for which he is running, the district, if applicable, from which he is running, that he is legally qualified to hold the office, and that the subscribers desire, and are legally qualified, to vote for the candidate.] The petition shall designate a brief name or title of the party or principle that the candidate represents, together with any simple figure or device by which it is desired that he be designated on the voting machines.

[(3) The state board of elections shall prescribe the forms for the petition.]

Section 58. KRS 118.590 is amended to read as follows:

(1) Any person seeking the endorsement by a political party for the office of president of the United States who has not been nominated by the state board of elections, or any group organized in this state on behalf of, and with the consent of, such person, may file with the secretary of state certified petitions signed by 1,000 persons who, at the time they sign are registered and qualified voters in this commonwealth and are affiliated, by such registration, with the same political party as the candidate for whom petitions are filed.

(2) Such petitions shall be filed by the petitioners with the secretary of state no later than forty-five (45) days before the date fixed by law for the holding of the primary election.

(3) *The petitions shall comply with the provision of Section 2 of this Act.* [The petitions must state:

(a) The name of the candidate for nomination and the party of which he is a member;

(b) The name and address of the chairman of the group circulating such petition.]

(4) The secretary of state shall forthwith determine the sufficiency of petitions filed with him and shall immediately communicate his determination to the chairman of the group which has filed said petitions.

Section 59. KRS 132.100 is amended to read as follows:

Whenever the general assembly shall enact any act pursuant to section 171 of the constitution as amended, classifying property and providing a lower rate of taxation on personal property than upon real property, the provisions of the act shall be subject to a referendum upon the written petition of qualified voters equal in number to five per cent (5%) of the votes cast in the state for the candidates for governor at the last preceding regular election. *The petition shall comply with the provisions of Section 3 of this Act.* The petition shall be filed with the secretary of state not more than four (4) months after the final adjournment of the general assembly that passed the act on which the referendum is demanded, and shall specify the act or the item, section or part of the act on which the referendum is demanded. Each sheet of the petition shall contain the names of legal voters in but one (1) voting precinct, and shall state the county and precinct. [Each voter shall write his post office address opposite his name, and, in cities of the first, second or third class, his street address.]

Section 60. KRS 132.110 is amended to read as follows:

(1) Within five (5) days after the filing of the petition for referendum, the secretary of state shall transmit to the county court of each county in which petitioners reside the sheets containing the names of the petitioners of that county. [The county judge shall thereupon set a date not less than ten (10) nor more than fifteen (15) days thereafter when interested persons may appear and present proof as to the genuineness of signatures and the qualification of petitioners. After hearing proof,] *The* [the] county judge shall determine the number of *qualified* [legal] voters of his county who have signed the petition, cause the same to be entered upon the order book and certify it to the secretary of state.

(2) Within thirty (30) days after receiving from the county courts certification that a number of *qualified* [legal] voters constituting in the aggregate five per cent (5%) of the vote of the entire state have signed a petition for referendum, the secretary of state shall cause the proposed act or the parts thereof affected and the fact that the act will be submitted to the voters for their acceptance or rejection at the next general election to be published pursuant to KRS Chapter 424.

Section 61. KRS 160.045 is amended to read as follows:

(1) If seventy-five per cent (75%) of either the *qualified* [registered] voters or property owners in an area adjacent to either a county or independent school district petition the respective school boards for a transfer of said property to the school board district other than that in which it is located or if either board initiates such action, the school boards may effect such transfer by agreement, duly spread upon the minutes of their respective boards. *The petition shall comply with the provisions of Section 3 of this Act.*

(2) In the event that the boards fail to agree within ninety (90) days from the filing of petitions for such a transfer, either board may petition the superintendent of public instruction for approval or disapproval of the transfer of the property involved. In his consideration for giving approval or disapproval, he shall be governed by any policies and rules and regulations of the state board of education which may be affected by the transfer of the property and shall give due consideration to the following: the ratio of the wealth of the territory

involved in its relation to the total wealth of the district from which the territory will be annexed; the effect of the proposed territorial loss or gain on the educational programs of the respective districts; extent of and effect on the physical plant, facilities and equipment available in each of the affected districts; the indebtedness and bonded or rental obligations of the respective districts; any contemplated indebtedness or obligation arising out of the proposed transfer; and such other factors as may have a bearing upon the determination of the desirability of the proposed annexation from the vantage point of all interested persons.

(3) In those instances where the requested transfer will result in a surplus of physical plant, facilities or equipment in the transferring school district, the superintendent of public instruction shall determine an equitable plan for the transfer of any such surplus to the annexing district as his plan may determine will be needed. His plan shall be based on the fair value of such property on a replacement basis, taking into consideration its age and condition. In any considerations and suggestions which he may propose for the settlement of the differences between the boards of education, he shall be bound by any agreements outstanding between the boards of education of the school districts upon the effective date of this law.

(4) In the event the superintendent of public instruction is unable to arrive at a satisfactory agreement with the two (2) boards of education concerning the transfer of the involved property within one hundred twenty (120) days from the time it is presented to him, either board may request that he bring the matter on for hearing before the state board of education at its next regularly scheduled meeting. In that event, he shall file with the state board of education all the facts which he has gathered, the recommendation he has made, and the basis for his recommendation, for their consideration.

(5) Within at least ten (10) days before the holding of any hearing provided for in subsection two (2) or subsection four (4) of KRS 160.045, the superintendent of public instruction shall serve written notice thereof, by registered mail or by certified mail, return receipt requested, on the respective boards fixing the time and place at which the hearing shall be conducted. All hearings provided for herein shall be open to the public, and any interested person may appear and be heard in accordance with such rules and regulations as the state board of education may prescribe with reference thereto.

Section 62. KRS 160.048 is amended to read as follows:

(1) The General Assembly hereby finds that from time to time various school boards, in the exercise of their administrative discretion, have determined that their school districts would be most efficiently administered if one or more of the district's schools were constructed and operated on land located outside the school districts' boundaries. The General Assembly further finds that this has been desirable and in furtherance of an efficient system of common schools. As urbanization increases, and school districts throughout the commonwealth become more densely populated, available school sites within such districts will proportionately diminish, and it will with increasing frequency be necessary to construct schools on land not within the district of the school board constructing such schools. When a school is so located, it is more efficient for the school district constructing the school, but it is less efficient for the state-wide system of common schools and for the children residing in the immediate neighborhood of the new school, who reside in a different school district, and therefore must be transported to other, more distant schools. This situation results in an inefficient utilization of state and local school funds and school facilities, and is a result of the artifically drawn school district boundary lines. The General Assembly further finds that the discretionary method of transfer presently provided by KRS 160.045 is not adequate to assure an efficient operation of the common schools, and that it is desirable to provide for mandatory transfer of such areas. Pursuant to Section 183 of the Kentucky Constitution, the General Assembly declares that such situations are special situations and require special treatment. It is the intent of the General Assembly to provide by this statute a special method whereby such areas may be transferred to the school district operating the school or schools.

(2) If seventy-five percent of either the *qualified* [registered] voters or property owners in an area adjacent to a school district other than the district in which such area is located and in which area there is located a school owned and operated by such adjacent school district, petition the school board of the school district which owns and operates such school and the school board of the school district in which such area is located for the transfer of such area from the school district in which it is located to the school district which owns and operates such school, then such area shall be so transferred. *The petition shall comply with the provisions of Section 3 of this Act.*

(3) The effective date of such transfer shall be 60 days after the date on which the petition is filed with the two school boards; personal delivery of said petition to any member of the school board or to the superintendent of the school district shall constitute "filing" for purposes of this section. Provided, That if such effective date falls during a term of the school district in which such area is located, the two school boards involved may, by agreement, defer the effective date of such transfer until the end of said term.

(4) The terms and conditions of such transfer shall be determined in the manner provided for the determination of the terms and conditions of transfer under KRS 160.045, except that the State Superintendent of Public Instruction, the State Board of Education and the respective reviewing courts shall have no power to disapprove such transfer.

(5) Upon such transfer, the recipient district shall assume a portion of the bonded indebtedness of the losing district, as provided in KRS 160.065; such bonds shall remain the obligation of the issuing agency, and shall not be affected in any way by such transfer, except that each year the recipient district shall pay to the losing district a sum of money sufficient to make the payments on the portion of such indebtedness assumed by the recipient district, and such annual payments shall continue until all of the bonded indebtedness outstanding at the time of the transfer is paid in full.

(6) The method of transfer provided in this section shall be an alternative method to that set forth in KRS 160.045, and this section shall have no effect whatsoever on KRS 160.045.

Section 63. KRS 160.049 is amended to read as follows:

(1) The provisions of this section shall govern the transfer of adjacent areas from one school district to another school district in counties containing a city of the first class.

(2) (a) Twenty-five per cent (25%) of the *qualified* [registered] voters in all precincts encompassing a contiguous area of one or more precincts adjacent to either a county or independent school district may petition for transfer of such area to the school district other than that in which it is located. *The petition shall comply with the provisions of Section 3 of this Act.*

(b) The petition shall be filed with the fiscal court which shall determine whether the petition contains enough signatures of qualified voters to submit the question to the voters of the area affected. The board or boards of registration in the county shall give necessary and appropriate aid to the fiscal court so that the latter body may make the conclusive determination of whether the petition is valid.

(c) If the petition is valid, the fiscal court shall submit to the voters of all the precincts encompassing the area at the next regular general election the question of whether such transfer shall be effected; provided that where such petition is filed within sixty (60) days of such regular election, the referendum shall be held at the next regular general election thereafter. The question shall be so framed that the voter may by his vote answer, "for" or "against."

(d) If a majority of the votes cast upon the question favor its passage, the area shall be transferred to the other school district.

(e) The question of transfer of such an adjacent area may be resubmitted in the same manner as an initial submission under this section, but it shall not be resubmitted to any voter unless new evidence warranting the presentation of the question is submitted to and approved by the circuit court, but in no case shall the question be resubmitted within a period of ten (10) years following the effective date of any transfer.

(3) The respective boards of education shall have a period of ninety (90) days after certification of the results of an election approving transfer of the area in which to negotiate the terms of such transfer. If said boards fail to come to an agreement, then either board or any resident voter within the area may bring suit in the circuit court of the county in which such area is located to have such transfer effected. Immediately upon filing of the suit, the court shall refer the matter to the superintendent of public instruction, who shall study the matter fully, giving consideration to all points covered by paragraphs (a) to (h) of this subsection. Within sixty (60) days he shall file a written report of his findings, conclusions and recommendations with the clerk of the court in which the action is pending. The report of the superintendent of public instruction shall be advisory only and not binding upon the circuit court. The court costs of such litigation shall be paid equally by the two (2) school board districts. The circuit court shall decide upon equitable terms for such transfer and in its consideration shall be governed by any policies and rules and regulations of the state board of education which be affected by the transfer of the area and shall give due consideration to the following:

(a) The ratio of the wealth of the territory involved in its relation to the total wealth of the transferor district;

(b) The effect of the territorial loss or gain on the educational programs of the respective districts;

(c) Extent of and effect of the physical plant facilities and equipment available in each of the respective districts;

(d) The indebtedness in bonded or rental obligations of the respective districts;

(e) Any contemplated indebtedness or obligations arising out of the transfers;

(f) Such other factors as may have a bearing upon the determination of the desirability of the proposed transfer from the vantage point of all interested persons;

(g) The replacement value of any school buildings or other educational facilities in such area and owned by the transferor school board district;

(h) If, at the time of such transfer, the transferor school board district has outstanding any bonded indebtedness incurred for school buildings and grounds, the recipient school district shall assume an allocable share of payments on said indebtedness in the proportion the assessed valuation of the property taxable for school purposes transferred bears to the total assessed valuation of property taxable for school purposes in the transferor district.

(4) If the circuit court reaches the decision that there are no equitable terms of transfer under this section, the court shall so find and direct that the transfer not be effected.

Section 64. KRS 160.210 is amended to read as follows:

(1) In independent school districts, the members of the school board shall be elected from the district at large. In county school districts, members shall be elected from divisions.

(2) The board of education of each county school district shall, not later than July 1, 1940, divide its district into five (5) divisions as nearly equal in population and containing integral voting precincts insofar as is practicable. In first dividing the county district into divisions the board shall, if more than one (1) of its members reside in one (1) division, determine by lot which member from that division shall represent that division, and which members shall represent the divisions in which no member resides. The members so determined to represent divisions in which no member resides shall be considered the members from those divisions until their terms expire, and thereafter the members from those divisions shall be nominated and elected as provided in KRS 160.200, 160.220 to 160.250.

(3) No change shall be made in the boundary lines of the present division of the county school district until January 1, 1959, except in case of merger of districts or change in territory due to annexation. Any changes made in division boundary lines shall be such as will make divisions as nearly equal in population and containing integral voting precincts insofar as is practical. No change may be made in division boundary lines more frequently than five (5) years after the last change in any division lines, except in case of merger of districts a change in territory due to annexation. In counties containing a city of the first class wherein a merger pursuant to KRS 160.041 shall have been accomplished, there shall be seven (7) divisions. To be eligible to be elected from a division, a candidate must reside in that division. The divisions, based upon 1970 United States Census Bureau Reports on total population by census tracts for Jefferson County, Kentucky shall be as follows: Division One shall include census tracts 1-28; Division Two shall include census tracts 29-35, 47-53, 57-74, 80-84, 93, 129, 130; Division Three shall include census tracts 75-79, 85-88, 98-106, 107.01, 108; Division Four shall include census tracts 121.01, 123-128; Division Five shall include census tracts 36-46, 56, 90, 120, 121.02, 122; Division Six shall include census tracts 54, 55, 91, 92, 94, 95, 110.02, 113, 114, 117.01, 117.02, 118, 119; Division Seven shall include census tracts 89, 96, 97, 107.02, 109, 110.01, 111, 112, 115, 116, 117.03, 131, 132. The terms of the members to be elected, KRS 160.044 not withstanding, shall be four years and the election for the initial four year terms shall be as follows: The election of the members from Divisions Two, Four and Seven shall be held at the next regular November election following the effective date of the merger pursuant to KRS 160.041, and the election of the members from Divisions One, Three, Five and Six shall be held at the regular November election two (2) years thereafter. A record of all changes in division lines shall be kept in the office of the county board of education, and shall be published pursuant to KRS chapter 424. A copy of the newspaper in which the notice is published shall be filed with the superintendent of public instruction within ten (10) days following its publication. No change shall be made in the boundary of any division after January 1 prior to the date on which a member of the school board is to be elected from any division.

(4) (a) Notwithstanding the provisions of subsection (3) of this section, if one hundred (100) *qualified voters* [residents] of a county school district division petition the state board of education stating that the school district divisions are not divided as nearly equal in population as can reasonably be expected, the superintendent of public instruction shall cause an investigation to determine the validity of the petition, said investigation to be completed within thirty (30) days after receipt of the petition. *The petition shall comply with the provisions of Section 3 of this Act.*

(b) If the investigation reveals the school district to be unequally divided according to population, the state board of education, upon the recommendation of the superintendent of public instruction, shall order the local board of education to make such changes in school district divisions as are necessary to equalize population within the five (5) school divisions.

(c) If any board fails to comply with the order of the state board of education within thirty (30) days or prior to August 1 in any year in which any members of the board are to be elected, members shall be elected from the district at large until the order of the state board of education has been complied with.

(d) No change shall be made in the boundary of any division under the provisions of this subsection after August 1 in the year in which a member of the school board is to be elected from any division.

Section 65. KRS 160.485 is amended to read as follows:

(1) The imposition of license fees authorized hereby shall be by order or resolution of the fiscal court. There shall be no more than one (1) such order or resolution passed in any (1) one calendar year. In the case of license fees required to be imposed pursuant to subsection (2) of KRS 160.484 the fiscal court shall make the order or resolution within ten (10) days following receipt of the first request which makes subsection (2) of KRS 160.484 effective.

(2) The order or resolution of the fiscal court imposing license fees pursuant to subsections (1), (2), or (4) of KRS 160.484 shall go into effect thirty (30) days after its passage. If during the thirty (30) days next following the passage of the order or resolution a petition signed by a number of [registered and] qualified

voters equal to fifteen per cent (15%) of the votes cast in the county for the office receiving the greatest total vote at the last preceding presidential election is presented to the fiscal court protesting against passage of the order or resolution, the order or resolution shall be suspended from going into effect until after the election referred to in subsection (3) of this section. Each sheet of the petition shall contain the names and addresses of voters in but one (1) voting precinct, and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, designation, or number of the district or ward wherein the precinct is situated. *The petition shall comply with the provisions of Section 3 of this Act.* [Each voter shall sign his name in the same manner as he signed the current registration form described in KRS 117.630 or subsection (2) of KRS 117.720, as the case may be. If the signature is difficult to read, the voter shall, on the same line legibly write or print his name in the same fashion as he signed it. One or more persons shall verify by affidavit the signatures and addresses of the signers of the petition.] The board or boards of registration in the county shall give necessary and appropriate aid to the fiscal court so that the latter body may make the initial, but not conclusive, determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution.

(3) Thereupon the fiscal court shall submit to the voters of the county at the next regular election or called common school district election, either of which to be held not less than sixty (60) days from the date of passage of said order or resolution, the question as to whether such license fees for common school purposes shall be levied. The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast upon the question oppose its passage, the order or resolution shall not go into effect. If a majority of the votes cast upon the question favor its passage, the order or resolution shall go into effect.

(4) License fees imposed pursuant to KRS 160.482 to 160.488 shall become applicable upon the date specified in the order or resolution, but in no event later than the first day of the calendar year first beginning after the day upon which the said order or resolution is made.

Section 66. KRS 160.597 is amended to read as follows:

Any order or resolution of a fiscal court levying a school tax authorized by KRS 160.593 to 160.597, 160.601 to 160.633, 160.635 to 160.648 may be recalled as follows:

(1) The order or resolution of the fiscal court levying any of the school taxes designated heretofore in this section shall go into effect not less than thirty (30) days nor more than ninety (90) days after its passage by the fiscal court. If during the thirty (30) days immediately following the passage of the order or resolution a petition signed by a number of [registered and] qualified voters equal to fifteen per cent (15%) of the votes cast in the school district requesting the tax levy for the office receiving the greatest total vote at the last preceding presidential election is presented to the fiscal court protesting against passage of the order or resolution, the order or resolution shall be suspended from going into effect for that district until after the election provided for in subsection (2) of this section. In the event that more than one (1) school district within a county has requested the tax levy, a separate petition meeting the requirements herein must be filed for each school district. The fifteen per cent (15%) requirement must be met in each respective participating school district. Each sheet of the petition shall contain the names and addresses of voters in but one (1) voting precinct and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, number or designation of the district or ward wherein the precinct is situated. *The petition shall comply with the provisions of Section 3 of this Act.* [Each voter shall sign his name in the same manner as he signed the current registration form described in KRS 117.630 or subsection (2) of KRS 117.720, as the case may be. If the signature is difficult to read, the voter shall, on the same line legibly write or print his name in the same fashion as he signed it. One or more persons shall verify by affidavit the signatures and addresses of the signers of the petition.] The board or boards of registration in the county shall provide necessary and appropriate aid to the fiscal court so that the latter body may make the determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution.

(2) Thereupon, the fiscal court shall submit to the voters of the school district in which a valid recall petition has been filed pursuant to subsection (1) of this section at the next regular November election the question as to whether the tax shall be levied. The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast in a district upon the question oppose its passage, the order or resolution shall not go into effect in that district. If a majority of the votes cast in a district upon the question favor its passage, the order or resolution shall go into effect in that district. In the event that the election is to be held in more than one (1) school district within a county the votes shall be counted separately.

(3) In the event that the order or resolution includes more than one (1) school district within a county and a valid recall petition has not been filed as required by this section against one (1) or more of these school districts, the levy may be made in that school district or districts without regard to any recall petition pending or voted thereon in another school district within the county.

Section 67. KRS 160.609 is amended to read as follows:

Any order or resolution of a fiscal court in a county containing a city of the first class levying either or both of the taxes authorized by KRS 160.613 to 160.617 and 160.621 to 160.633 under KRS 160.608 may be recalled as provided in subsections (2) and (3) of KRS 160.485, provided that the petition for recall shall be effective upon the signature of a number of [registered and] qualified voters as described therein equal to five per cent (5%) instead of the percentage provided therein. *The petition shall comply with the provisions of Section 3 of this Act.*

Section 68. KRS 173.310 is amended to read as follows:

Any governmental unit may provide library service for its inhabitants according to any one of the following methods:

(1) The legislative body on its own initiative may establish an independent library.

(2) Upon receipt of a petition signed by a number of *qualified voters* [taxpayers] equal to five per cent (5%) of the number of votes cast for officers in the last general election of such governmental unit, the legislative body shall submit the question to a vote at the next general election. *The petition shall comply with the provisions of Section 3 of this Act.* If a majority of those voting on the question vote in favor of the proposition, the legislative body shall forthwith establish a library, except as provided in subsection (4) of this section.

(3) The legislative bodies of two (2) or more adjacent counties may on their own initiative, or upon a petition and vote in each county as provided in subsection (2) above, or upon the initiative of some legislative bodies and petition and vote in others, join in establishing and maintaining a regional library, provided the aggregate assessed valuation of the property assessable for local taxation in such counties is a minimum of $10,000,000, and subject to the provisions of KRS 173.320.

(4) The legislative body of any governmental unit may on its own initiative contract to receive service from an existing nearby library, the library of a nearby institution of higher learning, the state department of libraries, or from a nearby library not owned by a governmental unit but which provides free service, each of these having reciprocal power to render the service. In the event of a petition and vote as provided by subsection (2), a legislative body shall have the privilege of providing library service by contract in lieu of establishing an independent library.

When any one (1) of the above methods has been complied with, the legislative bodies of the governing units shall at once make the necessary appropriation or levy to establish and maintain such library service annually and perpetually.

Section 69. KRS 173.470 is amended to read as follows:

Districts shall be organized in the following manner:

The vote as registered shall be entered by the judges, in ink, on quadruplicate return sheets, and also on a general return sheet and statement, all of which, after the canvass is completed, shall be signed by the judges. The total vote cast for each candidate, and for and against each question, and the votes written in, shall then be entered on the general and quadruplicate return sheets and statement. There shall also be entered on the general return sheet and statement the number of voters who have voted, as shown by the lists of voters, and the number who have voted on each machine, as shown by the public counters, and also the number registered on the protective or accumulative counter or device on each machine immediately after the closing thereof and sealing of the machine. The number or other designation of each machine used shall also be entered thereon. In the case of primary elections, quadruplicate return sheets shall remain exposed to view until the said returns and all other reports have been fully completed.

(4) The proclamation of the result of the votes cast shall be announced distinctly and audibly by one of the judges of election, who shall read the name of the vote cast for each candidate and the vote for and against each question submitted. During such proclamation ample opportunity shall be given to any person lawfully present to compare the results so announced with the counter dials of the machine, and any necessary corrections shall then and there be made by the judges, after which the doors or other cover of the voting machine shall be closed and locked and the return sheet shall be signed by each of the judges of election. If any judge shall decline to sign such return, he shall state his reason therefor in writing, and a copy thereof, signed by him, shall be enclosed with such return. Each of the return sheets shall be enclosed in an envelope, which shall be securely sealed, and each of the judges shall write his name across the fold of the envelope. One (1) of the quadruplicate return sheets, along with the general return sheet and precinct list, shall be directed to the county board of elections of the county in which the election is being held, one (1) to the county clerk of the county in which the election is being held and one (1) to the local governing body of each of the two (2) dominant political parties. Said envelope shall have endorsed thereon a certificate of the election officers, stating the number of the machine, the precinct where it has been used, the number on the seal, and the number on the protective or accumulative counter or device at the close of the polls. Following the tabulation of all votes cast in the election, including absentee votes, the county board shall immediately mail the tabulation result, the general return sheets and the precinct lists from each precinct to the state board of elections.

(5) As soon as possible after the completion of the count, the election officers shall return to the county board of elections the keys to the voting machine received and receipted for by them, and the clerk of the county court in which the precinct is located shall have the voting machine properly boxed or securely covered and removed to a proper and secure place of storage.

(6) In primary elections, each candidate or group of candidates may designate to the county board of elections a representative to witness and check the vote count. In regular elections, the governing authority of each political party, each candidate for member of board of education, independent candidate or independent ticket may designate a representative to the county board of elections to witness and check the vote count. *The county board of elections shall authorize representatives of the news media to observe the taking of the tally of votes from the voting machine in each precinct in each primary, regular or special election.*

Section 2. KRS 117.305 is amended to read as follows:

The canvass and returns provided for in KRS 117.275 shall constitute the official returns of the precinct, unless within ninety-six (96) hours after the close of the polls a candidate shall in writing request the county board of elections to check and recanvass the voting machines of any precinct or any number of precincts. When such a request has been made the election commission shall immediately assemble and recheck and recanvass each machine and make a proper return thereof to the county court clerk, in which event the canvass and return shall become the official returns for the election. In making the recanvass the board shall make a record of the number of the seal upon the voting machine and without unlocking the machine against voting, recanvass the vote cast thereon. If, upon a recanvass, it is found that the original canvass of the returns has been correctly made from the machine, and that there still remains a discrepancy unaccounted for, the board with the assistance of the county clerk, shall unlock the voting and counting mechanism of the machine, and shall proceed thoroughly to examine and test the machine to determine and reveal the true cause, if any, of the discrepancy in returns of the machine. Each registering counter shall be reset at zero before it is tested, after which it shall be operated at least one hundred (100) times. After the completion of the examination and test, the county clerk shall then and there prepare a statement, in writing, giving in detail the result of the examination and test and statement which shall be witnessed by the persons present, and shall be filed with the board. If, upon recanvass, it appears that the original canvass of the returns by the election officers was incorrect, the returns and all papers being prepared by the board shall be corrected accordingly, except that there shall be no change in the vote of any candidate from that originally certified unless such candidate was actually notified. At the recanvass, each political party represented on the board may appoint a representative there to be its governing body, and also each candidate to be voted for may be present either in person or by a representative or both. *The county board of elections shall authorize representatives of the news media to observe the recanvass of the votes cast on the voting machine in each precinct.* Nothing in this section shall prohibit an individual from requesting, in addition to a recanvass, a recount as authorized by KRS chapter 120.

Section 3. KRS 117.335 is amended to read as follows:

(1) The challenge of an absent voter's ballot must be in writing and in the hands of the county clerk before 3:00 p.m. on election day.

(2) The county board of elections shall count the absentee ballots. The board may appoint a central absentee ballot counting board of not less than three (3) members, who shall be qualified voters and no more than two-thirds (2/3) of which shall be members of the same political party, to count the ballots at the direction of the county board of elections.

(3) Beginning at 3:00 p.m. on election day the board may meet at the clerk's office to count the absentee ballots. Candidates or their representatives shall be permitted to be present. *The county board of elections shall authorize representatives of the news media to observe the counting of absent voters' ballots.* The board shall open the boxes containing absent voters' ballots and remove the envelopes one (1) at a time. As each envelope is removed, it shall be examined to ascertain whether the outer envelope is in proper order and has been signed by the absent voter. All unsigned absentee ballots shall be rejected automatically. The clerk shall compare the signature on the outer envelope with the signature of the voter that appears on the registration card. If the outer envelope is found to be in order the clerk shall read aloud the name of the absent voter. If the vote of such voter is not rejected on a challenge then made as provided in subsection (4), the clerk shall then open the envelope and remove the inner envelope and place it unopened in a ballot box which has been provided for the purpose.

(4) When the name of an absent voter is read aloud by the clerk, the vote of such voter may be challenged and the challenge thereto may be determined and the vote accepted or rejected by the board as if the voter was present and voting in person, but if the outer envelope is regular, and substantially complies with the provisions of this chapter, they shall be considered as showing that the absent voter is prima facie entitled to vote. If the vote of an absent voter is rejected pursuant to the challenge, the outer envelope shall not be opened, and the clerk shall write on the envelope the word "rejected".

(5) After the challenges have been made and all the blank inner envelopes have been placed in a ballot box, the box shall be thoroughly shaken so as to redistribute the ballots in the box. The board shall then open the ballot box, remove the absentee ballots from the inner envelopes and count the absentee ballots on a form provided by the state board.

(6) The county clerk shall retain the ballots and the inner envelopes for thirty (30) days, at which time they shall be burned by the county board of elections. If a contest or recount proceeding is instituted during said thirty-day period, the ballots shall not be burned but shall be disposed of as directed by the court in which such proceeding was instituted.

Amend printed copy of **HB 764,** page 18, after line 21, by adding the following:

"Section 5. A new section of KRS Chapter 198A is created to read as follows:

(1) The corporation may make loans to mortgage lenders for the purpose of furnishing funds to such mortgage lenders to be used for making residential mortgage loans.

(2) The corporation shall from time to time adopt, modify, amend or repeal rules and regulations governing the making of loans to mortgage lenders and the use of the proceeds thereof, including rules and regulations as to any or all of the following:

(a) procedures for the application or submission of requests for loans to mortgage lenders;

(b) standards and requirements as to allocations of loans among all or certain of the mortgage lenders or awards of loans and determining the amounts and interest rates thereof;

(c) limitations or restrictions as to the number of family units, locations or other qualifications or characteristics of residential housing to be financed by residential mortgage loans;

(d) restrictions as to the interest rates on residential mortgage loans or the return realized therefrom by mortgage lenders;

(e) requirements with respect to the application of the proceeds of loans to mortgage lenders, including the time within which the proceeds of any such loan must be committed and disbursed for residential mortgage loans;

(f) schedules of any fees and charges necessary to provide for expenses and reserves of the corporations; and

(g) any other matters related to the duties and the exercise of the powers of the corporation under this section.

Such rules and regulations shall in each case be designed to effectuate the general purposes of this Act and the following specific objectives: (i) the expansion of the supply of funds in the state available for residential mortgage loans; (ii) the provision of the additional residential housing needed to remedy the shortage of adequate housing in the state and to eliminate the existence of a large number of substandard dwellings; and (iii) the effective participation by mortgage lenders in the program authorized by this Act and the restriction of the financial return and benefit thereto from such program to that necessary and reasonable to induce such participation.

(3) The obligation to repay loans to mortgage lenders shall be general obligations of the respective mortgage lenders and shall bear such date or dates, shall mature at such time or times, shall be evidenced by such note, bond or other certificate of indebtedness, shall be subject to prepayment and shall contain such other provisions consistent with this section, all as the corporation shall by resolution determine.

(4) Any other provision of this section to the contrary notwithstanding, the interest rate or rates and other terms of the loans to mortgage lenders made from the proceeds of any issue of bonds of the corporation shall be at least sufficient to assure the payment of said bonds and the interest thereon as the same become due from the amounts received by the corporation in repayment of such loans and interest thereon.

(5) The corporation may require that such loans to mortgage lenders be additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security in such amounts as the corporation by resolution shall determine to be necessary to assure the payment of such loans and the interest thereon as the same become due. Such collateral security shall consist of (i) direct obligations of, or obligations guaranteed by, the United States of America; (ii) bonds, debentures, notes or other evidences of indebtedness, satisfactory to the corporation, issued by any of the following federal agencies: Banks for Cooperatives, Federal Intermediate Credit Banks, Federal Home Loan Banks, Export-Import Bank of the United States, Federal Land Banks, the Federal National Mortgage Association or the Government National Mortgage Association; (iii) direct obligations of or obligations guaranteed by the state; or (iv) mortgages insured or guaranteed by the United States of America or an instrumentality thereof as to payments of principal and interest. The corporation may require in the case of any or all mortgage lenders that such collateral be lodged with a bank or trust company located in the state designated by the corporation as custodian therefor. In the absence of such requirement a mortgage lender shall upon receipt of the loan proceeds from the corporation enter into an agreement with the corporation containing such provisions as the corporation shall deem necessary to adequately identify and separately maintain such collateral and service the same and providing that such mortgage lender shall hold such collateral as an agent for the corporation and shall be held accountable as the trustee of an express trust for the application and disposition thereof and the income therefrom solely to the uses and purposes in accordance with the provisions of such agreement. A copy of each such agreement and any revisions or supplements thereto shall be filed with the secretary of state, and no further filing or other action under Article 9 of KRS Chapter 355 or any other law of the state shall be required to perfect the security interest of the corporation in such collateral or any additions thereto or substitutions therefor, and the lien and trust for the benefit of the corporation so created shall be binding from

and after the time made against all parties having claims of any kind in tort, contract or otherwise against such mortgage lender. The corporation may also establish such additional requirements as it shall deem necessary with respect to the pledging, assigning, setting aside, or holding of such collateral and the making of substitutions therefor or additions thereto and the disposition of income and receipts therefrom.

(6) The corporation shall require the submission to it by each mortgage lender to which the corporation has made a loan of evidence satisfactory to the corporation of the making of residential mortgage loans as required by this section and prescribed by rules and regulations of the corporation and in connection therewith may inspect the books and records of such mortgage lender.

(7) All residential mortgage loans made as required by this section shall comply with the applicable provisions of the laws of the state, and, where federal law or the law of another jurisdiction governs the affairs of the mortgage lender with the applicable provisions of such law.

(8) The corporation may require agreement by any mortgage lender as a condition of the loan to such mortgage lender, to the payment of penalties to the corporation for violation by the mortgage lender of any provision of this section or its undertaking to the corporation with respect to the making of residential mortgage loans, and such penalties shall be recoverable at the demand of the corporation.

(9) If at any time the corporation shall determine that an adequate supply of funds exists in regular banking channels for residential mortgage loans, the corporation shall discontinue the making of loans to mortgage lenders until such time as the corporation may subsequently determine that the supply of funds available for new residential mortgage loans is again inadequate.

(10) For purposes of this section, the term "residential mortgage loan" means a loan made by a mortgage lender and secured by a mortgage constituting a first lien upon residential housing."

Agreed.

WHEREAS, the Interim Joint Committees of the Legislative Research Commission can be proper and effective vehicles for detailed analysis of and the preparation of legislation to deal with such issues;

NOW, THEREFORE,

*Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:*

WHEREAS, little data is provided to the general public as to the number of recipients of public assistance programs who become self-supporting either through their own or departmental effort; and

WHEREAS, a person who is mentally retarded is often partially or totally unable to manage his own personal, financial, and legal affairs; and

(3) No insurance carrier issuing any policy filed with the office, shall be relieved from liability under the policy until after the expiration of fifteen (15) day's notice to the office of an intention to cancel the policy, provided, however, that a prior cancellation may be allowed in cases where one policy is substituted for another policy when the substituted policy is in force and effect prior to the expiration of fifteen (15) day's notice to the office of an intention to cancel the policy which is being substituted.

(6) For the rejection of candidates or eligibles who fail to comply with reasonable requirements of the commissioner in regard to such factors as age, physical condition, training and experience, or who have been guilty of infamous or disgraceful conduct *except that no candidate for examination shall be rejected from taking such examination solely on the basis of his conviction of a felony or misdemeanor where such conviction would not effect performance of the position for which the examination is taken*; who are addicted to alcohol to excess or to narcotics, or who have attempted any deception or fraud in connection with an examination;

(7) For the appointment of a person whose score is included in the three (3) highest scores earned on the examination;

(10) For provisional employment without competitive examination when there is no appropriate eligible list available. No such provisional employment shall continue longer than six (6) months, nor shall successive provisional appointment be allowed to the same position;

(11) For transfer from a position in one (1) department to a similar position in another department involving similar qualifications, duties, responsibilities, and salary ranges;

(12) For reinstatement within not more than five (5) years, only with the approval of the commissioner, of persons who resign in good standing or who are laid off from their positions without fault or delinquency on their part;

(13) For developing, in cooperation with the appointing authorities, uniform standards and methods of appraising work performance of all employes and for the use of such methods of appraisal in personnel actions;

(14) For lay-offs by reasons of lack of funds or work, or abolishment of a position, or material change in duties or organization, and for reinstatement of employes so laid off, giving consideration in both lay-offs and re-employment to qualifications, performance records, conduct and seniority in service;

(15) For imposition as disciplinary measures of a fine of not more than ten (10) days' pay or for suspension from the service without pay for not longer than thirty (30) days;

(16) For discharge or reduction in rank or grade only for cause, after the person to be discharged or reduced has been presented with the reasons for such discharge or reduction stated in writing, and has been allowed a reasonable time to reply thereto in writing, or, upon request, to appear personally with counsel and reply to the head of the department or his deputy. The statement of reasons and the reply shall be filed as a public record with the commissioner;

(17) For establishment of a plan for resolving employe grievances and complaints;

(18) For annual, sick and special leaves of absence, with or without pay, or reduced pay, after approval by the governor as provided in KRS 18.170(2);

**SB 275,** AN ACT relating to city ordinances.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 84.100 is amended to read as follows:

(1) No ordinance shall embrace more than one (1) subject, and that shall be expressed in the title. No ordinance shall be reenacted by mere reference to its title, but the ordinance reenacted shall be set forth at length, as if it were an original ordinance. No ordinance shall be amended by providing that designated words be stricken out and others inserted in lieu thereof, but the ordinance or section amended shall be set forth in full as amended.

(2) All ordinances and resolutions for raising revenue shall originate in the board of councilmen. The board of aldermen may propose amendments to any such ordinance or resolution, but may not introduce, under color of amendment, new matter that does not relate to raising revenue.

(3) No ordinance or resolution shall be passed until it has been voted for by a majority of the members of each board, on a viva voce vote entered in full on its journal, and *a summary or the full text* has been read in each board at two (2) separate meetings and free discussion allowed thereon; but the requirement of a reading at two (2) separate meetings may be suspended by a vote of two-thirds (2/3) of the members of the board in which the proposed ordinance or resolution is pending.

(4) When an ordinance is put upon its final passage in either board and fails to pass, and a motion is made to reconsider the vote by which it was defeated, the vote upon the motion to reconsider shall be taken immediately and the subject finally disposed of before the board proceeds to other business. When a motion is made and carried to postpone indefinitely an ordinance or resolution, the subject shall not be introduced again for six (6) months.

(5) Every proposed ordinance or joint resolution that has passed the general council shall be presented to the mayor. If the mayor approves it, he shall sign it and return it to the board in which it originated. If he disapproves it, he shall return it with his written objections to the board in which it originated; that board shall then reconsider it, and if two-thirds (2/3) of the members concur in passing it again, it shall be sent with the mayor's objections to the other board, which shall also reconsider it, and if two-thirds (2/3) of the members of that board concur in passing it again, it shall be in force. When a disapproved ordinance or resolution is reconsidered by either board, the vote of each board shall be taken by yeas and nays and recorded in its journal. If the mayor fails to approve or disapprove a proposed ordinance or resolution within twenty (20) days after presentation to him, the same procedure shall be followed as if he had in fact disapproved the ordinance or resolution.

(6) Except as otherwise provided in this subsection, all ordinances shall be published pursuant to KRS chapter 424 in different languages if necessary. Ordinances or resolutions appropriating or paying less than fifty dollars ($50.00), ordinances for public improvements, and proposals or bids for such improvements, including detailed specifications, shall not be published, but shall be open to inspection in the proper office and notices so stating shall be published pursuant to KRS chapter 424. Except as provided in KRS 80.280, no ordinance required to be published shall be in force until it has been so published.

Section 2. KRS 85.110 is amended to read as follows:

(1) No ordinance shall take effect until *a summary or the full text* [it] has been twice publicly read and passed by the common council at two (2) sessions, held on different days, a majority of those present voting for it on each passage, and the yeas and nays being called and entered upon the journal.

(2) All ordinances requiring the improvements of streets or alleys or the construction of sewers, or fixing salaries, or prescribing penalties, or fixing the rate of taxation or the amount of licenses, or appropriating more than one hundred dollars ($100) shall, in addition to the requirements of subsection (1) of this section, receive on each passage the votes of two-thirds (2/3) of the members of the common council, the yeas and nays being called and entered upon the journal.

(3) Every ordinance, resolution, order or measure appropriating or involving the expenditure of money, and every grant of any license, privilege or franchise shall, within three (3) days after its final passage, be correctly and legibly engrossed by the clerk and presented to the mayor for his approval. If the mayor approves it, he shall sign it; if he does not approve it, he shall return it, with his objections in writing, to the common council at its first regular meeting held not earlier than five (5) days after the ordinance, resolution or measure was presented to the mayor. It shall be immediately reconsidered by the council, and shall not take effect unless again passed, with two-thirds (2/3) of all the members voting for it, the yeas and nays being called and recorded upon the journal. If the mayor fails to return an ordinance, resolution or measure, it shall be in force from the time he should have returned it.

(4) All ordinances may be published in the same manner as the journal may be published under KRS 85.100, and proposed ordinances may be so published between their first and second passages, but failure so to publish shall not affect the validity of any ordinance.

(5) The common council may, at least once in every five (5) years, have all the ordinances of a general nature then in force printed, indexed, bound and published, and the volume so published shall be competent evidence in all courts.

(6) The city clerk shall record all ordinances in a separate book, kept by him for the purpose, and shall properly index them.

Section 3. KRS 67A.070 is amended to read as follows:

(1) Urban county governments may enact and enforce within their territorial limits such tax, licensing, police, sanitary and other ordinances not in conflict with the constitution and general statutes of this state now or hereafter enacted, as they shall deem requisite for the health, education, safety, welfare and convenience of the inhabitants of the county and for the effective administration of the urban county government.

(2) Urban county government ordinances shall be deemed to conflict with general statutes of this state only:

(a) When the ordinance authorizes that which is expressly prohibited by a general statute; or

(b) When there is a comprehensive scheme of legislation on the same subject embodied in a general statute.

*(3) No ordinance or resolution shall be considered by the urban-county government legislative body until it has been read at two separate meetings; provided, however, that the requirement for a second reading may be suspended by a two-thirds (2/3) vote of the membership of the legislative body. Requirements for reading ordinances or resolutions may be satisfied by public reading of the title and of a certified synopsis of the contents prepared by an attorney licensed to practice law in the Commonwealth of Kentucky.*

The Committee on Agriculture and Natural Resources reported **SB 261** and **SB 309,** with Committee Amendment attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

**SB 261,** AN ACT relating to mines and minerals.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 351.175 is amended to read as follows:

(1) Within forty-five (45) days after January 1, 1953, and of each year thereafter, the owner, operator, or lessee of each mine shall procure from the department a license to operate such a mine, and such license shall not be transferable. Any owner, operator, or lessee who assumes control of a mine, opens a new mine or reopens an abandoned mine during any calendar year shall procure such license before mining operations are begun.

(2) The license shall be in such printed form as the commissioner may prescribe and when issued shall be kept posted at a conspicuous place near the main entrance of the mine.

(3) Requests for such license shall be made to the department and such requests shall be accompanied by a U.S. postal money order or cashier's check drawn in favor of the state treasurer in *a reasonable* [the] amount *established by regulations promulgated by the commissioner of a minimum of one hundred dollars ($100) and a maximum of one thousand dollars ($1,000)* [of twenty-five dollars ($25.00) for each mine]. When the annual report of the operator and the annual mine map, as required by KRS 351.170 and 352.450, together with a certification from the commissioner of labor that the applicant, except an applicant for a mine license who employs fewer than ten (10) employes, for license has presented positive proof of compliance with the provisions of KRS chapter 342, are properly submitted to the department, the license shall be issued. The commissioner or his accredited agents shall have the authority to extend the time for filing of the map not to

exceed an additional forty-five (45) days. Upon receipt of withdrawal of the certification of the commissioner of labor the department shall forthwith revoke any license hereunder issued. Revocation of said license shall be an administrative function of the department. Appeal of said administrative function shall lie in the Fayette Circuit Court.

(4) Any owner, operator or lessee operating a mine and who fails to obtain his license as required by this section shall be guilty of a misdemeanor, and shall be subject to a fine of not less than one hundred dollars ($100) nor more than three hundred dollars ($300) at the discretion of the court. Each day the mine is operated without a license constitutes a separate offense. Jurisdiction for such offenses shall lie in the circuit court of the county in which the offense occurred.

(5) The mine inspector shall have the authority to stop production at the mine of any operator who fails to procure a license or fails to furnish a certification of compensation coverage as required under this section.

(6) The application for a license shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the bureau of vehicle regulation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges.

**SB 309,** AN ACT relating to wild rivers.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 146.210 is amended to read as follows:

As used in KRS 146.210 to 146.350, the words listed herein shall have the following respective meanings, unless another or different meaning or intent shall be clearly indicated by the context:

(1) "Stream or watercourse" shall mean a flowing body of water or a section or portion thereof, including rivers, streams, and creeks.

(2) "Free flowing" shall mean existing or flowing in a natural condition without impoundment, diversion, straightening, rip-rapping, or other modification of the waterway. The existence, however, of low dams, diversion works, and other minor structures at the time any stream is proposed for inclusion in the Wild Rivers System shall not automatically bar its consideration for such inclusion; Provided, that this shall not be construed to authorize or to be intended to encourage future construction of such structures within components of the Wild Rivers System.

(3) "Road" shall mean a highway, a hard-surfaced road, or an improved or unimproved dirt road. The existence, however, of unimproved roads at the time any stream is proposed for inclusion in the Wild Rivers System shall not automatically bar its consideration for such inclusion; Provided, that this shall not be construed to authorize or to be intended to encourage future construction of such roads where this would be contrary to the provisions of KRS 146.200 to 146.350.

[(4) "Scenic easement" shall mean a perpetual easement in land which is held for the benefit of the people of Kentucky, is specifically enforceable by its holder or beneficiary, limits or obligates the holder of the servient estate, his heirs, and assigns, with respect to their use and management of the land and activities conducted thereon, the object of such limitations and obligations being the maintenance or enhancement of the natural beauty of the land in question or of areas affected by it.]

*(4)* [(5)] "Wilderness type recreation" shall mean activities such as fishing, hunting, canoeing, camping, hiking, horseback riding, exploring, archaeological and scientific investigation, and scenic and aesthetic enjoyment, which utilizes and protects to the highest degree the primitive and natural values of the area.

*(5)* [(6)] "Visual horizon" shall mean the normal distance to which land and vegetative features can be unobstructedly viewed from the center of the stream, *at the level of the natural banks.*

*(6)* [(7)] "Access point" shall mean an area along the stream under public ownership, or under easement acquired by agreement with a private landowner. This area would be available for public recreational use including, but not limited to, the launching of boats, picnicking and camping.

*(7)* [(8)] "Secretary" shall mean the secretary for natural resources and environmental protection or the successor to that office.

Section 2. KRS 146.220 is amended to read as follows:

The General Assembly hereby recognizes that certain streams of Kentucky possess outstanding and unique scenic, recreational, geological, fish and wildlife, botanical, historical, archaeological and other scientific, aesthetic, and cultural values. It is the policy of the General Assembly to complement dam construction and development projects on Kentucky watercourses with other equally important and beneficial uses of our water resources. Therefore, it is hereby declared that in order to afford the citizens of the Commonwealth an opportunity to enjoy natural streams, to attract out-of-state visitors, to assure the well-being of our tourist industry, to preserve for future generations the beauty of certain areas untrammeled by man, it is in the interest of the Commonwealth to preserve some streams or portions thereof in their free-flowing condition because their natural, scenic, scientific, and aesthetic values outweigh their value for water development and control purposes now and in the future. For aesthetic, as well as ecological reasons, the foremost priority shall be to preserve the unique primitive character of those streams in Kentucky which still retain a large portion of their natural and scenic beauty, and to prevent future infringement on that beauty by impoundments or other manmade works. Since the stream areas are to be maintained in a natural state, they will also serve as areas for the perpetuation of Kentucky's wild fauna and flora. Few such streams remain in the Eastern portion of the United States, and the General Assembly feels a strong obligation to the people of Kentucky to preserve these remnants of their proud heritage. It is the purpose of KRS 146.200 to 146.350 to establish a Wild Rivers System by designating certain streams for immediate inclusion in the system and by prescribing the procedures and criteria for protecting and administering the system. It is not the intent of KRS 146.200 to 146.350 to require or to authorize acquisition of all lands or interests in lands within the [exterior] boundaries of the stream areas but to assure preservation of the scenic, ecological and other values and to provide proper management of the recreational, wildlife, water and other resources. *It is the intent of KRS 146.200 to 146.350 to impose reasonable regulations as to the use of private and public land within the authorized boundaries of wild rivers for the general welfare of the people of the Commonwealth, and where necessary, to enable the department to acquire easements or lesser interests in or fee title to lands within the authorized boundaries of the wild rivers, so that the public trust in these unique natural rivers might be kept.*

Section 3. KRS 146.230 is amended to read as follows:

Streams which substantially meet the following criteria are eligible for inclusion in the Wild Rivers System:

Streams or sections of streams that are essentially free-flowing, with shorelines and scenic vistas essentially primitive and unchanged, free from evidence of the works of man, and pleasing to the eye. The waters shall not be polluted beyond feasible correction and shall be kept unpolluted once corrected according to standards established by the Kentucky Water Pollution Control Commission. The area may provide a high quality fish and wildlife habitat, containing one or more unique or rare species for sport or observation. It may provide opportunities for scientific study or appreciation of essentially undisturbed ecological, geologic, or archaeologic conditions. It shall provide wilderness type recreation such as canoeing and hiking, or specialized uses without disturbing the primitive character of the area. [Within the boundary areas set forth in KRS 146.250, lands adjacent to these streams that are not already in state or other public ownership shall be protected by acquisition of fee title or by scenic easements to the full extent necessary to preserve a true primitive environment in its pristine state.]

SECTION 4. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

The streams or segments of streams to be included in this system, being classified by the above stated criteria, are as follows:

(1) The Cumberland River from Summer Shoals to the backwater of Lake Cumberland.

(2) The Red River from the Ky. 746 bridge to the mouth of Swift Camp Creek. Nothing in KRS 146.200 to 146.350 shall be construed to prohibit that portion of the Red River between Peck's Branch and Swift Camp Creek from being used to temporarily contain flood waters that may be impounded above the normal sustained pool level of any lake which may be created in the event a dam is constructed on the Red River near Bowen, Kentucky.

(3) The Rockcastle River from the Ky. 80 bridge to the backwater of Lake Cumberland. Nothing in KRS 146.200 to 146.350 shall be construed to prohibit or interfere with the relocating of Ky. 80, including the construction of a bridge at a point approximately 2.35 miles downstream from the existing Ky. 80 bridge.

(4) The Green River from the eastern boundary of Mammoth Cave National Park extending downstream and including only that portion of the river within the Mammoth Cave National Park.

(5) The Big South Fork of the Cumberland River from the Tennessee border to Blue Herron.

(6) Martins Fork, Cumberland River from Ky. Highway 987 bridge to the eastern boundary of Cumberland Gap National Park.

(7) Rock Creek from the White Oak Junction Bridge to the Kentucky-Tennessee border.

(8) Little South Fork, Cumberland River from the backwater of Lake Cumberland (mile 4.1) to the Kentucky Highway 92 bridge (mile 14.5) in Wayne and McCreary Counties.

Section 5. KRS 146.250 is amended to read as follows:

The secretary of the department for natural resources and environmental protection shall, by June 16, 1974, determine generally the boundaries of the stream area associated with the stream or stream segment initially included in the Wild Rivers System by KRS 146.200 to 146.350. Establishment of these boundaries shall be accomplished in such a way that it includes at least the visual horizon from the stream, but not more than *two thousand (2,000)* [two thousand five hundred (2,500)] feet from the center of the stream. The boundary shall further include access points, at the upstream and downstream boundary of the area.

SECTION 6. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

Nothing in this Act shall be construed to confer upon any member of the public any right to the use of or access to private lands within the boundary of a designated wild river. Any person who trespasses on private land within the boundary of a designated wild river shall be guilty of a Class B misdemeanor, and upon conviction shall be subject to a fine not to exceed five thousand dollars ($5,000).

Section 7. KRS 146.270 is amended to read as follows:

The Wild Rivers System shall be administered by the department for natural resources and environmental protection according to the policies and criteria set forth in KRS 146.200 to 146.350. The secretary for natural resources and environmental protection *shall adopt such* [is authorized to adopt any] rules or regulations necessary for the preservation and enhancement of the stream areas as set forth in KRS 146.250, and for control of recreational, educational, scientific and other uses of these areas in a manner that shall not impair them. In such administration primary emphasis shall be given to protecting aesthetic, scenic, historic, archaeologic, and scientific features of the area. The secretary shall develop a management plan for a designated stream area and shall publicize and hold public hearings and record the views expressed on each plan developed. Management plans for a given stream area may establish varying degrees of intensity for its protection, based on special attributes of each area, but shall follow the concepts embodied in KRS 146.230. *No public use of lands within the boundaries of a designated wild river area in which the state has acquired an interest shall be permitted prior to the development of a management plan. Any such management plan shall be developed jointly with the department of fish and wildlife resources with respect to those aspects of such plan as relate to the jurisdiction of that department over fish and wildlife resources.*

Section 8. KRS 146.280 is amended to read as follows:

(1) Within the [exterior] boundaries of a designated stream area, as established and authorized by the Kentucky General Assembly, the secretary for natural resources and environmental protection is authorized and empowered to acquire by purchase, exercise of the rights of eminent domain, grant, gift, devise or otherwise, the fee simple title, *an* [to, a scenic] easement [on,] or any acceptable lesser interest in any lands, and by lease or conveyance, contract for the right to use and occupy any lands. Where property within such boundaries is owned by the federal government, the secretary can enter into agreements with the landowning agency concerning use of the property consistent with the objectives of KRS 146.200 to 146.350. Nothing in *this Act* [KRS 146.200 to 146.350] shall be construed to deprive a landowner of *the fee simple title to or lesser interest in* his property [or any interest or right therein] without just compensation.

[(2) The secretary is authorized to exercise the right of eminent domain only where it is absolutely necessary in order to acquire access points or to maintain the character of the area within the meaning of KRS 146.200 to 146.350. The secretary shall not obtain an easement if the landowner objects thereto, but in such case must obtain fee title, with full compensation to the landowner.]

*(2)* [(3)] The secretary for natural resources and environmental protection may not exercise authority to acquire lands or interests in lands located within any incorporated city, village, or county when such entities have in force a duly adopted, valid ordinance or plan for the management, zoning and protection of such lands in accordance with the provisions of KRS 146.200 to 146.350.

Section 9. KRS 146.290 is amended to read as follows:

*(1) The provisions of this section shall not apply to those uses existing at such time as a stream is included in the system.*

*(2)* Land uses to be allowed within the [exterior] boundaries of a designated stream area shall be as follows:

*New* [No new] roads, *structures* or buildings *may* [shall] be constructed *only where necessary to effect a use permitted under the other provisions of this Act.* Utility lines or pipelines *may* [shall not] be constructed *as* [unless] approved by the secretary in writing and under provision that the affected land be restored as nearly as possible to its former state. This provision, however, shall in no way affect the rights between a landowner and a utility company or pipeline company. There shall be no *strip* mining *as defined in KRS 350.010,* and select cutting of timber *or other resource removal and agricultural use, may* [shall] be allowed

[only] pursuant to regulations *promulgated* [issued] by the secretary *upon the granting of a permit under the other provisions of this Act.* All [land disturbances, including] instream disturbances such as dredging, shall be prohibited. Except for the management agency *and any existing uses which do not conform to the purposes and intent of this Act, travel upon a wild river or any public lands within the designated boundaries thereof,* [access] shall be by foot, horseback, canoe, boat or other nonmechanical modes of transportation. If there are existing agricultural areas within the boundaries of the area, such areas may continue to be used for agricultural purposes.

*(3) Any landowner within the boundaries of the area may apply to the secretary for a change of use to permit the select cutting of timber, a resource removal or an agricultural use upon his property located within the area and the secretary shall hold a public hearing after public notice on the application within sixty (60) days. The landowner or any interested person shall be allowed to present evidence as to whether the proposed use by the applying landowner are in accordance with the management plan developed pursuant to KRS 146.270, the purpose and intent of the Wild Rivers Act as expressed in KRS 146.220, and other applicable law.*

*(4) The secretary shall, within sixty (60) days, after said hearing, either:*

*(a) Issue an order, with accompanying opinion, denying the permit; or*

*(b) Issue an order, with accompanying opinion, granting the permit with such restrictions, terms and conditions as are appropriate to protect to the fullest extent possible the wild rivers area and the public trust therein within the intent of KRS 146.220; or*

*(c) Recommend an alternate use to which the land may be put under this Act which is more consistent with the purposes and intent of this Act than the use for which application was made.*

**SB 327,** AN ACT relating to elections.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 117.225 is amended to read as follows:

Any person desiring to vote on election day shall give his name and address to the clerk of the election. If the person's name is listed on the precinct list furnished by the state board of elections as provided in KRS 117.025 *or as provided in KRS 117.015,* and if no challenge is made, he shall sign his name on the precinct list in the space opposite his printed name. The voter's signature shall constitute his verification that he is a properly registered and qualified voter. The voter shall then retire alone to cast his vote on the voting machine. There shall be provided by the county board of elections to each precinct the original registration form of each voter entitled to vote in that precinct. This form shall be for comparative signature purposes.

Section 2. KRS 118.215 is amended to read as follows:

(1) Not less than forty-five (45) days before a primary or regular election is to be held, and after the order of the names has been determined as provided in KRS 118.225, the secretary of state shall certify, to the county clerks of the respective counties entitled to participate in the nomination or election of the respective candidates, the name, place of residence and party of each candidate for each office, as specified in the nomination papers or certificates and petitions of nomination filed with him, and shall designate the device under which the candidate groups or lists of candidates of each party shall be printed, in the order in which they are to appear on the ballot, with precedence to be given to the party that polled the highest number of votes at the preceding election for presidential electors. Candidates for county offices shall be listed in the following order: county judge, commonwealth's attorney, county attorney, circuit clerk, county clerk, sheriff, jailer, county commissioner, property valuation administrator, coroner, justice of the peace and constable. The names of candidates for president and vice president shall be certified in lieu of certifying the names of the candidates for presidential electors.

(2) All independent candidates whose nominating petitions are filed with the county clerk shall be listed under the title and device designated by them, or if none is designated, under the word "independent". If the same device is selected by two groups of petitioners, it shall be given to the first selecting it and the county clerk shall permit the other group to select a suitable device.

(3) *The* [When any city so provides by ordinance, the] ballots used at any election in which city officers are to be elected *as provided by subsection (2) of this section* shall contain the names of candidates for such city offices grouped according to the offices they seek, and such candidates shall be immediately arranged under and beneath the title of office such candidates seek. The order in which the names of the candidates for each office are to be printed on the ballot shall be determined by lot. Each group of candidates for each separate office for which such candidates are to be elected shall be separated from the preceding or succeeding

groups by a line transversing the entire ballot and spaced so as to avoid confusion on the part of the voter.

(4) The secretary of state shall not knowingly certify to the county clerk of any county the name of any candidate who has not filed the required nomination papers, nor knowingly fail to certify the name of any candidate who has filed the required nomination papers.

(5) If any candidate withdraws before certification, the secretary of state shall not certify his name. If any candidate withdraws before ballot labels are printed, the clerk shall not cause his name to be printed on a ballot label.

The superintendent of public instruction, upon the approval of the state board of education, may extend the minimum term to ten months when the resources of the school fund or contributions by local taxation justify the extension; but no extension shall be made if it reduces the salaries of the teachers below the minimum fixed by law. A board of education may extend its term beyond the minimum term set by the superintendent of public instruction. *In setting the school calendar, school shall be closed for two (2) consecutive days for the purpose of permitting professional school employes to attend statewide professional meetings. These two (2) days for statewide professional meetings shall be scheduled to begin with the first Thursday after Easter or upon request of the statewide professional educational association having the largest paid membership, the superintendent of public instruction may designate alternate dates. Furthermore, the superintendent of public instruction shall designate one (1) additional day during the school year when schools shall be closed for the purpose of permitting professional school employes to participate in regional or district professional meetings. *(2)* Any local board of education operating its schools on a year-round school program basis shall conform with regulations promulgated and adopted by the state board of education upon the recommendation of the state superintendent of public instruction, which regulations must be in conformity with the following criteria:

(b) A pupil's required attendance in school shall be for at least the minimum term.

(c) No teacher shall be required to teach more than the minimum term during the school year.

*(3)* [(2)] *Each local board of education shall use four (4) days of the minimum school term for in-service professional development and planning activities for the professional staff without the presence of pupils.* The board of education of any school district may use no more than four days of the minimum school term for holidays, *two (2) days for the opening and closing of schools without the presence of pupils,* [three days for in-service training and professional work, three days for attendance at state and district meetings of professional education associations,] a total of five days for (a) national or state disaster or mourning when proclaimed by the President of the United States or the governor of the commonwealth of Kentucky, and (b) local disaster which would endanger the health or safety of children or mourning when so designated by the district board of education and approved by the state board of education upon recommendation of the superintendent of public instruction, and shall use one day of excused absence for attendance at the Kentucky state fair for students applying for excused absence for this purpose.

*(4)* The state board of education, upon recommendation of the superintendent of public instruction, shall adopt regulations governing the use of school days *and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for in-service professional development and planning activities for the professional staff.*

SECTION 1. CHAPTER 209 OF THE KENTUCKY REVISED STATUTES IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

This Act may be cited as the Kentucky Adult Protection Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 209 IS CREATED TO READ AS FOLLOWS:

The purpose of this Act is:

(1) To provide for the protection of adults who may be suffering from abuse, neglect, or exploitation, and to bring said cases under the purview of the circuit or county court.

(2) To provide that any person who becomes aware of such cases shall report them to a representative of the bureau, thereby causing the protective services of the state to be brought to bear in an effort to protect the health and welfare of these adults in need of protective services and to prevent abuse, neglect, or exploitation.

SECTION 3. A NEW SECTION OF KRS CHAPTER 209 IS CREATED TO READ AS FOLLOWS:

As used in this chapter unless the context otherwise requires:

(1) "Secretary" means the secretary of the department for human resources.

(2) "Department" means the department for human resources.

(3) "Bureau" means the bureau for social services of the department for human resources.

(4) "Adult" means a person eighteen (18) years of age or older who because of mental or physical dysfunctioning, is unable to manage his own resources, carry out the activities of daily living, or protect

himself from neglect, hazardous or abusive situations without assistance from others and who has no available, willing, and responsibly able person to assist him and may be in need of protective services.

(5) "Protective services" means agency services undertaken with or on behalf of an adult in need of protective services who is being abused, neglected, or exploited. These services may include, but are not limited to conducting investigations of complaints of possible abuse, neglect, or exploitation to ascertain whether or not the situation and condition of the adult in need of protective services warrants further action; social services aimed at preventing and remedying abuse, neglect, and exploitation; and services directed toward seeking legal determination of whether or not the adult in need of protective services has been abused, neglected or exploited and to ensure that he obtains suitable care in or out of his home.

(6) "Caretaker" means an individual or institution who has the responsibility for the care of the adult as a result of family relationship, or who has assumed the responsibility for the care of the adult person voluntarily, or by contract, or agreement.

(7) "Abuse or neglect" means the infliction of physical pain, injury, or mental anguish, or the deprivation of services by a caretaker which are necessary to maintain the health and welfare of an adult, or a situation in which an adult, living alone, is unable to provide or obtain for himself the services which are necessary to maintain his health or welfare.

(1) The secretary may, within his discretion, adopt such rules, regulations, procedures, guidelines, or any other expressions of policy necessary to effect the purpose of this Act insofar as such action is reasonably calculated to serve the public interest.

(2) Any person, including, but not limited to, physician, nurse, social worker, department personnel, coroner, medical examiner, alternate care facility employe, or caretaker, having reasonable cause to suspect that an adult has suffered abuse, neglect, or exploitation, shall report or cause reports to be made in accordance with the provisions of this Act. Death of the adult does not relieve one of the responsibility for reporting the circumstances surrounding the death.

(3) An oral or written report shall be made immediately to the bureau upon knowledge of the occurrence of suspected abuse, neglect, or exploitation of an adult. Any person making such a report shall provide the following information, if known: The name and address of the adult, or of any other person responsible for his care; the age of the adult; the nature and extent of the abuse, neglect, or exploitation, including any evidence of previous abuse, neglect, or exploitation; the identity of the perpetrator, if known; the identity of the complainant, if possible; and any other information that the person believes might be helpful in establishing the cause of abuse, neglect, or exploitation.

(a) Notify the appropriate law enforcement agency;

(b) Initiate an investigation of the complaint; and

(c) Make a written report of the initial findings together with a recommendation for further action, if indicated.

(5) Any representative of the bureau may enter any health facility or health service licensed by the department at any reasonable time to carry out its responsibilities under this Act.

(6) Any representative of the bureau may with consent of the adult or caretaker enter any private premises where any adult alleged to be abused, neglected, or exploited is found in order to investigate the need for protective services for the purpose of carrying out the provisions of this Act. If the adult or caretaker does not consent to the investigation, a search warrant may issue upon a showing of probable cause that an adult is being abused, neglected, or exploited, to enable a representative of the bureau to proceed with the investigation.

(7) If a determination has been made that protective services are necessary when indicated by the investigation, the bureau shall provide such services within budgetary limitations, except in such cases where an adult chooses to refuse such services.

(8) In the event the adult elects to accept the protective services to be provided by the department, the caretaker shall not interfere with the department when rendering such services.

SECTION 5. A NEW SECTION OF KRS CHAPTER 209 IS CREATED TO READ AS FOLLOWS:

Any circuit court may upon proper application by the department issue a temporary restraining order or other injunctive relief to prohibit any violation of this Act, regardless of the existence of any other remedy at law.

Any such participant shall have the same immunity with respect to participation in any judicial proceeding resulting from such report or investigation.

Amend printed copy of Senate Bill 211, page 16, following line 23, by adding the following:

"Section 14. KRS 352.020 is amended to read as follows:

(1) The ventilation of all underground coal or clay mines shall be produced by means of mechanically operated fans located outside the mine in fireproof housing and offset at least fifteen (15) feet to one side or above the opening, protected by explosion doors or weak walls and arranged so that ventilating current may be reversed if necessary. The fan shall be installed so as to prevent recirculation of mine air. In gassy mines the main fan shall be operated from a power circuit independent from the main circuit. If inside auxiliary fans are required to ventilate working places the commissioner must first approve the installation.

(2) The operator, superintendent or foreman of every coal or clay mine worked by shaft, slope or drift shall provide and maintain for every mine adequate ventilation. At least six thousand (6,000) cubic feet of air per minute shall be circulated around the main headings, cross headings, room headings and through the last

open breakthrough; and *a minimum of 5,000 cubic feet of air per minute* [sufficient air] shall be directed to the working faces to such an extent as to dilute, render harmless and carry off any noxious or dangerous gases. In pillar workings at least six thousand (6,000) cubic feet of air per minute must be delivered to the beginning of the pillar line.

(3) Any gassy mine or one operating under the water table shall maintain at least nine thousand (9,000) cubic feet of air per minute at the points mentioned in subsection (2) of this section. The inspector shall have the authority to require additional air in any mine when he deems it necessary for the safety of the employes.

(4) When the air from a split has passed through and has ventilated all the working places in an air split of a mine it shall then be designated as return air.

(5) As working places advance, breakthroughs for air shall be made ninety (90) feet apart, except that where longwall or modern systems of mining are used the commissioner may approve a greater distance between breakthroughs or the method of ventilating such longwall or modern systems of mining. If any breakthroughs between intake and return airways are not required for the passage of air, they shall be closed with stoppings. All stoppings shall be substantially built with suitable material subject to the approval of the mine inspector so as to keep the working places well ventilated. Doors on the main haulways shall be avoided in gassy mines where practicable, and overcasts, built of concrete or other suitable material and of ample strength, shall be adopted. Where doors are used they shall be built in a substantial manner, and shall be hung so as to close automatically when unobstructed.

(6) In a mine where methane can be found to an extent of one per cent (1%) or more on the return of any one (1) split, the inspector, with the approval of the commissioner may require the mine to be ventilated by the exhaust system, requiring the haulage roads and all trolley and feed wires to be located on the intake air and the electrical system to be so arranged that no wires carrying electrical current shall be on return air. A period of not more than ninety (90) days from date of notification shall be allowed to make the changes required."

and on page 16, line 24, by changing "Section 14" to read "Section 15".

Agreed.

Representative Freeman moved the adoption of the following Floor Amendment No. 2 to **SB 211:**

Amend printed copy of Senate Bill 211, page 16, following line 23, by adding the following:

SECTION 14. A NEW SECTION OF KRS CHAPTER 352 IS CREATED TO READ AS FOLLOWS:

(1) A mine safety committee shall be created for each mine employing twenty-five (25) or more miners. The members appointed to each mine safety committee shall be appointed by the union representing the majority of the miners in the mine. In the event that a majority of the miners in the mine are not represented by a single union, the miners shall elect by majority vote the members to serve on the committee. Each member appointed or elected shall hold a valid first-class mine foreman's certificate.

(2) The members of the mine safety committee shall be employed by the owner or operator of the mine and shall be paid the same compensation as a first class mine foreman. The members of the committee shall have no other duties but mine safety.

(3) The member or members on each mine safety committee shall be determined in accordance with the following number of miners in each mine: 25 to 100, one member; 101 to 200, two members; 201 to 400, three members; 401 to 600, four members; 601 to 800, five members; and for each additional 200 miners, one additional member.

(4) Each member of the mine safety committee shall have the power and authority to close a mine or a section thereof which is being operated in violation of this chapter and to report violations of this chapter. In the event of a mine or mine section closure, the member of the committee taking the action shall immediately notify the federal Mine Enforcement and Safety Administration, the department, the mine superintendent, and the other members of the committee. Other violations of this chapter shall be reported immediately to the mine superintendent, the mine foreman, the department, and the federal Mine Enforcement and Safety Administration after the close of the work shift during which the violation occurred.

(5) The owner or operator of a mine or mine section closed by action of a member of the mine safety committee may petition the circuit court as provided in KRS 352.430 (3) or may petition the department to investigate the mine immediately and the department shall:

(a) uphold the closing of the mine or mine section; or

(b) reopen the mine or section immediately; or

(c) order the correction of certain conditions before the mine or section thereof may be reopened.

(6) The department shall order the union appointing or the members electing, the members to a committee to withdraw the appointments of those members serving on the committee who have closed a mine or section thereof twice in a twelve-month period and the department subsequently ordered the immediate reopening of the mine.

(7) The certification of a member serving on the mine safety committee may be revoked as provided for mine foremen in KRS 352.390."

**SB 56,** AN ACT relating to legislative ethics.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 6.750 is created to read as follows:

As used in this Act, unless the context requires otherwise:

(1) "Board" means the board of ethics of the Kentucky general assembly;

(2) "Compensation" means any money, thing of value, or economic benefit conferred on, or received by, any person in return for services rendered, or to be rendered, by himself or another;

(3) "Economic opportunity" means any purchase, sale, lease, contract, option, or other transaction or arrangement involving property or services wherein a legislator may gain an economic benefit;

(4) "Legislative interest" means a substantial economic interest, distinct from that of the general public, in one or more legislative matters;

(5) "Legislative matter" means any bill, resolution, nomination or other issue or proposal pending before the general assembly or any committee, subcommittee or commission thereof;

(6) "Legislator" means a member or member-elect of the general assembly;

(7) "Lobbying" means communicating directly or soliciting others to communicate with any legislator with the purpose of influencing any legislative action;

(8) "Lobbyist" means "lobbyist" as it is defined in KRS 6.250;

(9) "Person with whom the legislator maintains a close economic association" means a person associated with the legislator in a partnership, business, or professional service corporation, whether as partner, officer, employe, associate, or otherwise;

(10) "Member of a legislator's family" means either the legislator's spouse or the legislator's sons or daughters, parents, grandparents, brothers or sisters, whether of the whole blood or the half blood; and

(11) "State agency" means any department, office, commission, board or authority within the executive department, and includes state-supported universities and colleges.

Section 2. KRS 6.755 is created to read as follows:

Any person shall, while serving as a legislator, endeavor to pursue a course of conduct which will not tend to raise suspicion among the people of the commonwealth that such person may be engaged in acts in violation of the trust vested in him by the people. The principles of ethical behavior for legislators shall recognize that:

(1) In a representative democracy, the elected representatives of the people need to be drawn from all levels of society and from the broadest possible range of occupations and professions so as to keep the general assembly representative of the people which it represents.

(2) Citizens who serve as legislators cannot and need not be expected to be without all personal interest in the decisions and policies of government.

(3) Citizens who serve as legislators retain their rights, as citizens, to interests of a personal, financial or economic nature.

(4) Standards of ethical conduct for legislators need to determine those conflicts of interest which are substantial and material or which, by the nature of the perceived conflict of interest, tend to bring representative government into disrepute.

Section 3. KRS 6.760 is created to read as follows:

(1) When a legislator's personal or private interest conflicts with the public interest and tends to affect his independence of judgment, in accordance with section 57 of the constitution, his legislative activities are subject to limitations. Where any such conflict exists, he shall disqualify himself from voting upon any question in which he has a personal or private interest. However, when such a conflict exists, a legislator may participate in the business of the general assembly and its committees, except to vote, and in so doing, he is presumed to act in good faith and in the public interest.

(2) A legislator may introduce but shall not vote for any legislation on his own behalf, or on behalf of any other person, corporation, partnership, trust or business entity which directly affects such legislator or in which such legislator has or may have a personal or private interest, other than legislation affecting legislative

salaries, expenses and allowances; provided that this provision shall not preclude a legislator from voting for any proposed general legislation.

(3) When a legislator introduces or co-sponsors legislation in which he has or may have a personal or private interest he shall disclose that fact on the jacket of the bill by writing, following his signature, "having a personal or private interest in the subject of this legislation." Such disclosure shall appear on the printed copy of the bill which the legislator has introduced.

(4) When a legislator abstains from voting on legislation in which he has or may have a personal or private interest, he shall, in accordance with section 57 of the constitution, disclose that fact to his respective legislative body in the following manner:

(a) On any vote by the house of which the legislator is a member that affects the disposition of legislation in which he has a personal or private interest, a legislator shall advise the presiding officer prior to the commencement of the vote and shall be excused from voting on the legislation. A legislator may request that a statement be entered verbatim in the journal setting out his interest in the legislation to be voted on and his reasons for abstention.

(b) In committee, a legislator shall advise the presiding officer that he has a personal or private interest in the legislation and shall be excused from voting. The legislator may request that a statement be entered in the minutes of the meeting setting out his interest in the legislation to be voted on and his reasons for abstention.

Section 4. KRS 6.765 is created to read as follows:

A legislator has an interest which is in conflict with the proper discharge of his duties in the public interest and of his responsibilities as prescribed in the laws of this state, arising from any situation, if he has reason to believe or expect that because of his personal or private interest he or any member of his family or persons with whom the legislator maintains a close economic association will derive a direct monetary gain or suffer a direct monetary loss as a direct result of his legislative vote on proposed legislation in committee or on the floor.

A personal or private interest may be presumed to exist when a legislator:

(1) Has a substantial financial interest by reason of ownership of, control of, or the exercise of power over any interest greater than five percent (5%) of the value of any corporation, company, association, or firm, partnership, proprietorship, or any other business entity of any kind or character which could be affected by proposed or pending legislation; or is an officer, director, or agent for any such corporation, company, association or firm, partnership, proprietorship, or any other business entity of any kind or character which could be affected by proposed or pending legislation; or

(2) Has or acquires a close economic association with, or is a member of the family of, a person who is a lobbyist or who employs or has employed a lobbyist to propose legislation or to influence proposed legislation on which the legislator has or may be expected to vote; or

(3) Accepts or solicits or agrees to accept a gift, loan, gratuity, discounts, favors, services, or economic opportunity of significant value or having aggregate value of $200 or more during a biennial period and twelve (12) months thereafter from a person who could be affected by or who has an interest in an enterprise which would be affected by proposed legislation or under circumstances from which it could reasonably be inferred that the purpose of the donor is to influence him in the performance of his official duties. This provision shall likewise apply where such gifts, loans, gratuities, discounts, favors, services, or opportunities are accepted by a member of a legislator's family.

This subsection does not apply to the following:

(a) A usual and customary loan made in the ordinary course of business by a person, or institution authorized by law to engage in the business of making loans; or

(b) An occasional non-pecuniary award publically presented by a nonprofit organization for performance of public service; or

(c) Payment of or reimbursement for actual and necessary expenditures for travel and subsistence for a legislator's personal attendance at a convention or other meeting at which he is scheduled to participate and for which attendance no reimbursement is made by the Commonwealth of Kentucky; or

(d) Any political contribution, including the purchase of tickets to, or advertisements in journals, for political or testimonial dinners, if such contribution is actually used for political purposes and is not given under circumstances from which it could reasonably be inferred that the purpose of the donor is to substantially influence the legislator in the performance of his official duties.

A personal or private interest may not exist if any benefit or detriment which accrues to the legislator, as a member of a business, profession, occupation or other group, or to a member of his family or business associate is of no greater extent than the benefit which accrues generally to other members of such business, profession, occupation or other group.

Section 5. KRS 6.770 is created to read as follows:

In the consideration of a legislator's abstention from voting because of a possible conflict of interest, the following guidelines should be considered:

(1) Whether a substantial threat to his independence of judgment has been created by his personal or private interest;

(2) The effect of his participation on public confidence in the integrity of the legislature;

(3) Whether his participation is likely to have any significant effect on the disposition of the matter;

(4) The need for his particular contribution, such as special knowledge of the subject matter, to the effective functioning of the legislature; or

(5) Whether the proposed or pending legislation will affect him in a manner differently from the public or will affect him as a member of a business, profession, occupation, or group to no greater extent generally than other members of such business, profession, occupation, or group.

(6) A legislator may request an advisory opinion from the Board of Ethics in accordance with the Board's rules of procedure.

Section 6. KRS 6.775 is created to read as follows:

(1) No legislator shall use his influence as a member of the general assembly in any matter which involves a substantial conflict between his personal or private interest and his duties in the public interest.

(2) No legislator shall use his official position or office to obtain financial gain for himself, any members of the legislator's family, or persons with whom the legislator maintains a close economic association.

(3) No legislator shall use or attempt to use his official position to secure or create privileges, exemptions, advantages, contracts or treatment for himself or others in derogation of the public interest at large.

(4) No legislator in order to further his own economic interests, or those of any other person, shall disclose or use confidential information acquired in the course of his official duties.

(5) No legislator shall receive, directly or indirectly, any interest, profits or prerequisites arising from the use or loan of public funds in his hands or to be raised through any agency of the general assembly.

(6) No legislator shall act as officer or agent for the commonwealth or any agency in the transaction of any business with himself, or with any corporation, company, association or firm in which he or his spouse has any interest greater than five percent (5%), of the total value thereof.

(7) No legislator shall knowingly himself or by his partners or through any corporation which he controls or in which he owns or controls more than five percent (5%) of the stock, or by any other person for his use or benefit or on his account, undertake, execute, hold or enjoy, in whole or in part, any contract, agreement, sale or purchase of the value of twenty-five dollars ($25) or more, made, entered into, awarded or granted by any state agency, unless said contract, agreement, sale or purchase was made or let after public notice and competitive bidding.

(8) No legislator shall be in any manner interested, either directly or indirectly, in his own name or in the name of any member of his family or in the name of any other person, association, trust, or corporation, in any contract for the performance of any work in the making or letting or administration of which such legislator may be called upon to act or vote. No legislator shall represent, either as agent or otherwise, any person, association, trust or corporation, with respect to any application or bid for any contract or work in regard to which such legislator may be called upon to act or vote. Any contract made and procured in violation hereof is void. For the purposes of this subsection the holding of less than five percent (5%) of the stock of a corporation is not considered an interest.

Section 7. KRS 6.780 is created to read as follows:

(1) No legislator shall accept any economic opportunity, under circumstances where he knows or should know that there is a substantial possibility that the opportunity is being afforded him with intent to influence his conduct in the performance of his official duties.

(2) No legislator shall take or solicit, or agree to take, either directly or indirectly any bribe to do or omit to do any act in his official capacity.

(3) No legislator shall charge to or accept from a person known to have a legislative interest a price, fee, compensation or other consideration for sale or lease of any property or the furnishing of services which is substantially in excess of that which the legislator would charge in the ordinary course of business.

(4) No person with a legislative interest shall offer or confer an economic opportunity on a legislator or a member of the legislator's family or a person with whom a legislator maintains a close economic association with intent to influence that legislator's official conduct, or to create good will on the part of the legislator toward any person with a legislative interest.

(5) No person with whom a legislator maintains a close economic association nor a member of the legislator's family shall accept an economic opportunity when he knows, or has reason to believe that there is a substantial possibility that the economic opportunity is being offered with intent to influence that legislator's

Such statements shall be opened to public inspection.

Section 9. KRS 6.790 is created to read as follows:

This subsection does not apply to:

(a) Any political contribution, including the purchase of tickets to, or advertisements in journals, for political or testimonial dinners, if such contribution is actually used for political purposes and is not given under circumstances from which it could reasonably be inferred that the purpose of the donor is to substantially influence the member in the performance of his official duties.

(b) A usual and customary commercial loan made in the ordinary course of business.

(3) A legislator may accept contributions from private sources for use in defraying the expenses necessarily related to the adequate performance of his legislative duties, but any legislator accepting such contributions shall file, at such time, in such manner, and in such detail, as the board may prescribe, a written statement with the board describing the amount of such contributions and the uses to which they are put.

(c) A legislator making inquiry for information on behalf of another from any state agency if no fee or reward is given or promised in consequence thereof;

(d) A legislator representing a constituent before a state agency if no fee or reward is given or promised in consequence thereof; or

(5) No legislator shall receive or enter into any express or implied agreement to receive compensation for services to be rendered in relation to any case, proceeding, application or other matter before any state agency, whereby his compensation is to be dependent or contingent upon any action by such agency with respect to any license, contract, certificate, ruling, decision, opinion, rate schedule, franchise or other benefit other than a monetary claim. Nothing in this section shall be deemed to prohibit the fixing at any time of fees based upon the usual and customary value of the services rendered.

(6) No legislator shall knowingly receive or agree to receive, directly or indirectly, compensation for any services to be rendered, either by himself or another, in negotiations with the state or an agency as defined in KRS 61.094 for the purchase by the state or an agency of an interest in real property. This section shall not apply to appearances before any court.

(7) No legislator shall enter into any agreement, expressed or implied, for compensation for services in connection with any judicial or administrative proceeding before a state agency wherein his official position might reasonably be expected to give him unusual influence.

(8) Whenever a legislator considers entering into an agreement for compensation for representing any person in any transaction involving the state, he should consider the following factors:

(a) Whether the matter is being brought to him in an attempt to obtain improper influence over the state agency;

(b) Whether there is a reasonable possibility that the action of the state agency will be unduly influenced because of his participation; or

(c) The effect of his participation on public confidence in the integrity of the legislature.

(2) No legislator shall, while in the discharge of the duties of his office, become intoxicated by the use of spiritous, vinous or malt liquors. A vacancy exists when a term expires, when a person appointed from the senate or house of representatives ceases to be a member of such body or when a letter of resignation is received by the board.

(3) Of the new members appointed as provided in this Act, the speaker of the house shall appoint a public member for an initial term of one (1) year, the lieutenant governor shall appoint a public member for an initial term of two (2) years, and the Legislative Research Commission shall appoint a public member for an initial term of three (3) years. Thereafter all appointments shall be for a full four (4) years.

(4) The board shall elect from its membership a chairman and such other officers as it deems necessary. For attending meetings members of the board shall be paid their necessary traveling expenses and in addition thereto shall receive compensation commensurate with the provisions of KRS 7.090(2).

Section 14. KRS 6.815 is created to read as follow:

The board shall decide within thirty (30) days after receipt of the complaint whether the complaint warrants a full investigation. Such investigations shall begin only after authorization by a majority of members of the board;

(6) When the conduct of a particular person is under inquiry pursuant to subsection (5) of this section, and the board decides to hold a hearing thereon, the board shall afford that person a notice of charges and the opportunity to present evidence, cross-examine witnesses and be represented by counsel at that hearing. The board may designate a subcommittee of the board to conduct such hearings;

**SB 142,** AN ACT relating to workmen's compensation.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

SECTION 1. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created in the state treasury a Coal Miners' Pneumoconiosis Fund, hereinafter referred to as the "Fund" to be administered by the executive department for finance and administration and the department of labor as hereinafter provided. The fund may receive state appropriations, gifts, grants and federal funds.

(2) Money in the fund shall be used only for the payment of workmen's compensation awards made by the Board and authorized by this Act.

(3) Upon certification of the need therefor by the commissioner of the department of labor, the commissioner of the executive department for finance and administration shall cause to be allotted from available appropriations or other moneys received for such purpose to the fund sufficient moneys to pay any valid claims against the fund. The commissioner of the department of labor shall, within forty-five (45) days following the close of each fiscal year and at such other times as requested by the commissioner of the executive department for finance and administration, provide to the commissioner of the executive department for finance and administration a description of all claims affecting the fund, the awards against the fund and such other information as may be requested to administer the fund.

(4) Disbursements from the fund shall be made by the state treasurer upon the warrant of the commissioner of the executive department for finance and administration when liability therefor shall have been established as follows:

(a) If the claimant has been exposed to the hazard of such occupational disease in the employment of only one employer, the award of compensation for disability or death due to such disease shall be paid in the following proportions from the following sources: (1) Fifty percent (50%) by the employer; (2) twenty-five percent (25%) by the Special Fund; and (3) twenty-five percent (25%) by the Coal Miners' Pneumoconiosis Fund created by this Act.

(b) If the claimant has been exposed to the hazard of such occupational disease in the employment of more than one employer, the award of compensation for disability or death due to such disease shall be paid in the following proportions from the following sources: (1) Twenty percent (20%) by the employers; (2) forty percent (40%) by the Special Fund; and (3) forty percent (40%) by the Coal Miners' Pneumoconiosis Fund created by this Act.

(5) In all agreements and awards for the payment of compensation under this Chapter, the proportions thereof payable by each employer, from the Special Fund and the Coal Miners' Pneumoconiosis Fund shall be separately identified and designated; provided, however, that nothing in this section shall prevent the Special Fund from entering agreements to pay the compensation benefits for which it and the Coal Miners' Pneumoconiosis Fund are liable.

(6) An employer must be a party to any agreement providing for the payment of compensation for benefits under this Act.

(7) The Special Fund and the Coal Miners' Pneumoconiosis Fund shall be named as co-defendants in any claim or action for benefits payable as provided by this Act.

(8) Any award against an employer shall be only in the amount for which such employer or its surety is liable and any award against such employer or its surety, the Special Fund and the Coal Miners' Pneumoconiosis Fund shall be paid from the Special Fund and the Special Fund shall be reimbursed proportionately by the employer or its surety and the Coal Miners' Pneumoconiosis Fund for the amounts awarded against each on a quarterly basis pursuant to regulations adopted by the Board relating thereto.

Section 2. KRS 342.316 is amended to read as follows:

(1) (a) The employer liable for compensation for occupational disease shall be the employer in whose employment the employe was last exposed to the hazard of the occupational disease during any period in which this section is applicable to a coal mine, an operator who acquired it or substantially all of its assets from a person who was its operator on and after January 1, 1973 shall be liable for, and secure the payment of, the benefits which would have been payable by the prior operator under this section with respect to miners previously employed in the mine if it had not been acquired by such later operator. At the same time, however, this subsection does not relieve the prior operator of any liability under this section. Also, it does not affect whatever rights the later operator might have against the prior operator. Said employer shall have the right to contribution from each previous employer, as determined in an independent civil action, wherein the employe was similarly exposed to the hazard of said occupational disease, in a sum equal to the ratio that each exposure employment time bears to the total exposure employment time except as otherwise provided in paragraph (a) of subsection (13) of this section.

(b) The time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later.

(2) (a) The procedure with respect to the giving of notice and determination of claims in occupational disease cases and the compensation and medical benefits payable for disability or death due to such disease shall be the same as in cases of accidental injury or death under the general provisions of this chapter except that notice of claim shall be given to the employer as soon as practicable after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted such disease, or a diagnosis of such disease is first communicated to him, whichever shall first occur.

(b) The procedure with respect to filing of claims shall be as follows:

1. The application shall set forth the work history of the applicant with a concise description of injurious exposure to a specific occupational disease together with the names and addresses of employer or employers with the approximate date of employment and shall also include with the application two written medical reports supporting his claim. These medical reports shall be made on the basis of comprehensive clinical examinations and shall contain full and complete statements of the results thereof. The reports shall be made by duly licensed physicians. The clinical examinations shall include x-ray examinations. However, the failure of an x-ray examination to disclose the presence of an occupational disease shall not affect the legal presumption referred to in subsection (5) of this section.

2. The filing of a properly executed application for adjustment of claim, accompanied by the two medical reports described in subparagraph 1. of this paragraph, shall satisfy the requirements of the presumptive clause set out in subsection (5) of this section and the burden of proof shall immediately thereafter shift to the employer and the special fund.

3. Immediately upon receipt of said application for adjustment of claim, the board shall notify the affected employer, the special fund and any other interested party of such claim and shall furnish them with a full and complete copy of the claim.

4. Upon receipt of notice of claim the employer, the special fund, and any other interested party shall have the right to have the claimant examined by competent medical experts, at their expense, including a reasonable sum for travel. After said examination, the claimant or his representative, shall be furnished a copy of said medical report within a reasonable time.

5. Within sixty (60) days of the filing of the claim the employer, the special fund, and any other interested party shall notify the board and the claimant whether or not the claim will be resisted. If the claim

is not resisted, then the board shall within ten (10) days enter an order and award for the claimant. If the claim is resisted, the board shall set a date for a hearing and shall notify all parties thereof. In litigated claims the regular procedures prescribed by the workmen's compensation board shall be followed.

(3) The right to compensation under this chapter for disability resulting from an occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within three (3) years after the last injurious exposure to the occupational hazard or after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted the disease, whichever shall last occur; and if death results from the occupational disease within said period, unless a claim therefor be filed with the workmen's compensation board within three (3) years after such death; provided, however, that notice of such claim shall be deemed waived in case of disability or death where the employer, or his insurance carrier, voluntarily makes payment therefor, or, if the incurrence of the disease or the death of the employe, and its cause was known to the employer. Provided, however, that the right to compensation for any occupational disease shall be forever barred unless a claim is filed with the workmen's compensation board within five (5) years from the last injurious exposure to the occupational hazard, except that, in cases of radiation disease, a claim must be filed within 20 years from the last injurious exposure to the occupational hazard.

(4) The amount of compensation payable for disability due to occupational disease or for death from such disease, and the time and manner of its payment, shall be the same as provided for accidental injury or death under the general provisions of the workmen's compensation act, but in no event to exceed such amounts as were in effect at the time of the last injurious exposure, and provided further, that the time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later, and provided further, that in case of death where the employe has been awarded compensation or made timely claim within the period provided for in this section, an employe has suffered continuous disability to the date of his death occurring at any time within 20 years from the date of disability, his dependents, if any, shall be awarded compensation for his death as provided for under the general provisions of the workmen's compensation act and in this section.

(5) Where the occupational disease is a compensable pneumoconiosis and there has been employment exposure for 10 years or more to an industrial hazard sufficient to cause the disability of pneumoconiosis there shall be a rebuttable presumption that the disability or death was due to the compensable pneumoconiosis.

(6) Where the employe is suffering or suffered from a chronic dust disease of the lung which (a) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one (1) centimeter in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconioses by the international labor organization, (b) when diagnosed by biopsy or autopsy, yields massive lesions in the lung, or (c) when diagnosis is made by other means, would be a condition which could reasonably be expected to yield results described in paragraph (a) or (b) if diagnosis had been made in the manner prescribed in paragraph (a) or (b), then there shall be an irrebuttable presumption that he is totally disabled due to pneumoconiosis or that his death was due to pneumoconiosis, as the case may be.

(7) In case of disability or death from silicosis, coal workers' pneumoconiosis, or any other compensable pneumoconiosis, complicated with tuberculosis of the lungs, pulmonary emphysema or other pulmonary dysfunction and there has been employment exposures to harmful dust or industrial hazards reasonably competent to produce such accompanying disease or dysfunction, there is a rebuttable legal presumption that all resultant disability therefrom is work related and compensable, and compensation shall be payable as for the uncomplicated disease, provided, however, that the disease or dysfunction was an essential factor in causing such disability or death.

(8) If an autopsy has been performed, no testimony relative thereto shall be competent unless the employer or his representative has available findings and reports of the pathologist or doctor who performed the autopsy examination.

(9) No compensation shall be payable for occupational disease if the employe at the time of entering the employment of the employer by whom compensation would otherwise be payable, falsely represented himself, in writing, as not having been previously disabled, laid off, or compensated in damages or otherwise, because of such disease, or failed or omitted truthfully to state to the best of his knowledge, in answer to written inquiry made by the employer, the place, duration and nature of previous employment, or, to the best of his knowledge, the previous state of his health.

(10) No compensation for death from occupational disease shall be payable to any person whose relationship to the deceased, which, under the provisions of this chapter would give right to compensation, arose, subsequent to the beginning of the first compensable disability, save only to after-born children of a marriage existing at the beginning of such disability.

(11) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the general provisions of this chapter and it is subsequently discovered, at any time before the final disposition of such cause, that the claim for injury, disability or death which was the basis for such application should properly have been made under the provisions of this section, then the application so filed may be

amended in form or substance, or both, to assert a claim for such injury, disability or death under the provisions of this section, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this chapter. When such amendment is submitted, further or additional evidence may be heard by the board when deemed necessary. Nothing this section contains shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice of time for filing of a claim, but notice of filing a claim, if given or done, shall be deemed to be a notice of filing of a claim under provisions of this chapter, if given or done within the time required herein.

(12) When an employe has an occupational disease that is covered by this chapter, the employer in whose employment he was last injuriously exposed to the hazard of the disease, and the employer's insurance carrier, if any, at the time of the exposure, shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier; except as otherwise provided herein.

(13) (a) The employer liable for compensation for occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for *non-coal worker's* silicosis and any other compensable pneumoconiosis, shall be the employer in whose employment the employe was last exposed to the hazard of such occupational disease. In those cases where disability or death are not conclusively proven to be the result of such last exposure all compensation shall be paid out of the special fund for all claims filed prior to January 1, 1973; and 75 percent shall be paid by the Special Fund and 25 percent by the employer for all claims filed thereafter. In all other cases of occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for *non-coal worker's* silicosis and any other compensable pneumoconiosis, the compensation for disability or death due to such diseases shall be paid jointly by the employer and the special fund, and the employer shall be liable for sixty percent (60%) of the compensation due and the special fund shall be liable for forty percent (40%) of the compensation due. Provided, however, that when there is a joint award against the carrier or self-insured employer and the special fund under this section, all of the compensation awarded shall be paid from the special fund and the special fund shall be reimbursed by the carrier or self-insured employer on a quarterly basis and under such regulations as the Board may provide for such purpose.

(b) In all claims for compensation partially payable by the special fund the commissioner of labor, as custodian of said fund, shall be designated as codefendant.

(c) In all agreements for the payment of compensation and awards the amount payable by the employer and the amount payable out of the special fund shall be separately stated. An award against the employer shall be for only the percentage of the total compensation which the employer is obligated to pay. A separate award shall be made against the special fund for the balance of the compensation payable. Nothing in this section shall prohibit the commissioner of labor, as custodian of the special fund, from entering into agreements to pay the compensation for which it is liable; provided, however, that where compensation is payable by both the employer and the special fund, the commissioner shall not enter into an agreement unless the employer is a party to the agreement.

**SB 146,** AN ACT relating to workmen's compensation.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 342.285 is amended to read as follows:

(1) An award or order of the board as provided in KRS 342.275, if petition for reconsideration is not filed as provided for in KRS 342.281, shall be conclusive and binding as to all questions of fact, but either party may within twenty days after the rendition of such final award or order of the board, by petition appeal to the circuit court that would have jurisdiction to try an action for damages for the injuries if this chapter did not exist, for the review of such order or award, the board and the adverse party being made respondents. The board shall be named respondent as the Workmen's Compensation Board, and service shall be had on the director.

(2) The petition shall state fully the grounds upon which a review is sought, and assign all errors relied on. Summons shall issue upon the petition directing the adverse party to file answer *and cross-appeal, if appropriate,* within *twenty* [fifteen] days after service thereof and directing the board to send its entire original record, properly bound, to the clerk of the circuit court, after certifying that such record is its entire original record, which shall be filed by the clerk of the circuit court and such record shall then become and be considered by the circuit court on the review.

(3) No new or additional evidence may be introduced in the circuit court except as to the fraud or misconduct of some person engaged in the administration of this chapter and affecting the order, ruling or

award, but the court shall otherwise hear the cause upon the record as certified by the board and shall dispose of the cause in summary manner. The court shall not substitute its judgment for that of the board as to the weight of evidence on questions of fact, its review being limited to determining whether or not:

(a) The board acted without or in excess of its powers;

(b) The order, decision, or award was procured by fraud;

(c) The order, decision, or award is not in conformity to the provisions of this chapter;

(d) The order, decision, or award is clearly erroneous on the basis of the reliable, probative, and material evidence contained in the whole record; or

(e) The order, decision, or award is arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(4) The board and each party may appear in such review proceedings; the court shall enter judgment affirming, modifying or setting aside the order, decision or award, or in its discretion remanding the cause to the board for further proceedings in conformity with the direction of the court. The court may, before judgment and upon a sufficient showing of fact, remand the cause to the board.

(5) The appeal shall be advanced on the circuit court docket without motion or notice.

Section 2. KRS 304.39-060 is amended to read as follows:

(1) Any person who registers, operates, maintains or uses a motor vehicle on the public roadways of this Commonwealth shall, as a condition of such registration, operation, maintenance or use of such motor vehicle and use of the public roadways, be deemed to have accepted the provisions of this subtitle, and in particular those provisions which are contained in this section.

(2) (a) Tort liability with respect to accidents occuring in this Commonwealth and arising from the ownership, maintenance, or use of a motor vehicle is "abolished" for damages because of bodily injury, sickness or disease to the extent the basic reparation benefits provided in this subtitle are payable therefor, or that would be payable but for any deductible authorized by this subtitle, under any insurance policy or other method of security complying with the requirements of this subtitle, except to the extent non-economic detriment qualifies under subsection (2)(b) hereof.

(b) In any action of tort brought against the owner, registrant, operator or occupant of a motor vehicle with respect to which security has been provided as required in this subtitle, or against any person or organization legally responsible for his acts or omissions, a plaintiff may recover damages in tort for pain, suffering, mental anguish and inconvenience because of bodily injury, sickness or disease arising out of the ownership, maintenance, operation or use of such motor vehicle only in the event that the benefits which are payable for such injury as "medical expense" or which would be payable but for any exclusion or deductible authorized by this subtitle exceed one-thousand dollars ($1,000), or the injury or disease consists in whole or in part of permanent disfigurement, a fracture to a weight-bearing bone, a compound, comminuted, displaced or compressed fracture, loss of a body member, permanent injury within reasonable medical probability, permanent loss of bodily function or death. Any person who is entitled to receive free medical and surgical benefits shall be deemed in compliance with the requirements of this subsection upon a showing that the medical treatment received has an equivalent value of at least one-thousand dollars ($1,000).

(c) Tort liability is not so limited for injury to a person who is not an owner, operator, maintainer or user of a motor vehicle within subsection (1) of this section, *nor for injury to the passenger of a motorcycle arising out of the maintenance or use of such motorcycle.*

(3) For purposes of this section and the provisions on reparation obligor's rights of reimbursement, subrogation, and indemnity, a person does not intentionally cause harm merely because his act or failure to act is intentional or done with his realization that it creates a grave risk of harm.

(4) Any person may refuse to consent to the limitations of his tort rights and liabilities as contained in this section. Such rejection must be in writing in a form to be prescribed by the department of insurance and must have been executed and filed with the department at a time prior to any motor vehicle accident for which such rejection is to apply. Such rejection form together with a reasonable explanation thereof shall be furnished by the reparation obligor with each policy to each prospective insurance applicant. Such rejection form shall affirmatively state in bold print that acceptance of this form of insurance denies the applicant the right to sue a negligent motorist unless certain requirements contained in the policy of insurance are met. Rejection by a person who is under legal disability shall be made on behalf of such person by his legal guardian or his natural parent. The failure of such guardian or a natural parent of a person under legal disability to file a rejection, within six (6) months from the date that this subtitle would otherwise become applicable to such person, shall be deemed to be an affirmative acceptance of all provisions of this subtitle. Provided, however, any person who, at the time of an accident, who does not have basic reparation insurance but has not formally rejected such limitations of his tort rights and liabilities and has at such time in effect security equivalent to that required by KRS 304.39-110 shall be deemed to have fully rejected such limitations within meaning of this section for that accident only.

(5) Any rejection must be filed with the department of insurance and shall be for a period of five (5) years from the date of its execution unless revoked in writing. A copy of such rejection or revocation must be filed with each insurance company providing an automobile policy under which the individual is a named insured as defined in the policy.

(6) Every insurance company when issuing an automobile policy to a resident of this Commonwealth must inform the buyer in writing in a form to be prescribed by the insurance commissioner of his right to reject the limitations of his tort rights and liabilities under this subtitle in the manner provided in subsections (4) and (7) of this section.

(7) Any rejection shall result in the full retention by the individual of his tort rights and his tort liabilities. Any person injured by a motor vehicle operator who has such rejection on file may claim his full damages, including nonpecuniary damages, or, if such injured person has not rejected his own tort limitations, he may also claim basic reparation benefits from the appropriate security on the vehicle as established under KRS 304.39-050. If such provider of security is other than the one providing security for the operator who has rejected the limitations, such provider shall be subrogated to the rights of the injured person to the extent of reparation benefits paid against the owner and operator of the vehicle.

(8) No person who has rejected the tort limitations under this section, except as provided in subsection (9) of this section or KRS 304.39-140(5), may collect basic reparation benefits.

(9) Any owner or operator of a motorcycle, as defined in Kentucky Revised Statutes, may file a rejection as described in subsections (4) and (5), which will apply solely to the ownership and operation of a motorcycle but will not apply to injury resulting from the ownership, operation or use of any other type of motor vehicle.

Section 3. KRS 304.39-100 is amended to read as follows:

(1) An insurance contract which purports to provide coverage for basic reparation benefits or is sold with representation that it provides security covering a motor vehicle has the legal effect of including all coverages required by this subtitle.

(2) An insurer authorized to transact or transacting business in this Commonwealth shall file with the commissioner of insurance as a condition of its continued transaction of business within this Commonwealth a form approved by the commissioner of insurance declaring that in any contract of liability insurance for injury, wherever issued, covering the ownership, maintenance or use of a motor vehicle *other than motorcycles* while the vehicle is in this Commonwealth shall be deemed to provide the basic reparation benefits coverage and minimum security for tort liabilities required by this subtitle, except a contract which provides coverage only for liability in excess of required minimum tort liability coverage. Any non-admitted insurer may file such form.

Section 4. KRS 304.39-110 is amended to read as follows:

(1) The requirement of security for payment of tort liabilities is fulfilled by providing:

(a) Liability coverage of not less than ten-thousand dollars ($10,000) for all damages arising out of bodily injury sustained by any one person as a result of any one accident, and not less than twenty thousand dollars ($20,000) for all damages arising out of bodily injury sustained as a result of any single accident caused by accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(b) Liability coverage of not less than five thousand dollars ($5,000) for all damages arising out of damage to or destruction of property, including the loss of use thereof, as a result of any one accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle; [and]

(c) That the liability coverages apply to accidents during the contract period in a territorial area not less than the United States of America, its territories and possessions, and Canada*; and* [.]

*(d) Basic reparation benefits as defined in KRS 304.39-020(2).*

(2) Subject to the provisions on approval of terms and forms, the requirement of security for payment of tort liabilities may be met by a contract the coverage of which is secondary or excess to other applicable valid and collectible liability insurance. To the extent the secondary or excess coverage applies to liability within the minimum security required by this subtitle it must be subject to conditions consistent with the system of required liability insurance established by this subtitle.

*(3) Security for a motorcycle is fulfilled by providing only the coverages set forth in subsections (1)(a), (b) and (c) of this section.*

Section 5. Whereas, the motorcycle business is seasonal and is at its peak between March and June of each year, and whereas the present automobile reparations act (no-fault) has depressed the sale of motorcycles, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

Section 2. KRS 208.020 is amended to read as follows:

(1) The juvenile session of the county court of each county shall have exclusive jurisdiction in proceedings concerning any child living, or found within the county who has not reached his eighteenth birthday:

(a) Who has committed a public offense, except a moving motor vehicle offense, involving a child sixteen (16) years of age or older. The court shall not have jurisdiction in any prosecution of a moving motor vehicle offense involving a child sixteen (16) years of age or older. Juvenile offenders sixteen (16) years of age or older accused of moving motor vehicle offenses shall be treated as any adult offender; provided, however, that the term "moving motor vehicle offense" shall not be deemed to include the offense of stealing or converting a motor vehicle nor operating the same without the owner's consent, nor any offense which constitutes a felony; or

(b) Who does not subject himself to the reasonable control of his parents, teacher, guardian or custodian, by reason of being wayward or habitually disobedient; or

(c) Who is an habitual truant from home or from school; or

(d) Who is found by the court to be dependent, neglected, needy or abandoned.

(2) The court of each county wherein a public offense, as defined in paragraph (a) of subsection (1) of this section, is committed by a child who is a resident of another county of this state, shall have concurrent jurisdiction over such child with the court of the county wherein the child resides, or the court of the county where the child is found. Whichever court first acquires jurisdiction of such child may proceed to final disposition of his case, or, in its discretion may make an order transferring the case to the court of the county of his residence, or the county wherein the offense was committed, as the case may be.

(3) The court of each county shall have exclusive jurisdiction of persons charged with violations of KRS 530.060 and 530.070.

(4) The court shall have exclusive jurisdiction of persons who and no person shall wilfully and unnecessarily expose to the inclemency of the weather, or in any other manner wilfully injure in health or limb any child actually or apparently under the age of sixteen (16) years.

(5) The court shall have exclusive jurisdiction of persons who and no person shall for gain or reward employ or cause to be employed, or exhibit, use, or have in his custody for the purpose of exhibiting, or employing, any child actually or apparently under the age of sixteen (16) years, nor shall any person having the care, custody, or control of such child, in any way procure, or consent for gain or reward, to the employment or exhibition of such child, either:

(a) In begging or receiving alms, or in any mendicant occupation;

(b) If the child is a female, in peddling or in any wandering occupation;

(c) In any indecent or immoral occupation or practice;

(d) In the exhibition of any such child when insane, or idiotic; or

(e) In any practice or exhibition of unusual danger to life, limb, health or morals of the child.

(6) Nothing in this chapter shall deprive other courts of the jurisdiction to determine the custody or guardianship of children upon writs of habeas corpus, or to determine the custody or guardianship of children when such custody or guardianship is incidental to the determination of other causes pending in such other courts; nor shall anything in this chapter affect the jurisdiction of circuit courts over adoptions and proceedings for termination of parental rights. The juvenile court shall have no jurisdiction to make permanent awards of custody of a child, but if the court finds an emergency to exist affecting the welfare of a child, it may make temporary orders for its custody, pending the outcome of proceedings in circuit court to determine its permanent custody. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child, and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the circuit court, awarding custody of such child, all prior orders of the juvenile court in conflict therewith shall be deemed canceled.

*(7) Actions brought under KRS 208.020(1)(a) shall be considered to be delinquency actions.*

*(8) Actions brought under KRS 208.020 (1)(b) and (c) shall be considered to be status actions.*

*(9) Actions brought under KRS 208.020(1)(d) shall be considered to be dependency actions.*

Section 3. KRS 208.060 is amended to read as follows:

(1) All cases involving children brought before the court shall be granted a speedy hearing and shall be dealt with by the juvenile court at separate hearings and without a jury. The hearings may be conducted in an informal manner. The general public shall be excluded and only the immediate families *or guardians* of the parties before the court, witnesses necessary for the prosecution and defense of the case, the probation worker with direct interest in the case, those persons enumerated under KRS 208.040, such persons admitted as the judge shall find have a direct interest in the case or in the work of the court, and such other persons as agreed to by the child and his attorney may be admitted to the hearing. Witnesses shall be admitted to the hearing only for the duration of their testimony.

(2) Juvenile proceedings shall consist of two distinct hearings, an adjudication and a disposition, which may, upon motion of the child, be held on separate days.

(a) The adjudication shall determine the truth or falsity of the allegations in the petition and shall be made on the basis of an admission or confession of the child to the court or by the taking of evidence.

(b) Upon motion by any child brought before the court on a petition under KRS 208.020 (1) (a), (b), or (c), the Rules of Criminal Procedure shall apply to all matters involved in the adjudication of the case. All adjudications shall be supported by evidence beyond a reasonable doubt.

(c) After adjudication, *a determination by the court that detention pending disposition is necessary shall be based on a finding of the court by a preponderance of the evidence that the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community* [the court shall determine whether the circumstances surrounding the child are such as to endanger his safety or welfare or that of the community and warrant his detention pending the disposition].

(d) The disposition shall determine the action to be taken by the court on behalf of, and in the best interest of, the child. Unless the provisions of subsections (3) and (4) are observed by the court, the disposition shall be limited to an informal adjustment of the matter between the parties and the court. The provisions of subsections (3) and (4) shall be conditions precedent to any commitment, court-ordered probation, restitution, or other disposition enforceable by the authority of the court. No public or private agency or body, or party before the court, shall [be required to] participate in any order of the court unless it receives from the court a verified statement, signed by the juvenile judge, that the rights enumerated in subsections (3) and (4) were granted to the child during the proceedings in juvenile court.

(3) Before commencing a hearing and proceeding to determine the truth or falsity of the allegations in a petition filed with the court under KRS 208.020 (1) (a), (b), or (c), the court shall decide, on the basis of a preliminary inquiry made by the court, whether or not the best interest of the child indicates that the petition should be dismissed and the child's case adjusted informally among the parties. An informal adjustment may be made at any time during the proceedings. All petitions brought under KRS 208.020 (1) (a), (b), or (c) shall receive this consideration by the court. No petition shall be brought against the child as a result of information given to the court by the child as part of an informal adjustment. If the court finds it necessary to extend the discussion, during an informal adjustment, beyond the immediate subject matter of the complaint before it, the child and his parents, relative, guardian, or custodian shall be advised of all the rights under this subsection. If the court determines that a formal proceeding is required to determine the truth or falsity of the allegations against the child, a petition, sworn to by the complainant, shall be required pursuant to KRS 208.070 (1) and (2), and the court shall, when the child is brought before the court:

(a) Explain to the child and his parents, relative, guardian, or custodian their respective rights to counsel and, if the child and his parents, relative, guardian, or custodian are unable to obtain counsel, shall appoint counsel for the child and may appoint counsel for the parents, relative, guardian, or custodian;

(b) Explain the privilege against self-incrimination by saying that the child, parents, relative, guardian, or custodian may remain silent concerning the charges against the child, and that anything said may be used against the child and result in his commitment to *the department or* an institution for juvenile delinquents;

(c) Explain the right to confront anyone who has accused the child and to cross-examine that person on the allegations made against the child;

(d) Advise the child and his parents, relative, guardian, or custodian of the right to appeal from a determination of the court;

(e) Advise the child that these rights belong to him and may not be waived by his parents, relative, guardian, or custodian.

(4) At the disposition of a child adjudicated on a petition brought pursuant to KRS 208.020 (1) (a), (b), or (c), all information helpful in making a proper disposition, including oral and written reports, may be received by the court *in compliance with KRS 208.060(2)(d)* and relied upon to the extent of their probative value, provided that the parties or their counsel shall be afforded an opportunity to examine and controvert the reports and cross-examine the individuals making the reports.

(5) In the case of any child brought before the court on a petition under KRS 208.020 (1) (d), the rules of evidence and procedure described in subsection (3) of this section shall apply.

Section 4. KRS 208.110 is amended to read as follows:

(1) The law relating to the persons by whom and the circumstances under which a person may be arrested for a public offense shall be applicable to children, but the taking of a child into custody under such law shall not be termed an arrest, and a child after having been so taken into custody shall be dealt with as provided in KRS 208.010 to 208.540. The law relating to bail shall not be applicable to children detained in accordance with KRS 208.010 to 208.540.

(2) When a child is taken into custody by a person other than a peace officer, on a charge of committing a public offense, such person shall as soon as possible place the child in the custody of a peace officer.

(3) When a peace officer has taken or received a child into custody on a charge of committing an offense, under the provisions of KRS 208.020 (1) (a), (b), or (c) the officer shall immediately notify the parent,

or if the parent is not available, then a relative, guardian, or custodian of the child, that the child has been detained, give an account of specific charges against the child, including the specific statute alleged to have been violated, and the reasons for the detention, and state the time and place of the detention hearing. Unless the nature of the offense or other circumstances are such as to indicate the necessity of keeping the child in secure custody, the officer shall release the child to the custody of his parent or other responsible adult upon the written promise, signed by such person, to bring the child to the court at a stated time or at such time as the court may direct. The written promise, accompanied by a written report by the officer, shall be submitted to the court forthwith. If the person fails to produce the child as agreed or upon notice from the court, a petition, warrant, or both may be issued for the apprehension of the person or of the child, or both.

[(4) If the child is not released as provided in subsection (3) of this section, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. If taken to the detention facility, the officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention. When a child is detained in any way or for any reason, there shall be a hearing held within forty-eight hours, exclusive of Sunday, of the commencement of detention to determine whether or not there is reasonable cause to believe that an offense has been committed and that the detained child committed the offense. The Commonwealth shall bear the burden of proof, and if it shall fail to establish such reasonable cause, the child shall be released and the complaint dismissed. If such reasonable cause is established, the court shall then determine whether or not the circumstances surrounding the child are such as to endanger its safety or welfare or that of the community. The Commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence. Upon such showing of proof and order of the court, the child shall be detained until such time as the court may withdraw the order for detention or make a speedy disposition in the child's best interest. Unless such a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible person pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.]

[(5) Whether the child is released before or after a hearing, or is detained as the result of such a hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least forty-eight hours prior to the initial hearing on the case.]

Section 5. KRS 208.130 is amended to read as follows:

(1) The fiscal court of each county shall provide for a suitable facility or facilities for the *custody and care* [detention] of children held in custody pending disposition of their cases by the juvenile court, and may employ necessary personnel for the operation thereof.

(2) In counties containing a city of the first or second class, the fiscal court shall maintain a permanent detention home, either through arrangement with another public agency or with a private organization or agency, or by acquiring and operating the home as a county institution.

(3) In counties other than those containing a city of the first or second class, the fiscal court shall either maintain a detention home or arrange for the use of private or family homes.

(4) The department may assist the counties in the acquisition, development and furnishing of detention facilities, and may employ available funds for that purpose. The detention facilities may be subject to the supervision of the department, and shall conform to rules and regulations prescribed by the department.

(5) Each detention facility shall be conducted under the jurisdiction of the juvenile court for which it is maintained and each child detained in such facility shall be deemed to be under the jurisdiction of the court.

(6) The fiscal court of any county may arrange with the department for the use of its regional reception-diagnostic centers for those cases pending before the juvenile court of its county. The fiscal court is authorized to make such payments as agreed upon with the department for the use of the services and facilities. The use of the department's regional reception-diagnostic centers by the individual juvenile courts shall not give such juvenile courts jurisdiction over the department's regional reception-diagnostic centers.

Section 6. KRS 208.170 is amended to read as follows:

(1) If, *prior to an adjudicatory hearing* [during the course of any proceeding] in the juvenile court, it appears to the court that there is reasonable cause to believe that a child before the court has committed a felony, and at the time of commission of the offense the child was sixteen (16) years of age or older, or was less than sixteen (16) years of age but the offense was a class A felony or a capital offense, and the court is of

the opinion that the [best interests of the child and of the public require that the] child be tried and disposed of under the regular law governing crimes, the court *shall conduct a separate hearing to determine if the case should be transferred* [in its discretion may make an order transferring the case] to the circuit court of the county in which the offense was committed. No child shall be considered a felon for any purpose until transferred to, tried and convicted of a felony by a circuit court.

*(2) The hearing held to consider the transfer of a juvenile to the circuit court shall determine if there is probable cause to believe that an offense was committed and that the child committed the offense.*

*(3) If the court determines that probable cause exists, it shall then determine if it is in the best interest of the child and the community to order such a transfer based upon the seriousness of the alleged offense; whether the offense was against person or property, with greater weight being give to offenses against persons; the maturity of the child as determined by his environment; the child's prior record; and the prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child by the use of procedures, services, and facilities currently available to the juvenile justice system.*

*(4) If, following completion of the transfer hearing, the court is of the opinion that the best interest of the child and of the public would be protected by such transfer, the order of transfer shall state the reason for such transfer.*

*(5)* [(2)] When the juvenile court so transfers a case to the circuit court:

(a) If a grand jury considers the case and is satisfied there is sufficient evidence to indict the child, *it shall be instructed that* it may either return an indictment or may return a written report to the circuit court recommending that the child be *transferred to the juvenile court* [committed to the department]. If the court believes that such *transfer* [commitment] would be proper, it may order the child *transferred* [committed] to the *juvenile court* [department].

(b) *If an indictment is returned, the court may in its discretion order the case transferred to the juvenile court.* [If, during any stage of the trial in the circuit court, the child or his parent or guardian so requests, the judge in his discretion may stop the trial and commit the child to the department.]

(c) If *an indictment is returned and the court does not transfer the case to juvenile court* [neither of the procedures specified in paragraphs (a) and (b) of this subsection are employed], the child shall be tried as any other defendant.

(d) While under the jurisdiction of the circuit court, the child shall be subject to bail the same as an adult.

[(e) Any commitment to the department under paragraph (a) or (b) of this subsection shall be for an indeterminate period not to exceed the age of twenty-one (21).]

Section 7. KRS 208.180 is amended to read as follows:

(1) If a child tried on a felony charge in the circuit court, under paragraph (c) of subsection *(5)* [(2)] of KRS 208.170 is convicted of a felony, and sentenced to imprisonment, he shall be committed to the *custody of the bureau of corrections* [penitentiary], except that in the case of a child who is under eighteen (18) years of age at the time of sentencing, the court in its discretion may commit the child to the department. In such case, if the period of the sentence imposed by the verdict would expire before the child reaches twenty-one (21) years of age, the commitment to the department shall be for an indeterminate period not to exceed the age of twenty-one (21). If the period of the sentence imposed by the verdict would extend beyond the age of twenty-one (21), the commitment shall be to the department until the age of twenty-one (21), and thereafter to the *custody of the bureau of corrections* [penitentiary]. In the latter case, if the child is out on parole at the time he becomes twenty-one (21), he may be transferred to supervision of adult parole officers. However, if the parole is revoked he shall be returned to the *custody of the bureau of corrections* [penitentiary] and shall thereafter be dealt with the same as an adult sentenced to the penitentiary.

(2) If a child tried on a felony charge in the circuit court, under paragraph (c) of subsection *(5)* [(2)] of KRS 208.170 is convicted of a misdemeanor, and sentenced to imprisonment, he shall be committed to the county jail, except that in the case of a child who is under eighteen (18) years of age at the time of sentencing, the court in its discretion may commit the child to the department, for an indeterminate period not to exceed the age of twenty-one (21) years.

Section 8. KRS 208.200 is amended to read as follows:

(1) If in its decree the juvenile court finds that the child comes within the purview of subsections (1) or (2) of KRS 208.020, the court may, by order:

(a) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. Probation or supervision shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. A child so placed on probation or supervision shall remain subject to the jurisdiction of the juvenile court until he becomes twenty-one (21) years of age, unless he is discharged prior thereto by the court.

(b) Commit the child to the custody or guardianship of a private or public institution or agency other than the department authorized to care for such children, or under the guardianship of a suitable person. Such commitment shall be until the age of twenty-one (21) subject to the power of the court to discharge the child prior thereto, or of the governing authorities of said agency or institution to do so upon notice to the court. In committing a child to a private institution or agency the court shall select one that is approved by the department for human resources and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

(c) Commit the child to the department. Such commitment shall be for an indeterminate period not to exceed the age of twenty-one (21).

(2) If, in its decree, the juvenile court finds that the child comes within the purview of subsection (1) or (2) of KRS 208.020, the court may dispose of the child as provided in subsection (1) of this section, except that if a child comes within the purview of paragraph (d) of subsection (1) of KRS 208.020, the court may not commit the child to the department unless the department has indicated to the court that it has facilities and funds available to care for the child and is willing to accept the commitment.

(3) In the event a child who has not reached his eighteenth birthday commits a new offense while a ward of the department, the court shall have exclusive, original jurisdiction of the new offense, and may modify all previous orders, including that committing the child to the department. Nothing in this section shall limit the jurisdiction of any other court in assuming jurisdiction of wards of the department between the ages of eighteen (18) and twenty-one (21) years who have committed another public offense after attaining the age of eighteen (18).

(4) If a child is disposed of as provided in paragraph (a) or (b) of subsection (1) of this section the court may modify or set aside its order at any time, and direct that the child be otherwise disposed of, in accordance with this chapter, except that after a child has been disposed of as provided in paragraph (a) or (b) of subsection (1) of this section he may not then be transferred to the circuit court as provided for in KRS 208.170.

*(5) If a child sixteen (16) years of age or older has been adjudicated delinquent in the commission of an offense classified as a misdemeanor or violation, the court in its discretion may order as follows:*

*(a) Participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. The program shall be appropriate to the age level and physical ability of the child and shall be combined with counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with educational, occupational, or religious obligations of the child. Assignment to a community services work program shall be made to a governmental or nonprofit community organization for a specified period of time, not to exceed one hundred and twenty (120) hours for a child adjudicated delinquent in the commission of a class A misdemeanor, not to exceed eighty (80) hours for a child adjudicated delinquent in the commission of a class B misdemeanor, and not to exceed forty (40) hours for a child adjudicated delinquent in the commission of an offense classified as a violation under the penal code. A child may be directed to participate in a community services work program as provided in this subsection for the purposes of restitution authorized by KRS 208.240.*

*(b) The court may impose a fine for a misdemeanor or violation offense. The imposition of a fine for a misdemeanor or violation offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay such fine.*

*(c) Fines shall be levied consistent with the schedule set forth below:*

*For a class A misdemeanor, not to exceed $150;*

*For a class B misdemeanor, not to exceed $75; and*

*For a violation, not to exceed $50.*

*When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately.*

*(6) When a child has been ordered to comply with the provisions in subsection (5) above and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require the child to show cause why he should not be held in detention for noncompliance with the court order. The court may issue an order of custody or a summons for his appearance.*

*(7) Following issuance of a show cause order pursuant to subsection (6) above, unless the child can show that noncompliance was not the result of an intentional refusal to comply with the court order or not the result of a failure to make a good faith effort to comply with the court order, the court may order the child detained as follows:*

*(a) For a period not to exceed five (5) days if the order is imposed for the commission of a Class A misdemeanor;*

*(b) For a period not to exceed three (3) days if the order is imposed for the commission of a Class B misdemeanor;*

*(c) For a period not to exceed two (2) days if the order is imposed for the commission of a violation.*

*Any detention imposed for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational obligations of the child, and shall be in an approved detention facility as provided in KRS 208.130.*

*(8) When in the judgment of the court a disposition stated above in subsection (5) is inadequate to aid in the rehabilitation of a misdemeanor offender, the court in its discretion may order a child sixteen (16) years of age or older who has been adjudicated delinquent in the commission of an offense classifed as a misdemeanor to detention in an approved detention facility as provided in KRS 208.130 based upon the schedule set forth below:*

*Class A misdemeanor, 1 to 30 days*

*Class B misdemeanor, 1 to 15 days;*

*Provided, that the court shall advise the child prior to entering its order under this subsection that the child upon demand may receive a trial by jury in the quarterly court, which trial and any appeal therefrom shall be conducted in accordance with the Rules of Criminal Procedure.*

*The detention of a juvenile misdemeanor offender shall not be scheduled to interfere with the educational obligations of the child. Detention may be scheduled during periods such as weekends, after school, or overnight. Any portion of a day spent in detention shall be deemed as one day for the purposes of serving a detention term.*

*(9)* [(5)] No adjudication by a juvenile court of the status of any child shall be deemed a conviction, nor shall such adjudication operate to impose any of the civil disabilities ordinarily resulting from a criminal conviction, nor shall any child be found guilty or be deemed a criminal by reason of such adjudication.

Section 9. KRS 208.230 is amended to read as follows:

In support of any order or decree, the juvenile court may require the parents or other person having custody of a child, or any other person who has been found by the court to *have engaged in an unlawful transaction with a minor or endangered the welfare of a minor or in any way* [be] encouraging, causing or contributing to the acts or conditions which bring the child within the purview of KRS 208.020 to do any acts required by law or to desist from doing any acts forbidden by law, when the court deems such requirement necessary for the welfare of the child. *The court may, in its discretion, order the appearance of the parents, relative, guardian, custodian, or other person having custody of the child at any court hearing involving the child.* In case of failure to comply with *any orders entered pursuant to the provisions of this section* [such requirement], the court may proceed against such persons for contempt of court.

Section 10. KRS 208.270 is amended to read as follows:

Whenever any court commits a child to the department or whenever a juvenile court commits a child to any institution or agency, the court shall cause to be transmitted to the department, institution or agency a certified copy of the commitment order, together with a summary of the court's information concerning the child. The child shall be held by virtue of the order, and the certified copy of the order shall be proof of the authority of the department, institution or agency in behalf of the child. *Such certified order shall be sufficient authority for any law enforcement officer to detain any person named therein and deliver him to such a place as shall be directed by the department, institution or agency given custody of him in the order.*

Section 11. KRS 208.290 is amended to read as follows:

On or before March 1 of each year, each county clerk shall submit to the department a written report showing the number and disposition of *all* children [who have committed public offenses] that have been brought before the juvenile court during the preceding calendar year, together with such information as the department shall prescribe.

Section 12. KRS 208.420 is amended to read as follows:

(1) The department may establish and operate regional reception-diagnostic centers for the observation, study and classification of children committed to it. Such children *may* [shall] upon their commitment be placed in a reception center for a period of observation and study. The reception centers shall be furnished with adequate psychiatric, psychological and social services. A case history for each child shall be prepared during his period of observation and study in the reception center. Upon the basis of study and observation in the reception center, the department shall make a recommendation as to the character of treatment or disposition which should initially be provided for the child.

(2) The regional reception-diagnostic centers established by the department may also be utilized as detention and evaluation facilities for children whose cases are pending final disposition of the juvenile court. This use of the facilities shall be made pursuant to agreement between the department and the individual fiscal courts.

Section 13. KRS 208.460 is amended to read as follows:

If it appears that a child committed to the department is mentally ill or defective, the department may use state mental hospital facilities or other resources for observation of mental conditions. *This period of observation shall not exceed thirty (30) days. After thirty (30) days, the child shall be removed or a mental inquest proceeding through circuit court shall be obtained pursuant to the appropriate provisions of KRS Chapter 202.* If it appears from such observations that the child requires treatment or hospitalization for mental illness or defect, the department shall cause proceedings to be instituted pursuant to the appropriate provisions of KRS chapter 202.

Section 14. KRS 208.510 is amended to read as follows:

Any child committed to the department who is placed on *supervised placement from a residential treatment facility* [parole] by the department and who violates the terms or conditions of *supervised placement* [parole] may be apprehended and returned to active custody of the department by any probation officer of the department or by any peace officer on direction of the department, *provided that an administrative hearing has been held by persons designated by the department to hear such matters at which time the child and parents shall be given an opportunity to be heard and be represented by counsel.*

Section 15. KRS 208.540 is amended to read as follows:

Any peace officer who conveys a child from the committing court or from the detention facility of the committing court to an institution or facility operated by the department shall be allowed *an amount prescribed by regulation adopted by the executive department for finance and administration* [ten cents (10¢) per mile,] calculated by the nearest traveled route, and shall be paid for all necessary expenses for feeding, lodging and transporting the child. The officer shall make out a full account of all expenses so incurred by him and give the distance traveled. The account shall be verified by the officer upon oath before the county court and certified by the county clerk to the department, for payment out of funds appropriated for the purpose.

SECTION 16. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) If child is not released as provided in subsection (3) of KRS 208.110, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. The officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention.

(2) When a child is detained for the alleged commission of an offense as provided in KRS 208.020(1)(a), (b), and (c) and not released, a hearing shall be held as soon as practical, but not to exceed seventy-two (72) hours, exclusive of Sunday, and legal holidays, of the commencement of detention.

(3) The child shall be afforded all constitutionally guaranteed rights at every stage of the proceedings including, but not limited to notice of the charges, the privilege against self-incrimination, the right to confront and cross-examine witnesses and the right to counsel.

(4) The hearing shall address the following issues:

(a) If there is probable cause to believe that an offense has been committed and that the accused child committed that offense. The commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence, and if it should fail to establish such probable cause, the child shall be released and the complaint dismissed;

(b) Whether further detention is necessary to assure the safety of the child, protection of the community, and the appearance of the child in court;

(c) In determining detention for offenses provided in KRS 208.020, the court shall consider the seriousness of the alleged offense; the possibility that the child would commit and offense dangerous to himself or the community pending disposition of the original offense; the child's prior record, if any; and whether there are charges pending against the child in another jurisdiction;

(d) In determining detention for offenses provided in KRS 208.020(1)(b) and (c), the court shall consider the availability of a parent, guardian or responsible adult, court-appointed supervisory or probation personnel, or foster care or emergency shelter care facilities that would insure the control and safety of the child; and the availability of adequate and secure detention facilities which would provide segregated detention for the child. Secure detention for status offenders is to be used in only those cases when the court is of the opinion that other alternatives are either not available or cannot provide the degree of control and safety necessary to assure the safety and security of the child.

(5) If, after completion of the detention hearing the court is of the opinion that detention is necessary, the order shall state in writing the specific reasons for detention and the nature of the detention.

(6) Unless a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible persons pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.

(7) Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least seventy-two (72) hours prior to the initial hearing on the case.

SECTION 17. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(2) If a child is sixteen (16) years of age or older, and is adjudicated delinquent in the commission of a felony offense or found guilty of a felony offense and has previously been adjudicated delinquent of a felony offense or found guilty of a felony offense in two or more separate adjudications, the sentencing court in its discretion may commit the child to the department for purposes of institutionalization for an indeterminate period of time of not less than six (6) months.

(3) The department shall maintain jurisdiction over the child during the the period of the commitment.

(4) The department shall notify the committing court prior to the termination of institutionalization as to the future intentions of the department as they relate to continued treatment of the child.

(3) Any person who violates the provisions of this section shall be guilty of a class B misdemeanor.

SECTION 19. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

(1) All fees of attorneys and physicians, and all charges of hospitals under this chapter, shall be subject to the approval of the board. No attorney fees shall be allowed or approved against any party not represented by said attorney, nor shall any attorney fee be allowed or approved exceeding an amount equal to 20 per cent of the first $25,000.00, 15 percent of the next $10,000.00 and 5 percent of the remainder of the amount recovered as actuarily determined on past and future benefits according to the American Experience Table of Mortality and the Remarriage Tables of the Dutch Royal Insurance Institute. [In no case shall the fee exceed $6,500.00.] Provided, however, the board, in making an allowance of attorney fees, shall in each case examine the record to ascertain the extent of the services rendered, and fix a reasonable fee for the services rendered, not to exceed the maximum authorized by this section. The board may reduce the attorney's fee to an amount commensurate with the services performed, or may deny or reduce an attorney's fee upon proof of solicitation of employment. Any award made to a claimant in a nonresisted claim as established under the provisions of KRS 342.316(2)(b) paragraph 5 shall result in an award of an attorney fee not exceeding $750.00.

(2) No attorney's fee in any case involving benefits under this chapter shall be paid until the fee is approved by the board, and any contract for the payment of attorney's fees otherwise than as provided in this section shall be void. The entire attorney's fee in a lump sum shall be paid directly to the attorney of record, and the board in allowing or approving an attorney's fee, as provided in this section, shall order the payment of same directly to the attorney, commuting sufficient of the final payments of compensation payable under the award to a lump sum for that purpose.

(3) The General Assembly declares that by the enactment of subsections (2)(b) and (7) of KRS 342.316, it is the legislative intent to encourage settlement and prompt administrative handling of such claims and thereby reduce expenses to claimants for compensation under the provisions of KRS 342.316, and the board shall give due regard to such legislative intent in the handling of uncontested claims and the allowance of attorney's fees therein.

(4) The board shall approve any contract between attorney and client if the limits on fees enumerated *in subsection (1)* [below] are followed. [:]

[(a) When the claim is uncontested under the provisions of KRS 342.316(2)(b), paragraph (5), the attorney fee shall not exceed an amount equal to $750.00.

(b) In all other claims, the fee of the attorney shall not exceed a sum equal to 20 percent of the amount recovered, or $5000.00, whichever is less.

### Orders of the Day

Representative McBride rose to a point of personal privilege.

Representative McBride moved that the following remarks be spread upon the Journal:

Mr. Speaker, Ladies and Gentlemen of the House, on yesterday we were debating an amendment to the Legislative Research Commission Budget and during the debate the Gentleman from Jefferson 46 referred to the "Gentleman from Jefferson 43 and Company." According to the Governor of the Commonwealth I was, along with the Gentleman from Jefferson 43, "His Choice" to be added to the LRC—so I guess I am the "And Company" the Gentleman from Jefferson 46 had reference to. I take no particular exception to this remark—on the contrary I'm flattered by it—I can think of no other company in this House that I prefer to that of the Gentleman from Jefferson 43.

The Gentleman from Fulton 1 had some rather unkind remarks to make concerning the Leadership ability of the members that he understood were to be put on the LRC. To the effect that they had displayed no leadership for the welfare or the benefit of the people of Kentucky. I submit to you, the Gentleman from Fulton 1 mistakes an honest difference of opinion on philosophical and political issues as a lack of leadership. True enough I voted against the Busing Bills and **HB 333** but it might surprise you to know that I am also opposed to State aid to Parochial Schools. On the gentleman's leadership—when you consider the present membership and their time served in this Chamber, if you can show me one member that has done half as much toward the betterment of the individual members as the Gentleman from Jefferson 43 I'll go along with you.

For instance—have you considered why you have the convenience this session of holding your Committee meetings just outside the Chamber door as opposed to some closet on the fourth floor? Do you realize who did most of the work this session and in 1972 getting you the expense increases you so justly deserve? Oh yes, several of us had the idea—or at least liked the idea—but how many of us had the guts to get out front and work for it? Who among you know of the Gentleman's efforts to put the Kentucky General Assembly on a par with her sister states in the Council of State Governments or the National Conference of State Legislators and finally, do you realize why you—the peoples' branch of government are subjected to standing in line to use the telephone while virtually every clerk in state government has their own office and telephone. I'll tell you why—because there were some that didn't have the guts to support his efforts to spend a $100,000 to get you a phone. Speak not to me of leadership—I know the difference. I'm deeply and proudly able to say the gentleman from Jefferson 43 is my Friend. You should be as fortunate as I, for he is truly a *MAN*, among men I've known.

Insofar as my lack of personal popularity among you—it matters not. Popularity is a fleeting thing as some of you shall come to know, I know my friends and they know me—but there are some things that you as future Leaders of Kentucky should consider. On yesterday the Gentleman from Pike 94 honestly found fault with a piece of Legislation and successfully moved to table it. Subsequent to that action he received a Communication from the Governor's Office and he then found it necessary to come up here to rescind his own motion. That in itself was bad enough but worse than that was the fact that he was then subjected to joking ridicule. Jokes were made about the train running and on and on it went. What kind of image do you as Lawmakers think this creates for the Citizens of Kentucky, the visitors in the gallery, the young people—the Legislative Interns that are here studying their Government in action? I say to you, in the least not a very good one. Do you honestly think under those circumstances the people of Kentucky are wrong then—when they deny us annual sessions? I think not -

What is wrong then—should the Governor not have contacted the Gentleman from Pike 94? Is the Gentleman from Pike 94 the only pliable one amongst us? The obvious answer on both questions is an Emphatic *No.* The Governor has a right and responsibility to exercise whatever powers are within his grasp to effect the passage of his program. Insofar as the question put concerning the Gentleman from Pike, let's assume that he is susceptible to pressure from the Governor's Office. Aren't we all? Think about it. He did nothing that most of us haven't done or will do. As a matter of fact I recall an incident when the Gentleman from Casey during 1972 called every member of the House a coward. I asked then to vote as to whether or not they were cowards. You guessed it, the majority voted favorably on a roll call vote to the Gentleman from Casey's suggestion that they were cowards.

Now what's this all been for—simply this, the realization is now upon me that Legislative independence is ours for the asking. All we have to do is place independence above all else. All we have to do is something akin to that which has been done for us by others so long ago—to gain our independence all we have to do is pledge our political lives, our political fortunes and our political honor.

Mr. Speaker, Ladies and Gentlemen, I thank you for your indulgence. Now that I've had my say I guess I've not been aggrieved after all. But with your kind consideration and that of the membership I'd like to have these prepared remarks spread upon the Record.

Agreed.

Representative B. Richardson moved that the House concur in the following Senate Amendment to **HB 337:**

Amend printed copy of **HB 337** as follows:

Section 16. KRS 160.470 is amended to read as follows:

(1) Each district board of education shall prepare a general school budget on forms prescribed and furnished by the state board of education, showing the amount of money needed for current expenses, debt service, capital outlay, and other necessary expenses of the schools during the succeeding fiscal year, the estimated total amount that will be received from the common school fund and other sources, the assessed valuation of property subject to local taxation in the school district furnished as provided in subsection (3) of KRS 160.460, an estimate made by the department of revenue of public service company assessments and assessments of other property in the school district not furnished under the provisions of subsection (3) of KRS 160.460, and the amount that will be needed to be raised by local taxation, including the rate of levy necessary to raise such an amount.

(2) Notwithstanding any statutory provisions to the contrary, no district board of education shall submit a budget *for 1977-78* which would require more revenue from local ad valorem taxes than would be produced by application of *the maximum rate that could have been levied in 1976-77, minus thirty cents (30¢),* [the preceding year's] to the *1976-77* [preceding year's] assessment, exclusive of voted levies and net assessment growth as defined in KRS 132.425, except as provided in *Section 6 of this Act* [subsection (3) of KRS 157.380 and as provided in subsection (4) of this section]. *In succeeding years, no district board of education shall submit a budget which would require more revenue from local ad valorem taxes than would be produced by application of the maximum tax rate that could have been levied in the preceding year to the preceding year's assessment, exclusive of voted levies and net assessment growth as defined in KRS 132.425, except as provided in Section 6 of this Act.* In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) The superintendent of public instruction shall certify to each district board of education, by June 1 of each year, the maximum permissible local ad valorem tax revenue. This amount shall be computed as follows:

(a) The superintendent of public instruction shall determine the total amount of ad valorem tax revenue which would be produced by application of *the maximum tax* [the preceding year's] rate *that could have been levied in 1976-77, minus thirty cents (30¢),* to the *1976-77* [preceding year's] assessment. *In succeeding years, the superintendent of public instruction shall determine the total amount of ad valorem tax revenue which would be produced by application of the maximum tax rate that could have been levied in the preceding year to the preceding year's assessment.*

(b) The superintendent of public instruction shall determine the total amount of ad valorem tax revenue which would be produced by application of *the maximum* [the preceding year's effective] tax rate *that could have been levied in 1976-77, minus thirty cents (30¢),* to the net assessment growth in each school district. *In succeeding years, the superintendent of public instruction shall determine the total amount of ad valorem tax revenue which would be produced by application of the maximum tax rate that could have been levied in the preceding year to the net assessment growth in each school district.* The net assessment growth as determined in accordance with KRS 132.425 shall be certified to the superintendent of public instruction by the department of revenue by May 20 of each year.

[(c) The superintendent of public instruction shall compile a list of those school districts in which the general fund ad valorem tax for the 1965-1966 school year was levied at a rate less than the $1.50 maximum then authorized by KRS 160.475. The superintendent of public instruction shall then calculate for each such district the revenue that would have been produced for the 1965-1966 school year if such tax had been levied at the $1.50 rate. He shall then re-calculate the maximum permissible local ad valorem tax revenue that would have been authorized for each such district for the 1966-1967, 1967-1968, 1968-1969 and 1969-1970 school years as though the 1965-1966 tax had been levied at the $1.50 rate, including in such re-calculation the revenue that would have been derived from taxation of net assessment growth under paragraph (b) of this subsection and the revenue that would have been derived from any percentage increases actually adopted by the district under subsection (4) of this section. The maximum permissible local ad valorem tax revenue so recalculated for the 1969-1970 school year shall, for such districts, be deemed the total amount of ad valorem tax revenue to be determined by the superintendent for the 1970-1971 school year under paragraph (a) of this subsection.]

*(c)* [(d)] The sum of the amounts computed under paragraphs (a) and (b) of this subsection shall be the maximum permissible local ad valorem tax revenue for purposes of subsection (2) of this section [, except as otherwise therein prescribed].

[(e) Any school district which is not contemplating capital construction and which is eligible for the increase allowed in paragraph (c) of this subsection may elect to take advantage of the increase in equal stages over a period of three years.]

[(4) Notwithstanding the limitations contained in subsection (2) of this section, any district board of education which in preparing its proposed budget deems that it will require an amount of revenue greater than that permitted in subsection (2) of this section may submit to the levying authority for the school years 1966-1967 and 1967-1968 a budget which could require an increase in such revenue of not more than 10 percent after compliance with the following:

(a) The district board of education shall give notice of any proposed increase in revenue. Notwithstanding any statutory provisions to the contrary, notice shall be given by causing to be published, at least one (1) time in a newspaper of general circulation published in the county or by posting at the courthouse door if there be no such newspaper, the fact that said increase of not exceeding 10 percent is being proposed. Said advertisement shall state that the district board of education will meet at a place and on a day fixed in the advertisement, not earlier than one (1) week and not later than two (2) weeks from the date of the advertisement, for the purpose of hearing comments and complaints regarding the proposed increase and explaining the reasons for such proposal.

(b) The district board of education shall conduct a public hearing at the place and on the date advertised for the purpose of hearing comments and complaints regarding the proposed increase and explaining the reasons for such proposal.]

*(4)* [(5)] Three (3) copies of the budget shall be filed with the clerk of the tax-levying authority of the district within three (3) days after the district board of education has received its assessment data. The clerk shall present the budget to the proper tax-levying authority when the authority convenes to fix its school levy. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

*(5)* [(6)] Within three (3) days after the tax-levying authority has fixed the tax rate, the district board of education shall forward two (2) copies of the budget to the state board of education for its approval or disapproval. The budget shall be disapproved if it is financially unsound or fails to provide for: (a) Payment of maturing principal of and interest on any outstanding voted school improvement bonds of the school district authorized and issued pursuant to KRS 162.080 and 162.090, with the written approval of the state board of education, or (b) Payment of rentals in connection with any outstanding school building revenue bonds issued for the benefit of the independent school district or county school district, as the case may be, by the appropriate city or county as authorized and provided under the provisions of KRS 162.120 to 162.300, with the written approval of the state board of education, or fails to comply with the law; and the state board of education shall state its reason, or reasons, for such disapproval. In such event the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval.

*(6)* [(7)] If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy in accordance therewith, so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective until approved by the state board of education.

*(7)* [(8)] Each district board of education shall, if required by the state board of education, prepare and submit to it not later than September 15, a close estimate or working budget which shall conform to the rules and regulations prescribed by the state board of education, and which shall be consistent in its major divisions with the general school budget previously prepared.

page 49, line 16, by deleting the amount "$300" and inserting in its place the amount "$327";

and on page 49, line 21, by deleting the amount "$300" and inserting in its place the amount "$327".

License fees on a business, trade, occupation or profession for revenue purposes may be imposed at a percentage rate not to exceed those hereinafter set forth on (a) salaries, wages, commissions and other compensations earned by every person within the city for work done and services performed or rendered in the city, (all of such being hereinafter collectively referred to as "wages"), and (b) the net profits of all businesses, professions or occupations from activities conducted in the city (hereinafter collectively referred to as "net profits"). Licenses imposed for regulatory purposes shall not be subject to such limitations as to form and amount. No company that pays an ad valorem tax and a franchise tax is required to pay a license tax and no license tax shall be imposed upon or collected from any bank, trust company, combined bank and trust company or combined trust, banking and title business in this state, *any savings and loan association whether state or federally chartered* or upon income received by members of the Kentucky national guard for active duty training, unit training assemblies and annual field training, or in any other case where the city is prohibited by statute from imposing a license tax.

(2) The rate fixed on both "wages" and "net profits" shall be one and one-fourth per cent (1 1/4%).

(3) License fees or taxes shall be collected by the commissioners of the sinking fund. The proceeds from the taxes shall be paid to the secretary and treasurer of the sinking fund until income from all sources of the sinking fund is sufficient to pay the cost of administration and the interest charges for the current fiscal year of the sinking fund in addition to a sum sufficient to amortize the outstanding principal indebtedness of the city on a yearly basis in accordance with regularly used amortization tables.

(4) Revenue remaining after meeting the foregoing requirements shall be transferred to the city. Such revenues shall be credited to the general fund of the city as received and may be expended for general purposes or for capital improvements.

(5) The term "capital improvements" as used in this section is limited to additions or improvements of a substantial and permanent nature and services rendered in connection therewith, and includes but is not limited to (a) the purchase of rights of way for highways, expressways and the widening of existing streets, (b) the purchase of lands for park, recreational and other governmental facilities and for public off-street parking facilities, (c) the purchase, construction, reconstruction, renovation or remodeling of municipal buildings, and facilities, (d) the replacement of machinery, wires, pipes, structural members or fixtures and other essential portions of municipal buildings, (e) the initial equipment of any newly-acquired facility wherein any essential governmental function of the municipality may be located or carried on, (f) the purchase and installation of traffic control devices and fire alarm equipment, (g) the reconstruction and resurfacing, but not routine maintenance, of streets and other public ways, (h) the acquisition of motorized equipment purchased as additions to, but not replacements for, existing equipment, and, (i) engineering and other costs incurred by the city in connection with the construction of public improvements financed under a special assessment plan or plans authorized in KRS chapter 93.

(6) Ad valorem taxes for the benefit of the sinking fund shall not be levied unless the income of the sinking fund is otherwise insufficient to meet such requirements.

(7) Licenses shall be issued and enforced on terms and conditions as prescribed by ordinance.

Section 5. KRS 92.300 is amended to read as follows:

(1) The legislative body of any city of the second to sixth class may by ordinance exempt manufacturing establishments from city taxation for a period not exceeding five (5) years as an inducement to their location in the city. In cities of the third class, two-thirds (2/3), of the members of the city legislative body must concur for this purpose.

(2) No city of the second to sixth class or urban county government may impose or collect any license tax upon any bank, trust company, combined bank and trust company, or trust, banking and title insurance company organized and doing business in this state, *any savings and loan association whether state or federally chartered,* or upon income received by members of the Kentucky national guard for active duty training, unit training assemblies and annual field training.

(3) Unpaid volunteer members of fire companies in cities of the fourth class shall be exempt from city poll taxes so long as they remain active members.

Section 6. KRS 96A.320 is amended to read as follows:

(1) As used in KRS 96A.310 to 96A.370, the term "mass transportation program" shall mean the provision of necessary funds by public bodies to transit authorities created pursuant to KRS chapter 96A with which to acquire, operate and preserve mass transportation facilities.

(2) Public bodies which have been parties to the creation and establishment of transit authorities, or who constitute the membership of such transit authorities, may, acting either individually or jointly, submit to either (i) the electorates of such public bodies, or (ii) the electorate of the transit area encompassed by any such transit authority, but only in the manner and pursuant to the procedures set forth in KRS 96A.310 to 96A.370, one or more proposals for the approval of a mass transportation program to be financed by additional voted levies of ad valorem taxes upon all taxable property in such public body or public bodies. Such additional voted levies of ad valorem taxes upon all taxable property in any such public body shall never exceed in the aggregate the limits prescribed by the constitution of Kentucky for any such public body.

(3) Public bodies which have been parties to the creation and establishment of transit authorities, or who constitute the membership of such transit authorities, may, acting either individually or jointly, submit to either (i) the electorates of such public bodies, or (ii) the electorate of the transit area encompassed by any such transit authority, but only in the manner and pursuant to the procedures set forth in KRS 96A.310 to 96A.370, one or more proposals for the approval of a mass transportation program to be financed by voted levies of occupational license fees. Such voted levies of occupational license fees shall not exceed one percent (1%) of (a) salaries, wages, commissions and other compensation earned by persons for work done and services performed or rendered, and (b) the net profits of businesses, trades, professions or occupations from activities conducted in the public body, or the transit area, except public service companies, banks, trust companies, combined banks and trust companies, combined trust, banking and title companies, *any savings and loan association whether state or federally chartered,* and in all other cases where a public body is prohibited by law from imposing a license fee.

(4) Public bodies which have been parties to the creation and establishment of transit authorities, or who constitute the membership of such transit authorities, may, acting either individually or jointly, submit to either (i) the electorates of such public bodies, or (ii) the electorate of the transit area encompassed by any such transit authority, but only in the manner and pursuant to the procedures set forth in KRS 96A.310 to 96A.370, one or more proposals for the approval of a mass transportation program to be financed by the voted levy of an annual motor vehicle license fee with respect to each and every motor vehicle which is legally registered within either the geographical boundaries of such public body, or the transit area of such transit authority, as appropriate, such annual motor vehicle license fee not to exceed fifteen dollars ($15) in the case of any transit authority which includes in its membership a city of the first class, and seven dollars and fifty cents ($7.50) in all other cases. As used herein, the term "motor vehicle" shall have the meaning ascribed by KRS 186.010(7)(a).

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 287.020 is amended to read as follows:

He shall devise a seal for his department, a description of which, together with an impression thereof and a certificate of approval by the governor, shall be filed in the office of the secretary of state. The seal shall be renewed whenever necessary.

(2) The commissioner of banking and securities and his deputies shall be allowed their necessary traveling and other expenses of conducting their office.

(3) The commissioner of banking and securities may prescribe, amend and appeal regulations authorizing banks or trust companies to engage in any banking activity in which such banks could engage were they operating as national banks at the time such authority is granted, provided that this subsection shall not apply to activities which are expressly prohibited or limited by the statutes of the commonwealth.

(4) Nothing herein contained shall be construed to repeal, modify or alter the restrictions of KRS 287.105 relative to the leasing of motor vehicles, or of KRS 287.180 relative to the establishment of branches.

Section 2. KRS 287.060 is amended to read as follows:

(1) Before any financial institution mentioned in KRS 287.040 may transact any banking or trust business, it shall file a written oath with the commissioner. The oath shall be taken by each director of the institution, and shall state in substance:

(a) That such director is a citizen of the United States, and the state of Kentucky, or, if not, the place of his residence;

(b) That he will faithfully discharge the duties of his office and administer the affairs of the institution, so far as the duties of his office require;

(c) That he will uphold the laws of the state, and particularly the banking laws.

(2) The oath shall be taken before any officer authorized to administer oaths, and shall be taken upon the election of any subsequent director or reelection of any director. The oath shall be transmitted to the commissioner immediately upon its execution and shall be filed and preserved by the commissioner.

*(3) The commissioner shall issue to the institution a certificate entitling it to transact the business for which it was organized after the following requirements have been met:*

*(a) The oath mentioned in subsections (1) and (2) of this section has been filed; and*

*(b) The commissioner has received satisfactory proof that the accounts of the institution's depositors will be insured by the Federal Deposit Insurance Corporation; and*

*(d) A period of thirty (30) days has elapsed since the rendition by the commissioner of a final order, as defined in Section 5 of this Act, and an appeal to the appropriate court has not been taken from such order.*

*(e) If an appeal from a final order of the commissioner has been timely filed, no certificate shall be issued until all the requirements of (a)—(c) of this subsection have been met and until:*

*1. The appeal has been finally disposed of by the last possible court of review, including the United States Supreme Court; or*

*2. All further opportunities for appeal have expired as a result of the failure to timely file an appeal.*

[(3) After the oath has been filed, if the commissioner is satisfied that all requisite laws have been complied with, he shall issue a certificate to the institution, setting out therein that such institution has subscribed and paid in the required capital, and otherwise fully complied with all pertinent laws and regulations. The certificate will entitle the institution to at once transact the business for which it was organized.]

Section 3. KRS 287.180 is amended to read as follows:

(1) Banks authorized under the laws of this state may, except as provided in subsection (2) of this section, exercise, only at their principal office, powers necessary to carry on the business of banking by discounting and negotiating notes, drafts, bills of exchange and other evidences of debt, and by purchasing bonds, receiving deposits and allowing interest thereon, buying and selling exchange, coin and bullion and lending money on personal or real security.

(2) Any corporation presently or hereafter engaged in the business of banking, and meeting the requirements of this subsection, may apply to the commissioner of banking and securities for permission to establish, within the city in which its principal office is located and, subject to the limitation hereinafter imposed, within the county in which its principal office is located a branch at which all of the powers conferred in subsection (1) of this section may be exercised. Before the commissioner of banking and securities shall approve or disapprove any application made under this subsection he shall ascertain and determine that the public convenience and advantage will be served and prompted thereby and that there is reasonable probability of the successful operation of such branch. No such branch shall be authorized or approved by the commissioner unless all of the following are complied with:

(a) No such corporation having a combined capital and surplus of less than $100,000 shall be permitted to establish any branch. Any corporation applying for permission to establish a branch shall, be required to have a minimum combined capital and surplus for each branch applied for in accordance with the following table:

If the principal office is located in:

| | |
|---|---|
| 1. An unincorporated area or in a city of 7,999 population or less | $100,000 |
| 2. City with population of 8,000 to 19,999 | $200,000 |

3. City with population of 19,999 and over one branch may be authorized for every $250,000 of capital and surplus.

Said population is to be determined by the last census or any future census of the United States.

(b) No such corporation shall be permitted to establish a branch in any incorporated city, other than in the city in which its principal office is located, in which there is an existing bank. Nor shall any such corporation be permitted to establish a branch in any unincorporated area within a radius of one (1) mile of an existing bank located in such unincorporated area. As used in this subsection, an "existing bank" shall mean the principal office of a bank as distinguished from a branch thereof.

(c) The permission to open a branch shall lapse *one year after the commissioner has rendered a final order, as defined in Section 5 of this Act,* [at the end of six (6) months] unless it shall have been opened and business actually begun in good faith. *If, for reasons beyond the control of the applicant, the branch is not opened within this time period, permission to open the branch may, with the approval of the commissioner, be extended for whatever period of time he deems to be necessary.* [For reasons determined by the commissioner of banking and securities to be sufficient said permission to open a branch may, with the approval of the commissioner, be extended for one six months' period.]

(3) Any corporation which on January 1, 1966, was engaged in operating an agency or branch bank, may continue to retain and operate the same under the general banking laws, and the requirements set forth in this section in respect to capital shall not apply to any such existing agency or branch bank but only as to those agencies or branch banks which may be established in the future pursuant to the terms of this section.

(4) The provisions of this section shall not be construed to prohibit the merger of banks in the same county and the operation by the merged corporation of such banks, nor to prohibit the sale of any bank to, and the purchase thereof by, any other bank in the same county and the operation of such bank by the purchasing bank as a branch, provided the commissioner of banking and securities shall determine that the public convenience and necessity will be served by such operation, and provided further that, at the time of

such merger or purchase, each of the banks involved shall have been in operation for a period of five (5) years or more.

(5) Any national banking association or any state bank member of the federal reserve system whose principal office is located in this state is hereby authorized to do all things and perform all acts which state banks are permitted to do or perform under this section, subject to the conditions and restrictions provided for banks as to exercise of such powers.

(6) When a branch or agency bank has once been established any operation thereof shall not be discontinued, and said branch or agency bank shall not be closed until after ninety (90) days notice in writing to the commissioner. In the discretion of the commissioner said branch or agency bank proposing to discontinue operation may be required to give notice of the date when such operation will cease.

SECTION 4. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

(1) Whenever an application for approval of a corporation or facility provided for by KRS 287.050, 287.180, or Section 6 of this Act is made, notice of such application shall be published, and any interested party shall have the opportunity to request a public hearing to determine whether the criteria for approval set forth in the particular statutory section have been met.

(2) Hearings in regard to applications mentioned in subsection (1) of this section need not be held if, after publication of notice, no hearing is requested. However, nothing shall prevent the commissioner from himself causing a hearing to be held, and such hearing, if held, may be convened and conducted in such manner as the commissioner may determine by regulation or otherwise.

(3) Regardless of whether or not a hearing is held, the commissioner shall make the determinations required of him by the statutory sections mentioned in subsection (1) by means of a written order which sets forth the bases for his decision.

(4) When no hearing has been held and the commissioner has determined, by written order, that the proposed corporation or facility contemplated by the statutory sections mentioned in subsection (1) of this section should not be approved, he shall afford those parties seeking approval, and them only, a period of twenty (20) days after rendition of the order to again request a public hearing. If a hearing is then held, he shall prepare a second written order which makes the particular determinations required by the above-mentioned statutory sections. This second order may contain bases for his determinations that are in addition to or different from those contained in the first order.

(5) Notice of hearings held pursuant to this section shall be given by advertising one time in the newspaper with the largest circulation in the locality where the proposed corporation or facility is to be situated. Such advertisement shall state the nature and location of the proposed corporation or facility, as well as the name of the corporation or parties applying for approval. The notice shall also state that any interested parties who wish to request of the department that a hearing be held must do so in writing within twenty (20) days after publication of the notice.

SECTION 5. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

(1) An appeal to the appropriate court from a final order of the commissioner rendered under KRS 287.050, 287.180, or Section 6 of this Act may be taken by anyone who was aggrieved by such order and who was a party to a hearing held pursuant to Section 4 of this Act.

(2) An appeal as specified in subsection (1) of this section may be taken by filing a petition of appeal with the appropriate court within thirty days after the rendition of a final order, and such petition shall be treated as a complaint under the Kentucky Rules of Civil Procedure. The department shall, within thirty days after being served with a summons, or within such further time as the court may allow, file a copy of the record, duly certified by the commissioner or one of his agents, and the expense of such record shall be taxed as costs.

(3) An appeal, pursuant to this section, from a final order of the commissioner rendered under KRS 287.180 or Section 6 of this Act does not, unless specifically ordered by the commissioner or by the court, operate as a stay of the commissioner's order.

(4) The reviewing court shall not substitute its judgment for that of the commissioner, and the court's review shall be limited to determining whether or not the final order of the commissioner was supported by substantial evidence or was arbitrary or capricious.

(5) The appeal shall be advanced on the court docket without motion or notice.

(6) The term "final order," as used in this section shall be deemed to refer to an order of approval or disapproval, as specified in Section 4 of this Act, or, where appropriate, a second order of approval or disapproval, within the meaning of that section.

SECTION 6. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

(1) No branch or principal office of any bank shall be moved from one location to another without the approval of the commissioner. Before the commissioner shall approve or disapprove any such change of

location he shall ascertain and determine that the public convenience and advantage will be served and prompted thereby and that there is a reasonable probability of the successful operation of such branch or principal office at the new location.

(2) If a bank wishes to move its principal office from one location to another and retain its former principal office as a branch, the provisions of subsection (1) of this section shall be followed in regard to approval of the change of location. A final order by the commissioner approving or disapproving the change of location shall be deemed to constitute a similar approval or disapproval of the former principal office as a branch, and no further administrative proceedings shall be necessary. In no event shall the restrictions contained in KRS 287.180 as to where a branch may be located apply so as to prevent the approval of a former principal office as a branch in the manner provided for by this subsection.

(3) If the location of a branch or principal office is changed in the manner provided by either subsections (1) or (2) of this section, and if the new location is to be outside the corporation limits of the city in which it was formerly located, such new location must comply with the restrictions set out in KRS 287.180(2)(b) in regard to where a branch may be located. If a branch or principal office was formerly located in an unincorporated area and the new branch or principal office is to be located more than one mile from the former branch or principal office, the restrictions set out in KRS 287.180(2)(b) as to where a branch may be located must also be complied with.

Section 7. KRS 287.560 is amended to read as follows:

(1) If it appears upon examination that any bank or trust company is insolvent, *either in the sense that its liabilities exceed its assets or in the sense that it cannot meet its obligations in the usual and ordinary course of business for any reason,* or *if it appears* that its capital has become impaired, and has been permitted to remain impaired beyond the period allowed by law, *or that the Federal Deposit Insurance Corporation has terminated insurance of its depositors' accounts,* the department of banking and securities *may* [shall] immediately take charge of the bank or trust company and all of its property and effects.

(2) If an examiner finds that any bank or trust company is pursuing a dangerous and unsafe policy, the examiner shall call the directors and officers of such institution together and advise them fully of the nature of such objectionable practices, and warn them against a repetition thereof, and shall make a full report to the department of banking and securities of the practices warned against, and the advice given by him and thereupon the commissioner of banking and securities, *may* [shall], in person or by written notice to each director, require a cessation of such objectionable practices or policy. If his directions are not complied with, he may place an examiner in charge of such bank, or he may adopt such other policy as he deems best to bring the institution back to a safe condition.

(3) The officers, directors, or stockholders of any bank or trust company may execute to the commissioner of banking and securities a bond with security approved by him, to secure the creditors of such bank or trust company, and upon the execution of such bond the commissioner of banking and securities shall leave with or restore the custody and management of the bank or trust company to the officers and directors thereof. If the commissioner of banking and securities deems it necessary, he may cause a petition to be filed in the circuit court of the county where such bank or trust company is located, or apply to such court or to the judge thereof when the court is not in session, for the appointment of a receiver of such bank or trust company, and thereupon such court or judge shall set a date for the hearing of the application for the appointment of a receiver, not later than twenty (20) days from the date such motion is made. Notice of the hearing shall be served upon the bank or trust company. Upon such hearing the parties may be heard by affidavits or upon oral examination in court or before the judge and thereupon the judge shall hear and determine the question of the appointment of the receiver. If the court determines that such action or proposed action of the commissioner of banking and securities was justified, the court shall appoint a receiver, and shall fix the amount of the bond to be given by him.

(4) If any bank or trust company or officer thereof wilfully refuses after demand by the commissioner of banking and securities to comply with any of the provisions of this chapter, the commissioner of banking and securities may take charge of its property and assets as provided in this section.

Agreed.

(1) There is hereby created a permanent subcommittee of the legislative research commission to be known as the administrative regulation review subcommittee. The subcommittee shall be composed of three (3) members, no more than two (2) of whom shall be members of the same political party. The legislative research commission shall appoint from the membership of the general assembly, the members of the subcommittee for terms of two (2) years, and the members so appointed shall elect one (1) of their number to serve as chairman. Any vacancy which may occur in the membership of the subcommittee shall be filled by the legislative research commission at its next regularly scheduled meeting after the occurrence of the vacancy.

(2) The subcommittee shall meet monthly at such time and place as the chairman may determine. The members of the subcommittee shall be compensated for attending meetings, as provided in KRS 7.090(2).

(3) Any professional, clerical or other employes required by the subcommittee shall be provided in accordance with the provisions of KRS 7.090(4) and (5).

(4) Prior to filing, all regulations shall be submitted to the administrative regulation review subcommittee to determine if the regulation conforms to the statutory authority under which it was promulgated and if it carries out the legislative intent of the statutory authority under which it was promulgated. The subcommittee's finding that a regulation does not conform to the statutory authority or carry out the legislative intent shall be reported to the promulgating administrative body and to the director of the legislative research commission. In the event the subcommittee determines that a regulation, other than an emergency filing approved by the governor, does not conform to the statutory authority, or does not coincide with the legislative intent, the subcommittee shall attach to the regulation a written notation of its objection, including a statement of the reasons therefor, and shall return the regulation to the promulgating administrative body. Notice of such objection shall be given by the subcommittee to the director of the legislative research commission. The subcommittee shall act on a regulation submitted to the legislative research commission within thirty (30) days of the submission of the regulation.

(5) The promulgating administrative body may revise a regulation to comply with the subcommittee's objections, and may return the revised regulation to the subcommittee, or it may return the regulation, with the subcommittee's notation attached, without change. The legislative research commission shall immediately accept a regulation as filed if it is not objected to by the subcommittee.

The standing committees of the house and senate or the interim committee to which a regulation is referred under this section shall review the regulation in the same manner as did the administrative regulation review subcommittee and shall not expand their review beyond determining whether the regulation conforms to the statutory authority under which it was promulgated and whether the regulation carries out the legislative intent of the statute it seeks to implement. In the event the standing committee of the house and senate or the interim committee determines that a regulation does not conform to the statutory authority under which it was promulgated, or does not coincide with the legislative intent of the statute it seeks to implement the standing committees or the interim committee shall attach to the regulation a written notation of its objection, including a statement of the reasons therefor, and the director shall return the regulation to the promulgating administrative body. Notice of such objection shall be given by the standing committees or by the interim committee to the director of the legislative research commission. The standing committees or interim committee shall act on a regulation submitted in accordance with this section within thirty (30) days of the date the administrative body returns the regulation*; provided, however, if there are no authorized meetings of the standing committees or the interim committee within such thirty (30) day period, the legislative research commission shall take action on the returned regulation in the same manner herein described at its next regularly scheduled meeting.*

(7) The promulgating administrative body may revise a regulation to comply with the subcommittee's interim or standing committee's objections, and may return the revised regulation to said subcommittee or committee, or may return the regulation with the subcommittee's interim or standing committee's notation attached, without change. The legislative research commission shall immediately accept the regulation as filed.

(8) The subcommittee shall report monthly to the legislative research commission all action taken on administrative bodies' regulations. The director of the legislative research commission shall report to the commission all action taken by the standing committee or by the interim committee.

(9) All regulations objected to by the subcommittee and by the standing committees or interim committee and not revised by the promulgating administrative body together with the notations of the subcommittee's and the standing committee's or interim committee's objection shall be transmitted by the director to the clerk of the senate and the clerk of the house of representatives on or before the first day of each regular session of the general assembly. (f) schedules of any fees and charges necessary to provide for expenses and reserves of the corporation; and

(g) any other matters related to the duties and the exercise of the powers of the corporation under this section.

Such rules and regulations shall in each case be designed to effectuate the general purposes of this Act and the following specific objectives: (i) the expansion of the supply of funds in the state available for residential mortgage loans; (ii) the provision of the additional residential housing needed to remedy the shortage of adequate housing in the state and to eliminate the existence of a large number of substandard dwellings; and (iii) the effective participation by mortgage lenders in the program authorized by this Act and the restriction of the financial return and benefit thereto from such program to that necessary and reasonable to induce such participation.

(3) The obligation to repay loans to mortgage lenders shall be general obligations of the respective mortgage lenders and shall bear such date or dates, shall mature at such time or times, shall be evidenced by such note, bond or other certificate of indebtedness, shall be subject to prepayment and shall contain such other provisions consistent with this section, all as the corporation shall by resolution determine.

(4) Any other provision of this section to the contrary notwithstanding, the interest rate or rates and other terms of the loans to mortgage lenders made from the proceeds of any issue of bonds of the corporation shall be at least sufficient to assure the payment of said bonds and the interest thereon as the same become due from the amounts received by the corporation in repayment of such loans and interest thereon.

(5) The corporation may require that such loans to mortgage lenders be additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security in such amounts as the corporation by resolution shall determine to be necessary to assure the payment of such loans and the interest thereon as the same become due. Such collateral security shall consist of (i) direct obligations of, or obligations guaranteed by, the United States of America; (ii) bonds, debentures, notes or other evidences of indebtedness, satisfactory to the corporation, issued by any of the following federal agencies: Banks for Cooperatives, Federal Intermediate Credit Banks, Federal Home Loan Banks, Export-Import Bank of the United States, Federal Land Banks, the Federal National Mortgage Association or the Government National Mortgage Association; (iii) direct obligations of or obligations guaranteed by the state; or (iv) mortgages insured or guaranteed by the United States of America or an instrumentality thereof as to payments of principal and interest. The corporation may require in the case of any or all mortgage lenders that such collateral be lodged with a bank or trust company located in the state designated by the corporation as custodian therefor. In the absence of such requirement a mortgage lender shall upon receipt of the loan proceeds from the corporation enter into an agreement with the corporation containing such provisions as the corporation shall deem necessary to adequately identify and separately maintain such collateral and service the same and providing that such mortgage lender shall hold such collateral as an agent for the corporation and shall be held accountable as the trustee of an express trust for the application and disposition thereof and the income therefrom solely to the uses and purposes in accordance with the provisions of such agreement. A copy of

each such agreement and any revisions or supplements thereto shall be filed with the secretary of state, and no further filing or other action under Article 9 of KRS Chapter 355 or any other law of the state shall be required to perfect the security interest of the corporation in such collateral or any additions thereto or substitutions therefor, and the lien and trust for the benefit of the corporation so created shall be binding from and after the time made against all parties having claims of any kind in tort, contract or otherwise against such mortgage lender. The corporation may also establish such additional requirements as it shall deem necessary with respect to the pledging, assigning, setting aside, or holding of such collateral and the making of substitutions therefor or additions thereto and the disposition of income and receipts therefrom.

(6) The corporation shall require the submission to it by each mortgage lender to which the corporation has made a loan of evidence satisfactory to the corporation of the making of residential mortgage loans as required by this section and prescribed by rules and regulations of the corporation and in connection therewith may inspect the books and records of such mortgage lender.

(7) All residential mortgage loans made as required by this Section shall comply with the applicable provisions of the laws of the state, and, where federal law or the law of another jurisdiction governs the affairs of the mortgage lender, with the applicable provisions of such law.

(8) The corporation may require agreement by any mortgage lender as a condition of the loan to such mortgage lender, to the payment of penalties to the corporation for violation by the mortgage lender of any provision of this section or its undertaking to the corporation with respect to the making of residential mortgage loans, and such penalties shall be recoverable at the demand of the corporation.

(9) If at any time the corporation shall determine that an adequate supply of funds exists in regular banking channels for residential mortgage loans, the corporation shall discontinue the making of loans to mortgage lenders until such time as the corporation may subsequently determine that the supply of funds available for new residential mortgage loans is again inadequate.

(10) For purposes of this section, the term "residential mortgage loan" means a loan made by a mortgage lender and secured by a mortgage constituting a first lien upon residential housing.

*(3) No person who practices the fitting and sale of hearing aids shall visit the home or place of business of a potential buyer for the purpose of soliciting or inducing a sale of a hearing aid without having obtained,*

*prior to any visit, the expressed written consent of such potential buyer to such a visit. SECTION 4. A NEW SECTION OF KRS CHAPTER 334 IS CREATED TO READ AS FOLLOWS:

(1) The buyer of a hearing aid has the right to cancel such purchase for any reason at any time prior to midnight of the thirtieth (30th) calendar day after actual receipt of the hearing aid.

(2) Cancellation occurs when the buyer gives written notice of cancellation to the seller at the address stated in the notice and statement of the buyer's right to cancel provided for in subsection (5) of this section.

(3) Notice of cancellation, if given by mail, is given when it is deposited in the mail properly addressed and postage prepaid.

(4) Notice of cancellation given by the buyer need not take a particular form and is sufficient if it indicates by a form of written expression the intention of the buyer not to be bound by the hearing aid sale.

(5) In the sale of a hearing aid, the seller must present to each buyer, at the time such buyer assumes any financial obligation with respect to the purchase of a hearing aid, a written notice and statement of the buyer's right to cancel which must:

(9) If payment by the buyer includes any goods or property traded in, the goods or property must be tendered to the buyer in substantially as good condition as when they were received by the seller. If the seller fails to tender the goods or property as provided by this subsection, the buyer may elect to recover an amount equal to the trade-in allowance for such goods or property.

(10) The seller may retain as a cancellation fee an amount not to exceed fifteen dollars ($15) plus five (5) percent of the total price charged by the seller for the fitting and sale of the hearing aid, excluding any cancellation charges for any custom ear mold or batteries specifically stated in the notice and statement required by subsection (5) above. (12) Until the seller has complied with the obligations imposed by this section the buyer may retain possession of all goods or property delivered to him by the seller and has a lien on the goods or property in his possession or control for any recovery to which he is entitled.

(14) The buyer has a duty to take reasonable care of the goods in his possession before cancellation and for a reasonable time thereafter until delivered to the seller.

(15) Any waiver by the buyer of rights provided in this section is null and void, and will not operate to relieve the seller of any obligation placed upon him by this section.

(16) Nothing in this section shall in any way limit the right to cancel home solicitation sales, pursuant to KRS 367.410 to 367.460.

Section 5. KRS 334.120 is amended to read as follows:

The order shall have annexed thereto a copy of the complaint. The order and copy of the complaint shall be served upon the licensee at least twenty (20) days before the date set for hearing at the last known address. *Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

SECTION 1. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) Upon the filing of a claim the director shall ascertain whether the employer, or any other person against whom a claim is filed and who is not exempt by KRS 342.630 or KRS 342.650, has secured payment of compensation by either securing insurance coverage or qualifying as a self insurer pursuant to KRS 342.340. Upon determination that any employer under this chapter has failed to comply with the provisions of KRS 342.340, the director shall record, as provided by subsection (2), a certificate prepared and furnished him by a representative of the Uninsured Employers' Fund showing the date on which such claim was filed, the date of the injury alleged, the name and last known address of the employer against whom it was filed, and the fact that the employer has not secured the payment of compensation as required. Upon recordation, such certificate constitutes a valid lien against the assets of the employer in favor of the Uninsured Employers' Fund for the whole amount which may be due as compensation. Such lien shall be superior to the lien of any mortgage or other encumbrance thereafter created and shall continue for 10 years from the time of such recording unless sooner released or otherwise discharged. A copy of such certificate shall be served upon the employer by the director.

(2) The certificate constituting a lien in favor of the Uninsured Employers' Fund shall be filed in the following offices:

(a) The office of the County Court Clerk of the county in which the defendant employer resides.

(b) The office of the County Court Clerk of the county in which the defendant employer has its principal place of business.

(c) The office of the County Court Clerk in the counties where such employers' property is located.

SECTION 2. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

A claimant may, in the original application for benefits, or any party may, by motion accompanied by proper allegations while the case is still pending, and the Board shall, upon its own motion at any time before the rendition of the final award, cause the Uninsured Employers' Fund to be made a party to the proceedings if it should appear that the named defendant has failed to secure the payment of compensation as required by KRS 342.340.

SECTION 3. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

When an award is made against an employer who (1) has not secured payment of compensation by either securing insurance coverage or qualifying as a self insurer, and (2) has not made a deposit of security, indemnity or bond acceptable to the board to secure the payment of compensation liability and (3) has failed to make payment of compensation according to the terms of such award, the award shall constitute a liquidated claim for damages against such employer in an amount commuted to a lump sum which will equal the present value of the total sum of the probable future payments discounted at four percent (4%) true discount compounded annually on each payment, which amount is to be ascertained and fixed by the board, and the director shall certify the same to the Attorney General who shall forthwith institute a civil action against such employer in the name of the state for the collection of such award. In such action it shall be sufficient for plaintiff to set forth a copy of the award of the board relative to such claim as certified by the director and to state that there is due to plaintiff on such account of such opinion, order or award of the board a specified sum which plaintiff claims with interest. A certified copy of such award in such claim shall be attached to the complaint and constitutes prima facie evidence of the truth of the facts therein contained.

SECTION 4. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

The workmen's compensation board, the director, or his authorized representative, upon showing a certification of noncompliance, may temporarily restrain or temporarily or permanently enjoin the further operation of any employer covered by the Act. Such action shall be brought in Franklin Circuit Court.

Section 5. KRS 342.230 is amended to read as follows:

(1) Upon the recommendation of the director, the board, within the limits of appropriations therefor, shall establish and fill any positions, including medical services and advice, necessary to carry on the board's work.

(2) The governor shall appoint a director of the board who shall have immediate supervision of the employes of the board, [and] perform such duties as are assigned him, *and have complete authority to carry out all the administrative functions of the division of workmen's compensation.* The director shall be an attorney who has been admitted to practice law in Kentucky and shall have practiced law for at least three (3)

years. He shall keep and be the custodian of the records of the board, shall annually report the activities of the board to the governor, and shall devote his full time to the duties of his office. He shall receive a salary to be fixed by the governor.

(3) The governor shall appoint not more than *the number of* [fifteen (15)] hearing officers *authorized by regulation of the board,* each of whom shall be an attorney admitted to practice law in Kentucky and shall have practiced law for at least three (3) years. These officers, upon the direction of the director or the board, shall conduct hearings, and otherwise supervise the presentation of evidence and perform any other duties assigned to them by the director or the board except that such hearing officers shall not render final decisions, orders, or awards. However such hearing officers may, in receiving evidence on behalf of the board, make such rulings affecting the competency, relevancy, and materiality of the evidence about to be presented and upon motions presented during the taking of evidence as will expedite the preparation of the case.

(4) The board may at any time recommend the removal of the director or any hearing officer upon filing with the governor a full written statement of its reasons for such removal.

Section 6. KRS 342.315 is amended to read as follows:

(1) The board, or any member thereof, may, upon the application of either party or upon its own motion, appoint not more than three (3) disinterested and duly qualified physicians or surgeons to make any necessary medical examination of the employe and to testify in respect thereto. Such physicians or surgeons shall file with the board within fifteen (15) days after such examination their joint report in writing. The physicians or surgeons shall be allowed a reasonable fee to be fixed by the board and paid out of the maintenance fund. *The board may also authorize the payment of the reasonable costs of x-rays, and a reasonable fee for any deposition given by such physicians or surgeons.* [, not exceeding seventy-five dollars ($75.00) for each examination and report, except that the board may allow additional reasonable amounts in extraordinary cases and the reasonable cost of X-rays, if any; the board may in its discretion allow a fee not in excess of twenty-five dollars ($25.00) for any deposition given by such physicians or surgeons.]

(2) The party filing the motion for an examination shall pay the necessary and reasonable traveling expenses incurred by the employe in submitting to such examination. If the examination is ordered on the board's own motion, then such traveling expenses shall be paid out of the maintenance fund.

SECTION 7. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) Every employer subject to this chapter shall keep a record of all injuries fatal or otherwise, received by his employes in the course of their employment. Within one (1) week after the occurrence and knowledge, as provided in KRS 342.185 to 342.200, of an injury to an employe causing his absence from work for more than one (1) day, a report thereof shall be made in writing and mailed to the board on blanks procured from the board for the purpose.

(2) The report shall contain the name, nature, and location of the business of the employer and name, age, sex, wages, and occupation of the injured employe, and shall state the date and hour of the accident causing the injury, the nature and cause of the injury, and any other information required by the board.

(3) Every employer or insurer subject to this chapter shall file additional reports as are required by the workmen's compensation board for the determination of the promptness of voluntary payment and validity and fairness of agreements. In addition, the board may require additional information as may be necessary to comply with a federal statute or regulation or any state statute.

(4) Upon the termination of the disability of the injured employe, or if the disability extends beyond a period of sixty (60) days, then also at the expiration of such period the employer shall make a supplementary report to the board on blanks procured from the board for the purpose.

Section 8. KRS 342.390 is amended to read as follows:

*Election to operate under this chapter if an employer is not mandatorily subject to the chapter shall be effected by the employer purchasing workmen's compensation insurance or qualifying as a self insured. The proof of election shall be the proof of insurance coverage provided for in KRS 342.340(2).*

[(1) Election to operate under this chapter shall be effected by the employer by filing with the board the following notice:

"(Name of employer) elects to operate under the workmen's compensation law (KRS chapter 342). This election is effective as of the day of ...."

(2) In addition each employer shall at the time of filing notice furnish the following information:

(a) Its location and address of chief office;

(b) Average number of employes during preceding twelve (12) months;

(c) Kind of business being conducted; and

(d) Method of securing payments of compensation to employes that the employer elects to adopt.

(3) The notice shall be in writing signed by the employer, if an individual, by any partner, if a partnership, or by the chief officer or agent within this state, if a corporation.

(4) The notice or a copy thereof certified by an authorized representative of the board may be used as evidence in any action by or against the employer in any court of this state of the facts therein shown and that the employer has elected to operate under this chapter.]

Section 9. KRS 342.395 is amended to read as follows:

*Where an employer is subject to this chapter* [In the event an employer elects to operate under this chapter], then every employe of such employer, as a part of his contract of hiring or who may be employed at the time of the acceptance of the provisions of this chapter by such employer, shall be deemed to have accepted all the provisions of this chapter and shall be bound thereby unless he shall have filed, prior to the injury or incurrence of occupational disease, written notice to the contrary with the employer; and such acceptance shall include all of the provisions of this chapter with respect to traumatic personal injury, silicosis and any other occupational disease. *However, before an employe's written notice of rejection shall be considered effective, the employer must file the employe's notice of rejection with the workmen's compensation board. The workmen's compensation board shall not give effect to any rejection of this chapter not voluntarily made by the employe. If an employe withdraws his rejection, the employer shall notify the workmen's compensation board.*

Until such notice to the contrary is so given to the employer, the measure of liability of such employer shall be determined according to the compensation provisions of this chapter. Any such employe, may, without prejudice to any existing right or claim, withdraw his election to reject this chapter by filing with the employer a written notice of withdrawal, stating the date when the withdrawal is to become effective. Following the filing of such notice, the status of the party withdrawing shall become the same as if the former election to reject this chapter had not been made, except that withdrawal shall not be effective as to any injury sustained or disease incurred less than one (1) week after the notice is filed.

Section 10. KRS 342.480 is amended to read as follows:

(1) All taxes and assessments imposed by KRS 342.450 and 342.475 shall be paid into the State Treasury and shall be credited to a maintenance fund for the board. The maintenance fund shall be used for ordinary recurring expenses of operation including the Division of Occupational Safety and Health and for *any other purpose allowed by statute* [no other purpose] and shall be expended by the board under the supervision of the Commissioner of Labor and by allotments made by the budgetary officer of the executive department for finance and administration. The fund shall not lapse at the end of any fiscal year.

(2) At such intervals as may be determined by the board, the director may compile and publish for distribution all or any part of its official proceedings, and may charge a subscription fee sufficient to defray the expenses of such operation.

*(3) If the commissioner of the executive department for finance and administration finds that there are insufficient funds in the maintenance fund to meet the needs and obligations of the division of occupational safety and health or the uninsured employers' fund, he shall advise the commissioner of revenue in writing of such fact. The commissioner of revenue shall then levy additional assessments against all insurance companies writing workmen's compensation insurance in Kentucky, including every employer carrying his own risk.*

*(4) The amount of each insurance company's assessment shall be in the proportion that each company's annual workmen's compensation premium writings in Kentucky bears to the total of all annual workmen's compensation premiums written in Kentucky. Such assessment will be based upon information contained in the insurance company's last filed annual statement with the department of insurance. Such assessments against every employer carrying his own risk will be based upon that proportion which the "adjusted cost" of such own risk carrier bears to the total "adjusted cost" of all such own risk carriers. "Adjusted cost" reports filed with the department of revenue in accordance with KRS 342.475 will be the basis of such determination. Such additional assessment against insurance companies and employers carrying their own risk shall be apportioned between the two classes as the total of premiums and the total "adjusted cost" each bears to the combined total.*

Section 11. KRS 342.730 is amended to read as follows:

(1) Income benefits for disability shall be paid to the employe as follows, subject to the maximum and minimum limits specified in KRS 342.740:

(a) For total disability, 55 per cent of *the state average weekly wage* [his] average weekly wage during such disability, and two and one-half per cent of *such* [his] average weekly wage for each dependent up to a maximum of three *but not to exceed the claimant's average weekly wage.*

(b) In all other cases of permanent partial disability, including any disfigurement which will impair the future usefulness or occupational opportunities of the injured employe, or employe disabled by an occupational disease, compensation shall be determined according to the percentage of disability, taking into account, among other things, any previous disability, the nature of the physical injury or disfigurement, the occupation of the injured employe and age at the time of injury or at the time the disability from an occupational disease began. The compensation paid therefor shall be 55 per cent of the *state average weekly wage as computed under KRS 342.740(2)* [average weekly earnings of the employe] at the time of his injury and two and one-half per cent of *such state* [his] average weekly wage at the time of injury for each dependent up to a maximum of three, [subject to the limitations contained in KRS 342.740,] multiplied by the percentage of disability caused by the injury or occupational disease, *but not to exceed the employe's benefits for total disability under KRS 342.730(a)*; provided, however, the individual entitled to benefits under permanent partial disability shall be entitled to compensation based on lost wages or body functional disability benefits, whichever is greater.

(c) For total permanent bodily loss or losses herein scheduled, after and in addition to the income benefits payable during the period of recovery, scheduled income benefits in the amount of 55 per cent of the average weekly wage as follows:

| BODILY LOSS | WEEKS OF DISABILITY |
|---|---|
| 1. Arm | 340 |
| 2. Leg | 340 |
| 3. Hand | 312 |
| 4. Foot | 216 |
| 5. Thumb | 86 |
| 6. Index Finger | 54 |
| 7. Middle Finger | 43 |
| 8. Ring Finger | 22 |
| 9. Little Finger | 16 |
| 10. Great Toe | 30 |
| 11. Second Toe | 20 |
| 12. Third Toe | 15 |
| 13. Fourth Toe | 8 |
| 14. Fifth Toe | 5 |
| 15. Total loss of binaural hearing | 156 |
| 16. Total loss of vision of one eye | 150 |
| 17. Total loss of bilateral vision | 520 |
| 18. Total loss, or total loss of use, of both hands, both arms, both feet or both legs | 520 |

19. Phalanges: For loss of distal phalanx, one-half of the income benefits for loss of the entire digit. For loss of more than the distal phalanx of a digit, the same as loss of the entire digit.

20. Two or more digits: For loss of two or more digits, or one or more phalanges of two or more digits, of a hand or foot, scheduled income benefits may be proportioned to the loss of use of the hand or foot occasioned thereby, but shall not exceed the scheduled income benefits for loss of a hand or foot.

21. Total loss of use: Scheduled income benefits for permanent total loss of use of a member shall be the same as for loss of the member.

22. Partial loss or partial loss of use: Scheduled income benefits for permanent partial loss of use of a member shall be for a period proportionate to the period benefits are payable for total loss or total loss of use of the member as such partial loss bears to total loss.

23. Loss of hearing or partial loss of bilateral vision: Scheduled income benefits for partial loss of vision in one or both eyes, or total loss of hearing in one ear, or partial loss of hearing in one or both ears shall be

for a period proportionate to the period benefits are payable for total bilateral loss of vision or total binaural loss of hearing as such partial loss bears to total loss. The provisions of paragraphs (d) to (h) of subsection (2) of this section shall apply to scheduled losses of hearing.

24. In any case in which there shall be a loss or loss of use of more than one member or parts of more than one member set forth in subparagraphs 1. to 23. of this subsection, scheduled income benefits shall be for the loss of use of each such member or part thereof, with the periods of benefits to run consecutively.

25. Other losses: Proper and equitable scheduled income benefits shall be paid for serious permanent disfigurement of face, head, neck or other area normally exposed and for loss or loss of function of a major member or organ when such disfigurement or loss is of a kind likely to handicap the employe in securing or holding employment.

26. In any case of total or partial loss of use of a member or organ, of hearing or vision, or in any case of disfigurement, determination of the period for which scheduled income benefits are payable shall not be made until the maximum of healing and of restoration function has been attained.

27. If the effects of any of the injuries, or disabilities, from occupational diseases, or losses, mentioned in this section adversely affect a workman's ability to labor, or limit his occupational opportunities to obtain the kind of work he is customarily able to do; his compensation benefits shall not be limited to the amounts provided by this section, and he shall be awarded compensation benefits under some other applicable or appropriate section of this chapter which would provide more compensation benefits for his disability.

(2) Occupational deafness means permanent partial or permanent total loss of hearing of one or both ears caused by prolonged exposure to harmful noise in employment. The following provisions shall apply exclusively to loss of hearing compensable under this subsection:

(a) No claim for scheduled income benefits shall be heard until the lapse of six full consecutive calendar months after the termination of exposure to harmful noise in employment. The time limitation for the filing of claims for occupational deafness shall not begin to run earlier than the day following the termination date of such six months' period. The time for filing claim as provided under this paragraph shall be applicable not only in respect of the last employer, but also in respect of any prior employer who may have liability to pay compensation for the occupational deafness.

(b) No employer shall be liable for the payment of scheduled income benefits for occupational deafness unless the employe claiming benefits shall have worked for such employer in employment exposing the employe to harmful noise for a total period of at least 90 days.

(c) An employer, otherwise liable under this subsection, whose employment has contributed to any extent to an employe's occupational deafness shall be liable for the full extent of the deafness of the employe, unless such employer shall establish by competent evidence (including the results of a professionally controlled hearing test) the extent of the employe's deafness as it existed prior to exposure to harmful noise in the employer's employment. Upon such showing the employer shall be liable to the employe only for the proportion of the deafness attributable to employment by him. An employer liable to the employe for the full extent of the employe's occupational deafness may implead, in a compensation proceeding on the employe's claim, any prior employer or employers in whose employment the employe had been exposed to harmful noise, and if it should be found that the impleaded employer would have been liable to the employe under this subsection, had the employe proceeded against him, under the claim being adjudicated, the employer held liable shall be entitled to an award against the impleaded employer. The impleading of an employer shall be accomplished by notice on a form prescribed by the board. Such notice shall be sent to the impleaded employer and to the board. An award may be made in favor of the employer liable to the employe, and against the impleaded employer or employers, which award may be enforced in the same manner as awards to employes. The impleaded employer or employers shall bear equal shares with the employer of the employer's liability to the employe, unless the evidence warrants a different apportionment.

(d) Losses of hearing due to industrial noise for compensation purposes shall be confined to the frequencies of 500, 1,000, and 2,000 cycles per second. Loss of hearing ability for frequency tones above 2,000 cycles per second are not to be considered as constituting disability for hearing.

(e) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average, in decibels, of the thresholds of hearing for the frequencies of 500, 1,000, and 2,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 15 decibels or less in the three frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 82 decibels or more in the three frequencies, then the same shall constitute and be a total or 100 percent compensable hearing loss.

(f) In measuring hearing impairment, the lowest measured losses in each of the three frequencies shall be added together and divided by three to determine the average decibel loss. For every decibel of loss exceeding 15 decibels an allowance of one and one-half percent shall be made up to the maximum of 100 percent which is reached at 82 decibels.

(g) In determining the binaural percentage of loss, the percentage of impairment in the better ear shall be multiplied by five. The resulting figure shall be added to the percentage of impairment in the poorer ear and the sum of the two divided by six. The final percentage shall represent the binaural hearing impairment.

(h) Before determining the percentage of hearing impairment, in order to allow for the average amount of hearing loss from non-occupational causes found in the population at any given age, there shall be deducted from the total average decibel loss, one-half decibel for each year of the employe's age over 40 at the time of last exposure to industrial noise.

(i) No consideration shall be given to the question of whether or not the ability of an employe to understand speech is improved by the use of a hearing aid.

(3) The period of any scheduled income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if scheduled income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the scheduled income benefits payable on account of the subsequent disability in whole or in part would duplicate the scheduled income benefits payable on account of the pre-existing disability.

*(4) When an employe, who has sustained disability compensable under KRS 342.730 and who has filed or could have but for his death filed a valid claim in his lifetime, dies from causes other than the injury or occupational disease, the income benefits specified under an award made before or after his death shall be paid to the same persons and in the same proportions and upon the same conditions, as persons entitled to income benefits under KRS 342.750. Provided, however, such income benefits for total or partial permanent disability shall be paid only during the life expectancy of the employe at the time of his injury based upon the life expenctancy tables approved by the board but not exceeding the dependency under KRS 342.750. Where the beneficiary is entitled to file a claim under this subsection, in no case shall the time for filing exceed the original time for filing of a valid claim by the deceased employe had he lived.*

[(4) When an employe, who has sustained disability compensable under this section, and who has filed a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after such death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of 18 or incapable of self-support; or

(b) If there are both such a widow or widower and such a child or children one-half to such widow or widower and the other half to such child or children; or

(c) If there is no such widow or widower but such a child or children, then to such child or children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750 or to both, in such proportions as the board may provide by regulation.]

Section 12. KRS 342.760 is amended to read as follows:

(1) There is hereby authorized in the state treasury an uninsured employers' fund for the purpose of making payments in accordance with the provisions of subsection (4) of this section. [The fund shall be administered by the board.] The state treasurer shall be the custodian of the fund and all moneys and securities in the fund shall be held in trust by the state treasurer and shall not be considered a part of the general funds of the state.

(2) The state treasurer is authorized to disburse moneys from the fund only upon written order of the board.

(3) All amounts collected as fines and penalties under this chapter shall be paid into the uninsured employers' fund. There shall initially be transferred to the fund from the maintenance fund beginning January 1, 1973, the sum of $100,000.

(4) Upon the action taken in subsection (3) the uninsured employers' fund will become operative, compensation thereafter shall be paid from it when there has been default in the payment of compensation due to the failure of an employer to secure payment of compensation as provided by this chapter. Such employer shall be liable for payment into the fund of the amounts authorized to be paid therefrom under the authority of this subsection and for the purposes of enforcing this liability the board, for the benefit of the fund, shall be subrogated to all the rights of the person receiving such compensation.

(5) [The board shall be charged with the conservation of the assets of the fund.] In furtherance of this purpose, the attorney general shall appoint a member or members of his staff or special counsel to represent the fund in all proceedings brought to enforce claims against or on behalf of the fund. Necessary expenses for this purpose including salaries of said staff or special counsel shall be borne by the fund. *The attorney general's office shall be responsible for the administration of the uninsured employers' fund and shall be charged with the conservation of the assets of the fund.*

(6) If at any time the charges against the uninsured employers' fund exceed the assets of said fund, the board, with approval of the commissioner of the executive department for finance and administration *and commissioner of labor*, may transfer sufficient moneys from the maintenance fund to the uninsured employers' fund in order to honor claims filed against said uninsured employers' fund *and to provide for the administration of the fund.*

SECTION 13. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:
This Act, and the other sections of KRS Chapter 342, shall be effective on July 1, 1976; provided, however that in the event the Federal Coal Mine Health and Safety Act provides that claims covered by the provisions of KRS Chapter 342 may also be filed with a federal agency, then, in that event, the increase in benefits provided by Chapter 78, 1972 Acts shall not apply to any individual claim under KRS Chapter 342, if benefits are awarded to and are received by that particular claimant under such federal law. The benefits under the law in effect prior to the effective date of Chapter 78, 1972 Acts shall apply to that claim.

Section 14. KRS 342.330 and Section 37, Chapter 78, 1972 Acts of the General Assembly are repealed.

Page 2, after line 8, by adding:

"Section 2. KRS 157.200 is amended to read as follows:

(1) "Exceptional children" means *persons under twenty-one (21) years of age* [children] who differ in one or more respects from average or normal children in physical, mental, *learning,* emotion or social characteristics and abilities to such a degree that *they need special educational programs or services for them to benefit maximally from the regular or usual facilities or educational programs* [it is impractical or impossible for them to benefit from, or participate in, the regular or usual facilities or classroom programs] of the public schools in the districts in which they reside*; or, those children who, because of their intellectual or creative abilities or potentialities, require special educational programs or services.* [These children's educational needs require a modification of the usual classroom program in order for them to obtain the maximum of their abilities and capabilities.] These children include, but are not limited to, those children hereafter described in this section as well as the neurologically impaired, visually impaired, hearing impaired, [the emotionally disturbed,] *and* the retarded [children with learning disabilities, communications disorders and those children who are multiple handicapped]. *The Department of Education, through regulations endorsed by the State Board of Education, shall interpret the statutory definitions of exceptionality. Exceptionality denotes a uniqueness among Kentucky school aged children that will not apply to more than twelve percent (12%) of Kentucky's school children during any school year. An exceptionality is any trait so defined in KRS 157.200 or stipulated in the regulations of the State Department of Education. Requirements of average daily attendance for exceptional classes will be regulated by statute, or in the absence of such direction by departmental regulations endorsed by the State Board of Education. Categories of exceptionalities included within, but not limited by, this definition are as follows:*

*(a)* [(2)] "Physically handicapped children" means children who suffer from any physical disability making it impracticable or impossible for them to benefit from or participate *on a full-time basis* in the normal classroom program of the public schools in the school district in which they reside and whose intellectual development is such that they are capable of being educated through a modified educational program*;* [.]

*(b)* [(3)] *"Children with communication disorders" means those children who evidence disorders in hearing, language, or speech;* ["Speech defective children" means children whose speech has been diagnosed by a speech correctionist as deviating or differing from average or normal speech to the extent of hindering adequate communication and requiring specialized instruction for improvement or correction of the handicap.]

*(c)* [(4)] "Educable mentally handicapped children" means children who because of retarded intellectual development, as determined by recognized standardized tests, are incapable of being educated profitably and efficiently through ordinary classroom instruction but whose intellectual ability would indicate a degree of scholastic attainment with the benefit of special educational methods, materials, and facilities*;* [.]

*(d)* [(5)] "Trainable mentally handicapped children" are mentally handicapped children who, because of retarded intellectual development, are incapable of being educated properly and efficiently through ordinary classroom instruction or special education facilities for educable mentally handicapped children, but who may be expected to benefit from training in a group setting designed to further their social adjustment and economic usefulness*;* [.]

[(6) "Exceptional children" means all persons under twenty-one (21) years of age as herein defined.]

[(7) "Special educational facilities" means special schools, special classes, and special instruction. All special education facilities shall be under the supervision of the superintendent of public instruction.]

*(e)* [(8)] "Children with learning disabilities" are those children who have a disorder in one or more of the basic psychological processes involved in understanding or using language, spoken or written, which disorder may manifest itself in imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations. Such disorders include such conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. Such term does not include children who have learning problems which are primarily the result of visual, hearing, or motor handicaps, of mental retardation, of emotional disturbance, or of environmental disadvantage. *The uniqueness of these disorders should allow no more than three percent (3%) of Kentucky's school children to be so classified;*

*(f) "Emotionally disturbed children" means those children who exhibit a variety of excessive, chronic, deviant, inappropriate, persistent behaviors ranging from impulsive and aggressive to depressive and withdrawal acts which cause the child's placement to be detrimental to his educational progress, dangerous to his health or safety, or disruptive to the program for other children;*

*(g) "Multiple handicapped children" are those children who have a combination of two or more moderate to profound handicaps which produce serious learning, developmental, or behavioral-emotional programs. These handicaps prohibit or seriously limit progress in a regular or special education program designed to accommodate children with a single handicap;*

*(h) "Intellectually gifted or talented children" means children who possess demonstrated abilities or measured potential that provides evidence of high performance capability in areas such as intellectual or creative ability who need special education services in order to realize these potentialities.*

*(2) "Special educational facilities" means special schools, special classes, and special instruction.*

*(3)* [(9)] "Related services" means those educational services for the exceptional child and his family that ordinarily cannot be delivered through the public educational system.

[(10 "Multiple handicapped" includes children whose known or diagnosed handicaps are determined to be any combination of this section, whose needs demand the provision of special facilities, equipment or methods to make their educational program effective.]

Section 3. KRS 157.221 is amended to read as follows:

(1) The State Board of Education shall create a "Bureau of Education for Exceptional Children" in the State Department of Education, separate from any other existing Bureau, to supervise and direct a State program for Exceptional Children of this Commonwealth.

(2) The State Board of Education shall establish appropriate Divisions within the Bureau of Education for Exceptional Children. These Divisions shall include, but not be limited to, the following *five (5)* [six (6)] Divisions: Learning Disabilities, Communication Disorders, Mental Retardation, Physically Handicapped, [ Intellectually Gifted,] and Emotionally Disturbed.

(3) It shall be the duty of this Bureau to recommend rules and regulations for adoption by the State Board of Education, and generally carry out the program provided for in KRS 157.200 to 157.305, KRS 157.360, and KRS 167.210 to 167.240.

(4) This Bureau shall have an Assistant Superintendent of Public Instruction and necessary assistants appointed by the Superintendent of Public Instruction. No person shall be employed as Assistant Superintendent of Public Instruction of the Bureau of Education for Exceptional Children who does not hold a Master's degree in education, with emphasis in one or more areas of exceptionality. The Assistant Superintendent shall have had successful supervisory experience in the education of exceptional children. No person shall be employed as a Director within the Bureau of Education for Exceptional Children who has not had thirty or more semester hours of graduate work, at least twenty hours of which shall have been in the education of one or more areas of exceptionality. The Director shall have had successful teaching or supervisory experience in the education of exceptional children.

Section 4. KRS 157.224 is amended to read as follows:

*(1) The Commonwealth of Kentucky is committed to providing a comprehensive educational program for its exceptional school age children. The Bureau of Exceptional Children, through KRS 157.221, co-ordinates, directs, and monitors that program. State direction and implementation of a statewide exceptional education program is manifested in the biennial appropriation of funds to finance a particular number of such class room units. The rate at which new exceptional units are funded indicates the state's ability to assure a quality educational opportunity for appropriate students in existing, locally operated, exceptional class units.*

*(2) All* [By July 1, 1974, all] county and independent boards of education shall operate special education programs to the extent required by, and pursuant to, a plan which has been approved by the state board of education [after consideration of the recommendations from the state task force and the human resources coordinating commission and council]. If any county or independent board of education *fails* [has failed] to operate and implement special education programs in accordance with *an* [the] aforesaid plan [s], the application of said county or independent board of education for minimum foundation payments may be considered insufficient."

Section 1. KRS 138.460 is amended to read as follows:

(1) On and after July 1, 1972 a tax levied upon its retail price at the rate of five percent shall be paid on the use in this state of every motor vehicle, except those exempted by KRS 138.470, at the time and in the manner provided in this section. In the case of trucks of gross weight in excess of ten thousand pounds (10,000 lbs.) the tax shall be levied upon ninety percent of the retail price of the vehicle.

(2) The tax shall be collected by the county court clerk or other officer with whom the vehicle is required to be registered:

(a) When he collects the registration fee for registering and licensing a motor vehicle the first time it is offered for registration in this state,

(4) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, or transfer the ownership of any motor vehicle previously registered in this state, unless the owner or his agent pays the tax levied under this section in addition to the transfer, registration and license fees.

(5) When a resident of this state offers a motor vehicle for registration for the first time in this state which was registered in another state that levied a tax substantially identical to the tax levied under this section, such person shall be entitled to receive a credit against the tax imposed by this section equal to the amount of tax paid to the other state. No credit shall be given under this subsection for taxes paid in another state if that state does not grant similar credit for substantially identical taxes paid in this state.

(6) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, unless the seller or his agent delivers to the county clerk or other officer a certified or photostat copy of the manufacturer's price label for passenger cars or a certified or photostat copy of the itemized billing to the

(3) License plates issued pursuant to KRS 186.050(1) shall be fully treated with a reflective material which shall provide effective and dependable reflective brightness during the service period required of the license plate issued to reduce road accidents and improve the visibility and legibility after dark. The bill of sale *or assigned title* must be in the motor vehicle during this five-day period. If the owner of a motor vehicle is an individual and resides in the commonwealth, the motor vehicle shall be registered with the county clerk of the county in which he resides. If the owner of a motor vehicle does not reside in the commonwealth, the motor vehicle shall be registered with the county clerk of the county in which the motor vehicle is principally operated. The application when presented to the county clerk for registration shall be accompanied by:

Section 8. KRS 186.130 is amended to read as follows:

(1) If any person becomes the owner of a motor vehicle *required to be registered under KRS 186.050(2)* [other than a commercial vehicle] after January 1 of any year, and for that reason registers for only part of a year, the registration fee shall be as many twelfths of the annual fee as there are unexpired months in the calendar year.

The department shall have placed on said insignia either figures, letters, writing, marks or a combination thereof, which indicate that the motor vehicle has been registered and which in conjunction with the records of the department make identity of the registrant readily ascertainable.

[(2) Except as otherwise provided for commercial vehicles, trailers, semitrailers and house trailers, the registration year shall be from January 1 to December 31; however, registration plates for the succeeding year may be displayed beginning December 29. SECTION 20. KRS CHAPTER 186A IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

This chapter shall be known and may be cited as the Automated Motor Vehicle Registration Code.

SECTION 21. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) It is the intention of the general assembly that an automated motor vehicle and trailer registration system be developed and that pilot projects be instituted in selected counties, subject to the agreement of the county clerk of a selected county. The counties in which pilot projects shall be instituted shall be selected by the secretary of the department of transportation in consultation with the departments of revenue and justice. The automated motor vehicle and trailer registration system shall be designed to enable Kentucky's county clerks to produce motor vehicle and trailer certificates of registration in their offices, and certificates of title in Frankfort, by automated means utilizing telecommunication terminals and associated devices supplied by the commonwealth, to inhibit registration and transfer of stolen motor vehicles or trailers, to improve the capability of detecting and recovering such vehicles, to ensure development of a common vehicle information data base to improve efficiency in auditing motor vehicle usage tax and license fee collections, to provide information to the traffic record system, and to provide improved security interest protection to potential creditors throughout Kentucky while simultaneously reducing the number of forms that must be processed and stored each year in Kentucky.

(2) The department of transportation is hereby directed to develop an automated motor vehicle and trailer registration system design, having, as a minimum, the capabilities or functions described in this Act, and to acquire and assure the installation of such equipment or services as are necessary to enable the system as described in this Act to be tested in selected counties.

(3) The department of transportation is directed to ensure that the system developed will produce the necessary reports in such manner and at such times as the departments of revenue and justice request, to enable these departments to audit the taxes and fees collected by the county clerk in connection with the registration of a motor vehicle or trailer required to be registered in this state, and that the system produces such other information as the department of justice may reasonably require in connection with the registration of a motor vehicle or trailer, in carrying out the duties of that department as they relate to the regulation of motor vehicles or a traffic records system.

(4) The departments of revenue and justice are hereby directed to cooperate with the department of transportation for purposes of assuring orderly implementation of this Act.

SECTION 22. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) The department of transportation shall have any and all necessary power and authority, subject to appropriate provision of the statutes, to promulgate regulations and institute such programs as are reasonably necessary to carry out the provisions of this chapter.

The operator or person having or assuming authority of the operator, or ownership of the vehicle, shall give the occupant of the vehicle, or person struck, if requested, the registration number of the vehicle, if any, and also the names and addresses of the owner, the occupants and operator. The total names need not exceed five in number.

(2) *The operator of any vehicle which collides with or is involved in an accident with any vehicle or other property which is unattended resulting in any damage to such other vehicle or property shall immediately stop and shall then and there either locate and notify the operator or owner of such vehicle or other property of his name, address and the registration number of the vehicle he is driving or shall attach securely in a conspicuous place in or on such vehicle or other property a written notice giving his name, address and the registration number of the vehicle he is driving, or shall file a report with the local police department.*

*(3)* [(2)] The operator of a vehicle involved in an accident *in subsection (1) or (2) above* resulting in injury to or death of any person or in which total property damage of two hundred dollars ($200) or more is

sustained shall, within *twenty (20)* [ten (10)] days, report the matter in writing to the department of transportation.

*(4)* [(3)] Whenever the operator of a vehicle is physically incapable of making a required accident report and there was another occupant in the vehicle at the time of the accident who is capable of making a report, that occupant shall make the report or cause it to be made.

*(5)* [(4)] The State Police may require the operator to file supplemental reports whenever the original report required by subsection *(3)* [(2)], is, in its opinion, insufficient. It may also require witnesses of accidents to render reports to the State Police.

Section 24. For the purposes of this Act there is hereby appropriated to the department of transportation in addition to the appropriations made by law out of the general fund in the state treasury the sum of $150,000 for the fiscal year 1976-77 and the sum of $150,000 for the fiscal year 1977-78.

Notwithstanding the provisions of this chapter, the department shall by January 1, 1978, establish a year-round system for the registration of vehicles under the provisions of KRS 186.050(1). The system shall be designed so as to distribute the work load as uniformly as practicable within the various offices of the county court clerks, as well as the department, on a year-round basis. In implementing a year-round registration system, the department may establish separate and distinct registration years. Each registration year so designated shall begin on the first day of a calendar month and expire on the last day of the last calendar month in a registration period. Registration periods may be designated to include less than twelve (12) consecutive calendar months and registration fees shall be computed at a rate of one-twelfth of the appropriate annual registration fee per month in each registration period. "SECTION 9. A NEW SECTION OF KRS CHAPTER 94 IS CREATED TO READ AS FOLLOWS:

(1) It is hereby found and declared that there now exists in urban counties in this commonwealth a lack of parking space for automobiles in main business and professional areas including but not limited to those areas commonly referred to as "downtown". It is further found that persons commonly referred to as "shoppers", are induced to transact business in areas providing free parking facilities for reasonable lengths of time. It is further found that many "downtown" or main business areas have deteriorated as a consequence of inadequate or too costly parking facilities and that the tax base has often decreased while the need for governmental services, such as police, fire, and accident protection and street maintenance has often increased all to the detriment of the entire community.

(2) It is hereby declared that it is the policy of this commonwealth to protect and promote the safety, comfort, convenience, and welfare of the people of the commonwealth and particularly of the communities in which there exists inadequate or too costly parking in "downtown" or main business areas and in which the tax base is decreasing or is threatened. It is further declared that adequate and reasonably priced parking facilities promote the safety, comfort, convenience and welfare of the people living and working in all sections of any community but that the greatest benefit falls upon property owners, businesses, and professional persons owning property or offering their goods and services in close proximity to such parking facilities.

SECTION 10. A NEW SECTION OF KRS CHAPTER 94 IS CREATED TO READ AS FOLLOWS:

As used in this Chapter unless the context requires otherwise:

(1) "Authority" means a local parking authority as created by this Act.

(2) "Commissioner" means a person appointed to serve on the governing body of a local parking authority.

(3) "District" means an area designated by the ordinance creating, under the supervision of the local parking authority, a local parking district that is deemed to be specially benefited.

(4) "Subdistrict" means a part of a district having a different degree of benefit from the remainder of the district.

(5) "Local legislative body" means the governing body of any urban county government whether it be designated as a city commission, city council or any other similar designation.

(6) "Project" means any undertaking within or near a local parking district.

SECTION 11. A NEW SECTION OF KRS CHAPTER 94 IS CREATED TO READ AS FOLLOWS:

The local legislative body of any county governed under urban-county statutes may, by resolution, create and establish an agency to be known by the name of the largest city in such county and the name of the county itself, separated by the word "and" and the words "parking authority". That agency shall exist for each urban-county government with the powers, duties, and functions as hereinafter provided.

SECTION 12. A NEW SECTION OF KRS CHAPTER 94 IS CREATED TO READ AS FOLLOWS:

(1) Upon adoption of the resolution creating a parking authority as set out in Section 3 of this Act, the mayor shall within three (3) days appoint, with the approval of a majority of the legislative body, five (5) residents of the urban-county area as commissioners of the local parking authority.

(2) Three (3) of the commissioners who are first appointed shall be designated to serve for terms of one (1), two (2), and three (3) years, respectively, and the remaining two (2) of such commissioners shall be designated to serve for four (4) years each, from the date of their appointment. A commissioner shall hold office until his successor has been appointed and qualified. Thereafter all commissioners shall serve four (4) year terms.

(a) Describe the outside boundaries of the proposed local parking district giving due consideration to benefit rendered to each parcel or tract of real estate so included.

Once such changes are made, the legislative body may create by ordinance the existence of a local parking district incorporating into the ordinance any amendments.

(2) Neither the members of the board of commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority shall so state on their face that such bonds and obligations issued under this section shall not be a debt of the urban county government, state or any political subdivision thereof, within the meaning of any constitutional or statutory debt limitation or restriction and neither the urban county government, state nor any political subdivision thereof shall be liable thereon, nor, in any event, shall such bonds or obligations be payable out of any funds or properties other than those of said authority, except as provided by contract.

Any provision of any law to the contrary notwithstanding, any bonds, coupons, notes or other obligations issued pursuant to this Chapter shall be fully negotiable except as limited by their terms.

(d) To covenant as to the bonds to be issued and as to the issuance of such bonds in escrow or otherwise, and as to the use and disposition of the proceeds thereof; to provide for the replacement of lost, destroyed or mutilated bonds, to covenant against extending the time for the payment of its bonds or interest thereon; and to redeem the bonds, and to covenant for their redemption and to provide the terms and conditions thereof;

**HB 168,** AN ACT relating to elementary and secondary education.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 157A.090 is amended to read as follows:

(1) In determining the cost of the public common school foundation program for each district, the superintendent of public instruction shall determine the average cost per pupil per day of transporting pupils in districts having a similar density of transported pupils per square mile of area served by not less than nine different density groups.

(2) The annual cost of transportation shall include all current costs for each district plus annual depreciation of pupil transportation vehicles calculated in accordance with the regulations of the state board of education for such districts that operate district-owned vehicles.

(3) The aggregate and average daily attendance of transported pupils shall include all public common school pupils transported at public expense who live one mile or more from school, provided that handicapped pupils may be included who live less than this distance from school. The aggregate and average daily attendance referred to in this subsection shall be the aggregate and average daily attendance of transported pupils the prior year adjusted for current year increases in accordance with state board of education regulations.

(4) The state board of education, by regulation, shall determine the type of handicapped pupil that qualifies for special transportation to and from school. Those qualified pupils for which the district provides special transportation shall have their aggregate days attendance multiplied by 5.0 and added to that part of the district's aggregate days attendance that is multiplied by the district's adjusted cost per pupil per day in determining the district's pupil transportation program cost for allotment purposes.

(5) The square miles of area served by transportation shall be determined by subtracting from the total area in square miles of the district the area not served by transportation, determined in accordance with the regulations of the state board of education provided that if one district authorizes another district to provide transportation for a part of its area, such area served shall be deducted from the area served by that district and added to the area served by the district providing the transportation.

(6) The density of transported pupils per square mile of area served for each district shall be determined by dividing the average daily attendance of transported pupils by the number of square miles of area served by transportation.

(7) The superintendent of public instruction shall determine the average cost per pupil per day of transporting pupils in districts having a similar density by constructing a smoothed graph of cost for all density groups as provided in subsection (1) of this section. This graph shall be used to construct a scale showing the average costs of transportation for districts having a similar density of transported pupils. Such

costs shall be determined separately for county school districts and independent school districts, provided that no independent school district will receive an average cost per pupil per day in excess of the minimum received by any county district or districts. These costs shall be the costs per pupil per day of transported pupils included in the foundation program and such costs shall be recalculated each year.

*(8) In constructing the smoothed graph required in subsection (7) of this section, this smoothed graph shall be extended indefinitely as a straight line at the same cost level per pupil per day from that point at the bottom of the graph indicated by the density group with the lowest cost per pupil per day.*

*(9) For transportation allotment purposes, those districts with a higher density and higher cost per pupil per day than the density group with the lowest cost per pupil per day shall not receive a transportation allotment cost higher than that indicated by the straight line part of the graph.*

*(10)* [(8)] The cost of transporting a district's pupils from the parent school to a state vocational-technical school or to a vocational education center shall be calculated separately from the calculation required by subsections (1) through *(10)* [(8)] of this section. The amount calculated shall be paid separately to each district from public common school foundation program funds budgeted for vocational pupil transportation, as a reimbursement based on the district's cost for providing this service. The amount of reimbursement shall be calculated in accordance with state board of education regulations. In the event that the appropriation for vocational pupil transportation in the biennial budget is insufficient to meet the total calculated cost of this service for all districts, the amount paid to each district shall be ratably reduced. For the purpose of this subsection, the parent school shall be interpreted to mean that school in which the pupil is officially enrolled in a district's public common school system.

Section 2. KRS 157.370 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall determine the average cost per pupil per day of transporting pupils in districts having a similar density of transported pupils per square mile of area served by not less than nine different density groups.

(2) The annual cost of transportation shall include all current costs for each district plus annual depreciation of pupil transportation vehicles calculated in accordance with the regulations of the state board of education for such districts that operate district-owned vehicles.

(3) The aggregate and average daily attendance of transported pupils shall include all public school pupils transported at public expense who live one mile or more from school, provided that handicapped children may be included who live less than this distance from school. The aggregate and average daily attendance referred to in this subsection shall be the aggregate and average daily attendance of transported pupils the prior year adjusted for current year increases in accordance with state board of education regulations.

(4) The square miles of area served by transportation shall be determined by subtracting from the total area in square miles of the district the area not served by transportation, determined in accordance with the regulations of the state board of education provided that if one district authorizes another district to provide transportation for a part of its area, such area served shall be deducted from the area served by that district and added to the area served by the district providing the transportation.

(5) The density of transported pupils per square mile of area served for each district shall be determined by dividing the average daily attendance of transported pupils by the number of square miles of area served by transportation.

(6) The superintendent of public instruction shall determine the average cost per pupil per day of transporting pupils in districts having a similar density by constructing a smoothed graph of cost for all density groups as provided in subsection (1). This graph shall be used to construct a scale showing the average costs of transportation for districts having a similar density of transported pupils. Such costs shall be determined separately for county school districts and independent school districts, provided that no independent school district will receive an average cost per pupil per day in excess of the minimum received by any county district or districts. These costs shall be the costs per pupil per day of transported pupils included in the foundation program and such costs shall be recalculated each biennium.

(7) The scale of transportation costs included in the foundation program for county and independent districts is determined in accordance with the provisions of KRS 157.310 to 157.440 for the biennium beginning July 1, 1960.

*(8) In constructing the smoothed graph required in subsection (6) of this section, this smoothed graph shall be extended indefinitely as a straight line at the same cost level per pupil per day from that point at the bottom of the graph indicated by the density group with the lowest cost per pupil per day.*

*(9) For transportation allotment purposes, those districts with a higher density and higher cost per pupil per day than the density group with the lowest cost per pupil per day shall not receive a transportation allotment cost higher than that indicated by the straight line part of the graph.*

*(10)* [(8)] The cost of transporting a district's pupils from the parent school to a state vocational-technical school or to a vocational educational center shall be calculated separately from the calculation required by sections (1) through *(9)* [(7)] of this section. The amount calculated shall be paid separately to each district from minimum foundation program funds budgeted for vocational pupil transportation, as a reimbursement based on the district's cost for providing this service. The amount of reimbursement shall be calculated in accordance with state board of education regulations. In the event that the appropriation for vocational pupil transportation in the biennial budget is insufficient to meet the total calculated cost of this service for all districts, the amount paid to each district shall be ratably reduced. For the purpose of this subsection, the parent school shall be interpreted to mean that school in which the pupil is officially enrolled in a district's public common school system.

*(11)* [(9)] The state board of education, by regulation, shall determine the type of handicapped pupil that qualifies for special type transportation to and from school. Those qualified pupils for which the district provides special type transportation shall have their aggregate days attendance multiplied by 5.0 and added to that part of the district's aggregate days attendance that is multiplied by the district's adjusted cost per pupil per day in determining the district's pupil transportation program cost for allotment purposes.

Section 3. KRS 158.110 is amended to read as follows:

*(1)* Boards of education *may provide* [shall furnish] transportation from their general funds or otherwise for *any* pupil [s] of *any* [elementary] grade *to the nearest school to said pupils residence within the district* who *does* [do] not *live* [reside] within *a* reasonable walking distance *to such nearest* [of the] school *of appropriate grade level* [provided for them, and any board of education may provide transportation from its general funds or otherwise for any pupil of any grade who does not live within a reasonable walking distance from the school provided for him. The boards of education shall adopt such rules and regulations as will insure the comfort, health and safety of the children who are transported, consistent with the rules and regulations of the state board of education dealing with the transportation of pupils.]

*(2) When space is not available at the nearest school, boards of education may provide transportation from their general funds or otherwise for any pupil of any grade who does not live within a reasonable walking distance to the nearest school of appropriate grade level where space is available.*

*(3) Public elementary and secondary schools shall not change their present grade level structure without written permission from the state board of education.*

*(4) The boards of education shall adopt such rules and regulations as will insure the comfort, health and safety of the children who are transported, consistent with the rules and regulations of the state board of education dealing with the transportation of pupils.*

## VETO MESSAGES

(Spread Upon the Register of the Secretary of State After Sine Die Adjournment)

**HB 37.** HB 37, if signed into law, would require state, municipal and county governments to make available, at the option of their respective employees, Health Maintenance Organization medical services. Such coverage would replace the employees' existing hospitalization and medical insurance.

The Bill is contradictory and confusing in that in one part it would appear that the HMO coverage is elective on the part of both the employee and the Commissioner of Finance, whereas other sections give the option to the employees only.

Federal regulations promulgated last fall will require an employer with twenty-five or more employees to give those employees the option of joining HMO with the employer contributing to the cost thereof not more than what he would be then contributing to health insurance coverage. However, the Federal regulations will apply only in a situation where HEW certifies a HMO and will require advance notice to the employer prior to the renewal date of the employer's applicable health insurance contract. Thus, it appears that the purpose of this Bill will be achieved in large part under this new Federal regulation.

Also, it is conceivable that HB 37 could result in increases in hospitalization insurance premiums and in some cases cancellation of such coverage if the number of employees in an employment unit retaining insurance coverage should fall below ten.

For the foregoing reasons, I hereby veto HB 37.

S/Julian M. Carroll
Governor

March 31, 1976

**HB 646.** HB 644, of the 1976 Regular Session of the General Assembly, addresses the same subject matter, that of anti-trust and monopolistic practices, in a more responsible manner in that: (a) a restraining order or injunction should not be issued in such cases without avowing no adequate remedy at law or irreparable injury; and (b) the exemptions from the law are more clearly defined in accordance with existing law on the subject. HB 644 also repeals the so-called general fair trade laws of Kentucky in accordance with recently enacted federal laws on the subject.

For the reasons stated above, I hereby veto HB 646.
